17	Al Louloua				
18	Lulu Central				
19	Oasis Mall				
20	Al Hanaki Business Centre				
21	Riyadh Avenue				

- 1.2 We were instructed to inspect the Properties internally, as well as externally.
- 1.3 Details of our inspections, including any limitation or restrictions, are set out in the individual property reports at Appendix 2.
- 1.4 In accordance with your instructions, we have relied upon areas provided by the Client. No further verification has been undertaken.

## **Engagement of Knight Frank Spain Saudi Arabia Real Estate Valuations Company**

- 1.5 In accordance with your instructions, we have relied upon areas provided by the Client. No further verification has been undertaken.
- 1.6 This valuation report (the "Valuation") has been prepared in accordance with our Terms of Engagement letter dated 5<sup>th</sup> of July 2022 and our General Terms of Business for Valuation Services (together the

"Agreement"). A copy of this document is attached at Appendix 1 (along with your original instruction for reference purposes).

1.7 This Valuation is subject to the scope of works as set out in the Valuations Assumptions, Definitions and General Comments section of this report.

#### Client

1.8 We have been instructed to prepare the Valuation by Al Rajhi Capital (the "Client").

#### Valuation standards

This valuation has been undertaken in accordance with the current editions of RICS Valuation - Global Standards, which incorporate the International Valuation Standards (the "Red Book") and Taqueem Standards. As required by the Red Book / IVS, some key matters relating to this instruction are set out below.

## Independence and expertise

#### Disclosure of any conflicts of interest

1.9 We confirm that we do not have any material connection or involvement giving rise to a conflict of interest and are in a position to provide an objective and unbiased valuation.

#### Valuer and expertise

- 1.10 The valuer, on behalf of Knight Frank Spain Saudi Arabia Real Estate Valuation Company with the responsibility for this report is Talal Raqaban, MRICS, RICS Registered Valuer and Fellow member of Taqeem. Parts of this valuation have been undertaken by additional valuers as listed on our file.
- 1.11 We confirm that the valuer and additional valuers meet the requirements of the Red Book / IVS and Taqeem Regulations, having sufficient current knowledge of the particular market and the skills and understanding to undertake the valuation competently.
- 1.12 We are appointed as your valuation advisors; our role is limited to providing property valuation services in accordance with the Red Book and the terms of this Agreement.
- 1.13 For the purposes of the Red Book, we are acting as External Valuer.
- 1.14 This report has been vetted as part of Knight Frank Spain Saudi Arabia Real Estate Valuation Company quality assurance procedures.

## **Use of this Valuation**

#### Purpose of valuation

1.15 This Valuation is provided for the purpose Financial Reporting under IFRS (the "Purpose") only and may not be used for any other purpose without our express written consent.

## Reliance

1.16 This Valuation has been prepared for the Client only. No other person is entitled to rely on the Valuation for any purpose. We accept no liability to anyone for any improper or unauthorised reliance on this Valuation.

# 2. Market Analysis

## Saudi Arabia Macroeconomic Overview

## 2.1 Key Findings

#### **GDP Growth**

After a year of contraction due to the pandemic, Saudi Arabia's economy resumed growth in 2021. In fact, Saudi Arabia's real GDP grew by 3.9% in 2021, compared to a 4.3% drop in 2020, when the pandemic slowed down most economic activities. In 2022, Saudi Arabia's GDP expanded even faster in both the oil and non-oil industries. According to full-year data from the General Authority for Statistics (GASTAT), the kingdom's economy surged 8.7% in 2022, accelerating sharply from the previous year. This growth was mostly driven by a 15.4% rise in oil activity in 2022, while the non-oil sector increased by 5.4% over the same year.

## Saudi Arabia

Saudi Arabia's PMI decreased on a monthly basis to 57.5 in November 2023, which is still above the 2022 full year average of 56.5% and represents the 39th month of expansion and business growth in the country's non-oil sector activity.

#### Saudi Arabia CPI

The Consumer Price Index (CPI) eased for the fifth straight month to 1.6% in October 2023. This marked the lowest reading since February 2022. The decline in the CPI was mostly due to slower price growth for housing and utilities (7.8% vs. 8.1% in September), education (0.8% vs. 1.8%), and restaurants and hotels (1.9% vs. 2.5%).

#### **Employment**

Saudi Arabia's total workforce was estimated at 10 million employees in 2022. Looking ahead, given the positive momentum created by the government's extraordinary response to COVID-19 and several economic reforms that have supported employment growth in a variety of industries. The Saudi labour force is expected to increase to 11.2 million by the end of 2030.

#### **Population**

Based on the Oxford Economics forecasts, the population of Saudi Arabia is expected to grow at a constant 2% annual growth rate from 2022 onwards, reaching 34.4 million in 2025. A large and growing population, albeit at a slower pace than previous years, will continue to drive demand for goods and services in the short to medium term. Despite a changing demographic profile entailing 3 times increase in the 60s age cohorts between 2022 and 2035, Saudi Arabia will remain amongst the youngest countries in the GCC.

### 2.2 Saudi Arabia GDP Growth, 2011 - 2025

After a year of contraction due to the pandemic, Saudi Arabia's economy resumed growth in 2021. In fact, Saudi Arabia's real GDP grew by 3.9% in 2021, compared to a 4.3% drop in 2020.

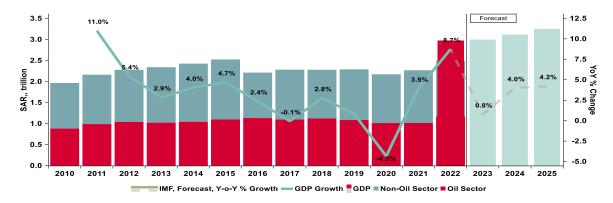

According to full-year data from the General Authority for Statistics (GASTAT), the kingdom's economy surged by 8.7% in 2022, accelerating sharply from the previous year. Saudi Arabia's GDP expanded even faster in both the oil and non-oil industries in 2022, the growth was mostly driven by a 15.4% rise in oil activity in 2022, while the non-oil sector increased by 5.4% over the same year.

However, Oxford Economics (OE) reduced its forecast for Saudi economic growth to 0.8% during 2023, compared to its previous estimate of 3.4%. According to Exford Economics, the Saudi economy is expected to grow by 4% in 2024.

#### **GDP Growth, 2010 - 2025**

## 2.3 Saudi Arabia, Purchasing Manager Index (PMI)

Saudi Arabia's Purchasing Manager Index (PMI), which tracks the country's private non-oil economy, registered a reading of 57.5% in November 2023, which is above the 2022 full year average of 56.5% and represents the 39th month of expansion and business growth in the country's non-oil sector activity, indicating strong business conditions in the country.

## **Purchasing Manager Index (PMI)**

## 2.4 Saudi Arabia Consumer Price Index, YoY Change %

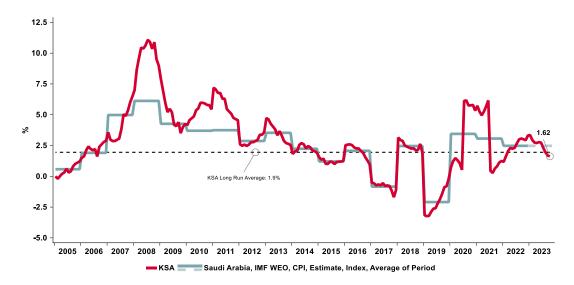

The Consumer Price Index (CPI) in Saudi Arabia eased for the fifth straight month to 1.6% in October 2023. This marked the lowest reading since February 2022.

The decline in the CPI was mostly due to slower price growth for housing and utilities (7.8% vs. 8.1% in September), education (0.8% vs. 1.8%), and restaurants and hotels (1.9% vs. 2.5%).

#### **Consumer Price Index**

## 2.5 Saudi Arabia Population Evolution

Saudi Arabia accounts for more than half of the GCC's total population and has a larger population than any other GCC country.

According to the statistics, the population of Saudi Arabia is estimated to have reached 32.9 million in 2023. The Saudi/Non-Saudi breakdown of the population for 2022 stands at 18.8 million 13.4 million.

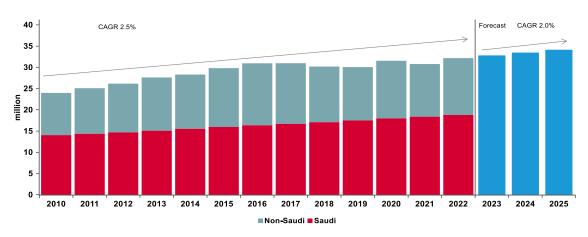

Based on the Oxford Economics forecasts, the population of Saudi Arabia is expected to grow at a constant 2% annual growth rate from 2022 onwards, reaching 34.4 million in 2025.

Saudi Arabia's population is dominated by Saudi nationals, accounting for 58.4% of the population. This implies that aggregate demand for products and services does not primarily stem from the expatriate workforce.

## **Population Evolution**

#### 2.6 Saudi Arabia Total Number of Households

The total number of households in Saudi Arabia is currently estimated at roughly 6.9 million in 2022. According to Oxford Economics, annual average growth in the number of households will slow to 2.5% between 2022 and 2030, down from 3.4% between 2010 and 2022.

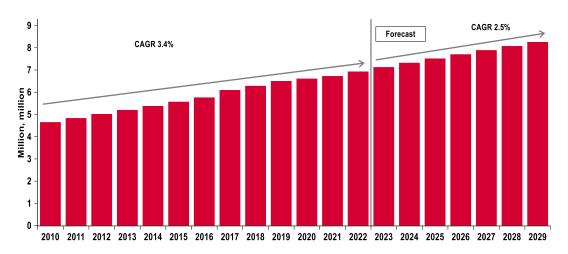

The average household size in Saudi Arabia stood at 3.4 individuals in 2022, according to Oxford Economics. While the average household size for Saudi households stands at just over 4.8, the average household size for non-Saudis is closer to 2.7 individuals. The overall average household size is set to slightly decrease over the next years reaching 3.4 in 2030.

Regarding the local population, it was not unusual historically for generations of the same family to be living in a sizeable family home. The younger generation now exhibits a desire to move away from the multi-generational household structure

### **Total Number of Households**

## 2.7 Saudi Arabia Total Employment

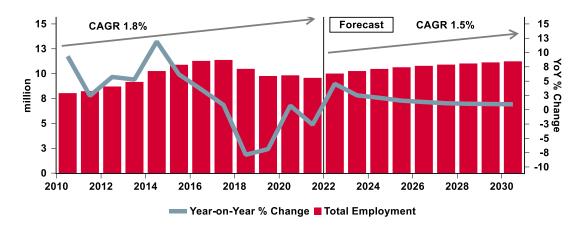

Saudi Arabia's total workforce was estimated at 10 million employees in 2022, down from 11.4 million employees in 2017.

Looking ahead, given the positive momentum created by the government's extraordinary response to COVID-19 and several economic reforms that have supported employment growth in a variety of industries. The Saudi labour force is expected to increase to 11.2 million by the end of 2030.

### **Total Employment**

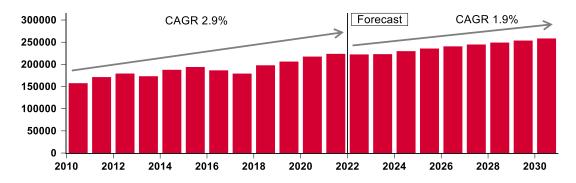

## 2.8 Saudi Arabia Average Household Disposable Income in SAR

Household income is a key determinant of affordability and consumer spending patterns. The average household personal disposable income in Saudi Arabia stood at c. SAR 222,430 in 2022. Between 2010 and 2022, the average household personal disposable income increased at a CAGR of 2.9%. It is expected that this growth momentum will slow down to 1.9% between 2022 and 2030, as highlighted in the adjacent graph.

## Household Disposable Income in SAR

## **Riyadh Macroeconomic Overview**

## 2.9 Riyadh GDP Growth, 2010 - 2030

Riyadh's GPD came back to growth in 2021, after a year of contraction due to the pandemic. Riyadh's real GDP grew by 6.1% year-on-year to SAR 582 billion in 2021, up from SAR 549 billion in 2020. This trend continued in 2022, with Riyadh's GDP growing 5.3% to SAR 613 billion. This growth can be attributed to various factors, such as the government's efforts to diversify the economy, increase non-oil exports, and attract foreign investment.

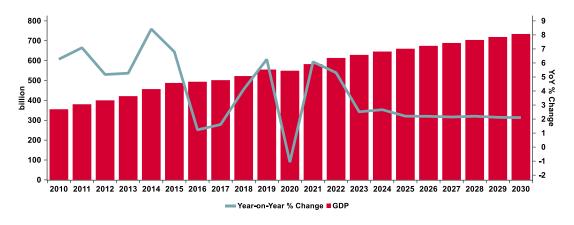

Riyadh is the capital city of Saudi Arabia and is considered to be the financial nerve centre of the country. The GDP of Riyadh has been steadily increasing over the years. Riyadh's economy recorded a historical CAGR of 3.3% between 2015 and 2022. Looking ahead, Riyadh's economy is expected to record a growth rate of 2.5% in 2023 and 2.7% in 2024 (Oxford Economics).

The breakdown of the gross value added (GVA) by sector for Riyadh highlights that the industrial sector is the largest contributor to Riyadh's GDA in 2022 (29.9%) and is forecast to grow by 23.2% in the eight years to 2030.

### **GDP Growth, 2010 - 2030**

## 2.10 Employment Trends – Riyadh

Riyadh's employed population stood at 3.1 million in 2022, representing c. 85% of the total employed population in Riyadh Province.

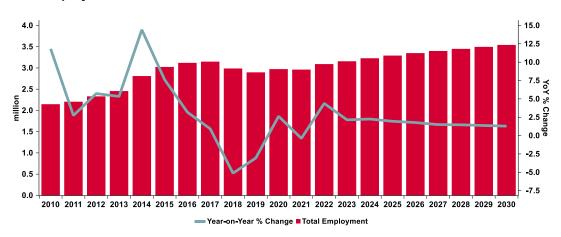

According to Oxford Economics, Riyadh's employment is estimated to grow from 3.1 million in 2022 to 3.5 million in 2030. Riyadh's employment CAGR is set to slow to 2% per annum between 2022 and 2030, down from 4.1% between 2010 and 2022.

Employment growth in Riyadh averaged 3.8% from 2010 until 2022, reaching an all-time high of 11% in 2010 and a record low of -5.1% in 2018. Total employment declined by 5.1% in 2018, a trend underpinned by the challenging economic backdrop, which led to an outflow of expatriate workers from the workforce.

## **Total employment**

## 2.11 Consumer Spending – Riyadh

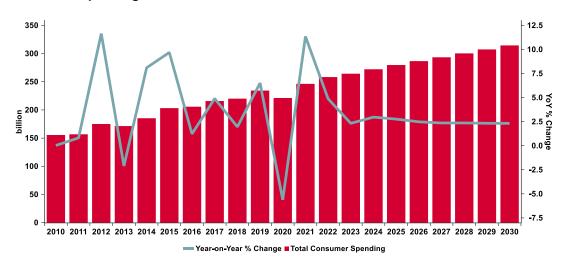

According to Oxford Economics, consumer spending in Riyadh increased by 4.3%, to around SAR 258 billion in 2022, compared to SAR 246 billion last year. The food & beverages sectors were the main drivers of this growth. More so, this relative outperformance is linked in part to the slight easing of lockdown restrictions, which boosted footfall across the Kingdom's food and beverage outlets.

Consumer spending in Riyadh is expected to remain on an upward trajectory over the coming years, reaching SAR 314 billion in 2030. The compound annual growth rate is expected to decelerate to 2.5% between 2022 and 2030 versus 3.5% between 2015 to 2022 (Oxford Economics). Housing is the biggest area of consumer spending and has seen its contribution gradually increase over time.

## **Consumer Spending**

## 2.12 **Population – Riyadh**

According to Oxford Economics, the population of Riyadh have reached 6.7 million in 2022. representing c. 78% of the total population of the Riyadh Region.

Riyadh's population is expected to grow at a CAGR of 2.7% from 2022 to 2030, reaching 7.7 million by 2030. A large population, growing at a faster pace than in previous years, will continue to drive demand for goods and services in the medium to long term.

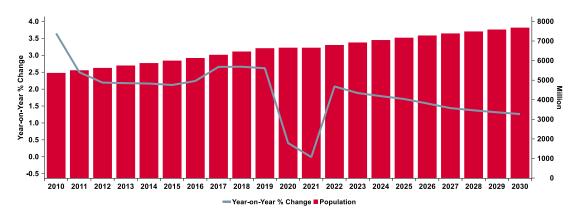

The city has been witnessing a steady increase in population over the years, which can be attributed to various factors, such as job opportunities, infrastructure development, an influx of international workforce and a high standard of living.

Riyadh's region population age structure highlights the fact that approximately 35.1% of the population were aged between 0 and 24 years, about 62.8% were aged between 25 and 64 years and 2.1% were aged above 65 years.

#### **Population Evolution**

### 2.13 Riyadh Total Number of Households

The total number of households in Riyadh stood at c. 1.35 million in 2022. Between 2015 and 2022, the number of households increased at a CAGR of 3.6%. This growth momentum is expected to slow to 2.4% between 2022 and 2030, driving the total number of households to reach an estimated 1.64 million by 2030.

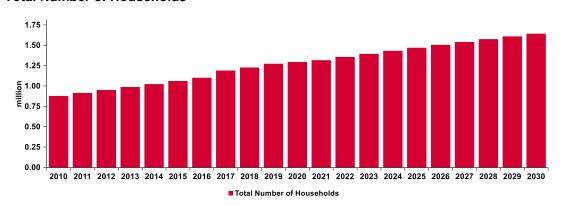

Based on these forecasts, it is estimated that 285,370 additional households will be formed in Riyadh between 2023 and 2030.

Regarding the local population, it was not unusual historically for generations of the same family to be living in a sizeable family home. The younger generation now exhibits a desire to move away from the multi-generational household structure

#### **Total Number of Households**

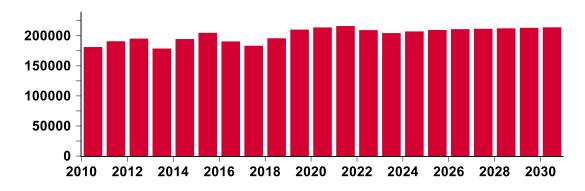

## 2.14 Household Disposable Income - Riyadh

Household income is a key determinant of affordability and consumer spending patterns. The average household personal disposable income in Riyadh stood at c. SAR 209,387 in 2022. Between 2015 and 2022, the average household personal disposable income increased at a CAGR of 0.3%. It is expected that Riyadh's average household disposable income will grow relatively at the same rate between 2022 and 2030, as highlighted in the adjacent graph.

### Average household disposable income

### 2.15 Riyadh Average household Disposable Income in SAR

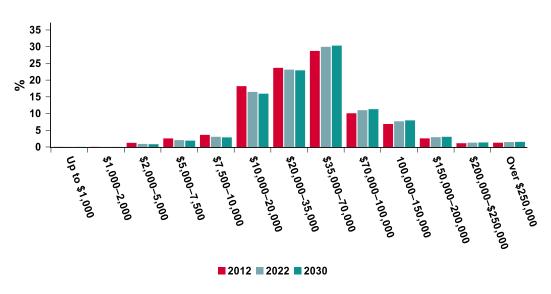

As of 2022, the households in the income band of \$35,000 - \$70,000 accounted for the largest portion of households at 30%, marginally up from 28.7% a decade earlier. More so, as of 2022, the number of households in the income brackets above \$35,000 accounted for 54.3% of total households, up from 50.7% in 2012.

The share of households earning over \$100,000 has increased from 12% of households to **13.4%** of households from **2012** to **2022** respectively. By **2030**, this number is expected to remain relatively the same.

## **Household Disposable Income in SAR**

#### **Riyadh Office Market Overview**

#### 2.16 **Key Findings**

Demand

Vision 2030 continues to feed through the wider economy, translating into an acceleration of growth in the non-oil private sector. Moreover, the implementation of various urban regeneration initiatives, including mixed-use communities and large-scale infrastructure projects like DGDA, Kind Salman Park, and Roshn, is expected to act as a catalyst for the real estate market.

Supply

By the end of Q3 2023, the existing office supply stands at 5.2 million sqm, mainly dominated by Grade A office stock. The current pipeline suggests that the supply is expected to increase to 6.3 million sqm by 2025. The majority of the upcoming supply is slated for large-scale masterplan developments like Roshn, DGDA, and the remaining phases of KAFD.

**Lease Rates** 

The demand for office space is increasing at unprecedented rates in Riyadh, fuelled by an influx of businesses to the Saudi capital. As a result, office lease rates continue to climb in the wake of growing demand. Indeed, average lease rates for prime office space have increased by 6.2% over the past 12 months to approximately SAR 1,885 psm.

Government Initiatives

We anticipate that demand for prime and best-in-class space will continue to rise from both international corporates and newly formed public-private sector companies, fuelled by continuing government-led economic reforms that will infuse renewed confidence and accelerate business growth.

## Occupancy Rates

The Grade A occupancy levels stand at 97%, down by 1 percentage points from this time last year, underscoring the depth of demand for office space. The heightened demand means landlords are firmly in the driving seat. While city-wide Grade B vacancy levels now stand at 10%; the lowest level in at least five years.

#### Outlook

We anticipate that demand for prime and best-in-class space will continue to rise from both international corporates and newly formed public-private sector companies, fuelled by continuing government-led economic reforms that will infuse renewed confidence and accelerate business growth.

## 2.17 Office Buildings Classification: Definition

Commercial buildings are classified into three main categories: Grade A, Grade B, and Grade C based on several factors such as the location of the property, age, maintenance, landlord credibility, and rated tenants. Grade A tends to be the most sought-after category, but it is subject to the tenant and their needs and the available budget.

	Grade A	Grade B	Grade C
Building specifications	Premium architecture with state-of-the-art finishing     Located in prime areas within central business districts	Dated interior but properly maintained     Located around or close to central business districts	Dated interior and not properly maintained     Located in old business districts or main city roads
Tenant Profiles	Multinational/international     Large corporates	Local firms     Small to medium enterprises	Small businesses
Parking	Adequate tenant parking     Guests parking available	Adequate lenant parking	Minimal parking
Building Features	Advanced security system and security personals available     Gym, café, restaurants	Security system or personnel available     Minimal facilities	Minimal security presence     No additional facilities
Lease Rates	Premium rental rates	Average rental rates	Lower than average rental rates

## 2.18 **Evolution of Quality Supply**

Between 2015 and 2022, Riyadh's office stock compounded an annual growth rate (CAGR) of 7.8%.

Between 2022 and 2025, Riyadh's office supply is expected to grow at a CAGR of 8%, slightly higher than the historical CAGR.

King Abdullah Financial District, a landmark prime office development. KAFD has provided c. 700,000 plus square meters of GLA to the market between 2020-2023 and is slated to supply c. 250,000 more by 2024.

## Office Supply

### 2.19 Distribution of Existing Office Supply by Categories (sqm GLA)

As of Q3 2023, the total GLA of office space stands at over 5.2 million sqm. With Grade A developments making up the majority of the supply (43%).

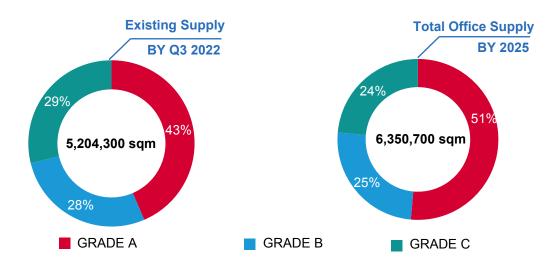

The total office market is expected to witness the addition of around **1.14 million sqm** of quality GLA by **2025**, assuming no further construction delays.

The majority of new office developments are skewed towards Grade A and are part of mixed-use properties that integrate several commercial components, including office and retail.

## 2.20 Riyadh Existing Quality Supply Samples

Prime and Grade A office space account for a total GLA of c. 2,266,000 square meters. c. 65% of this leasable space is located along King Fahd and Olaya Streets.

During 2022, around 485,000 sqm of A office space was completed, taking the city's stockpile to 5 million sqm. Over the forecast period, supply is expected to increase by a further 22%.

The latest Grade A office developments delivered to the market are the Majdool Tower, Riyadh Business Front Phase 2, Laysen Valley and several towers within KAFD. The new developments opened between 2020 and 2022 and boast over c. 750,000 square metres of GLA.

## **Existing Quality Supply Samples**

## 2.21 Riyadh Future Office Supply

The current office pipeline comprises 1.3 million square metres of GLA, which includes 15 Grade A office developments and 11 Grade B office developments. However, it should be noted that the annual historical materialisation rate stood between 50 and 70 per cent and therefore a number of these projects would likely be delayed resulting in growth rates contracting.

### **Major Upcoming Office Developments Sample**

## 2.22 Average Lease Rates Across Office Spaces and City-Wide Occupancy Levels

Commercial activity in Riyadh continued to gain momentum in 2022 as local and international businesses sped up to establish their presence in the capital. In fact, Riyadh emerging as a dynamic epicentre of growth in terms of both demand and lease rates. A significant catalyst for this surge in momentum is the 'Program HQ' initiative, which has already issued licenses to more than 44.

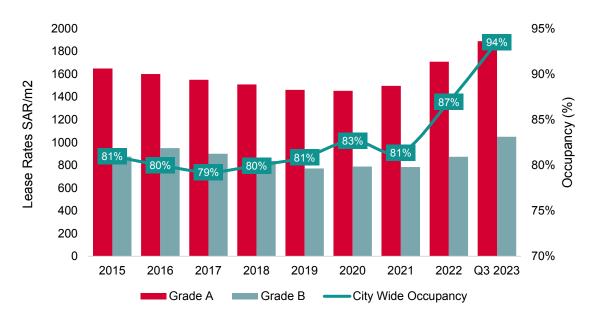

As result, Grade A office rents reached an average of **SAR 1,885 per sqm**, reflecting a 6.2% growth over the past year. Similarly, average Grade B office rents have reached **SAR 1,050 per sqm**.

Demand for office space is increasing at unprecedented rates in Riyadh, fuelled by an influx of businesses to the Saudi capital. As a result, Grade A occupancy has reached **97%**, while Grade B occupancy stands at around **90%**.

## Riyadh Grade A Office Lease Rates (SAR/m2)

#### Riyadh Retail Market Overview

#### 2.23 **Key Findings**

Demand

Demand from retailers for new space continues to soften in Riyadh. The slowdown in demand is predominantly linked to the substantial increase in supply in recent years. And new supply continues to trickle onto the market. During 2022 alone, the city has seen the completion of over 160,000 sqm, and an additional 225,000 sqm of space has been added to the market in the first nine months of 2023, pushing the capital's total stock to over 3.6 million sqm.

By the end of Q3 2023, the existing retail supply stands at 3.6 million square meters, mainly dominated by regional malls. The proposed retail pipeline is expected to increase the supply to 4.8 million by 2025. The bulk of new supply will come from super regional malls

**Lease Rates** 

Lease rates maintained performance over the last 12 months across the Saudi capital. Lease rates for regional and super regional malls in Riyadh saw a 2.9% increase. While community mall lease rates increased by 1.8% over the same period. Furthermore, as new supply continues to be delivered to the market, this further dampens the prospects for a return to rent growth.

#### **Market Trends**

As the retail supply continues to expand, the focus is being directed towards lifestyle, leisure and entertainment elements in shopping centres. These elements proved sustained footfall and increased dwelling times, combating the ever-growing threat of ecommerce

#### Occupancy Rates

From 2013 to 2022, super-regional and regional malls have seen their vacancy levels trending higher. City-wide vacancy levels saw an annual increase of 1 percentage point in 2022. Average vacancy levels currently stand at 17%, up from 16% last year.

#### Outlook

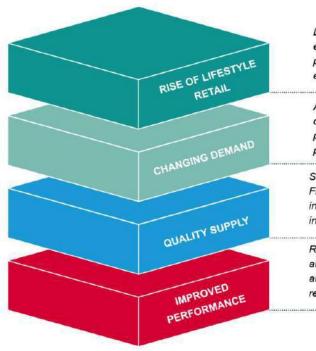

Given a large supply pipeline, lease rates and occupancy levels are expected to remain under pressure over the short term. However, we expect entertainment-focused retail development to show more resilience when facing challenging market conditions, and enable them to outperform the rest of the market

## 2.24 Rise of Entertainment and Lifestyle

As the retail supply pipeline continues to expand, we believe future supply will need to be lifestyle-oriented, with a focus on leisure and entertainment. A very large and growing population of young Saudi customers favour retailers that emphasize lifestyle-enhancing, experience-based platforms.

Lifestyle retail developments focus on public realm elements such as walkways, sitting areas, fountains, art, parks, recreational and event facilities, encouraging extended stays and higher spending.

As the average age of the population skews younger, the consumer preferences are shifting the retail concepts, from places to "Shop" into places to "Be" that are coupled with public gathering spaces for people to enjoy.

Such lifestyle developments include the Zone, Shopping Front and The Boulevard City. Which have performed well in pre-leasing stages, that is largely attributable to investment in quality public realm design and facilities.

Relatively inexpensive investments in public realm features and amenities has yielded higher achievable rental rates and improved occupancy performance in benchmarked retail developments

## 2.25 Evolution of Quality Organised Retail Supply

Between 2015 and 2022, Riyadh's retail stock grew at a compounded annual growth rate (CAGR) of 10%.

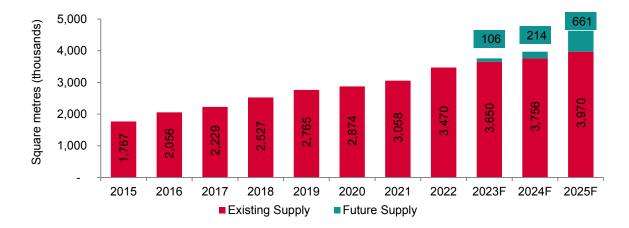

Between 2022 and 2025, Riyadh's retail supply is expected to grow almost at the same rate.

Upcoming projects include 4 super regional malls: The Avenue, Mall of Saudi, Jawharat Ar Riyadh and DGDA. In addition to a large number of regional malls, community and neighbourhood centres.

## **Evolution of Riyadh Retail Supply**

## 2.26 Evolution of Quality Organised Retail Supply

As of Q3 2023, the total GLA of retail space stands at over 3.6 million sqm. With quality regional malls making up the majority of the supply.

The total retail market is expected to witness the addition of around 980,000 sqm of quality GLA by 2025, assuming no further construction delays.

Developers are seeking to enhance consumer experiences and increase dwelling times through tenant mixes and increasing F&B or entertainment elements in their retail developments.

## 2.27 Riyadh Existing Quality Organised Retail Supply 1/2

## 2.28 Riyadh Existing Quality Organised Retail Supply 2/2

## 2.29 Riyadh Future Quality Organised Retail Supply

## 2.30 Average Lease Rates in Quality Organised Retail Developments

Average regional and super-regional mall lease rates maintained performance over the last 12 months across the Saudi capital. Community malls (-0.8%) however have undergone slight rent softening.

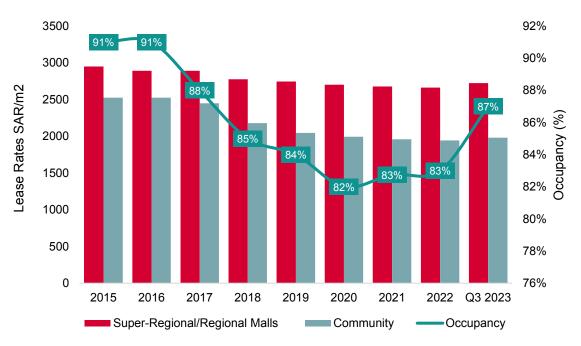

Furthermore, new supply continues to be delivered to the market, further dampening the prospects for a return to rent growth. While demand for new space decreased, developers have taken note of changing retailers' attitudes and expectations, with the majority of new supply focussing on lifestyle retail centres.

In general, we expect rents to remain within maintenance level until new completions contribute to further accelerations. Some 1.6 million sqm of retail space is due to complete by 2025.

## Riyadh Malls Lease Rates (SAR/m2)

#### **Riyadh Residential Market Overview**

## 2.31 Key findings

This exceptional growth in residential prices is being fuelled by a growing demand which is underpinned by the strong job creation rates in the Kingdom's economic heart. Anecdotal evidence suggests that Riyadh has started to attract talent locally, regionally and internationally which has fuelled demand for residential properties. Furthermore, we are seeing a structural shift in the market's demand dynamics across Saudi Arabia, particularly in Riyadh. The younger Saudi nationals and expatriates are displaying a preference for apartments and townhouses over villas.

#### Supply

Over the past five decades, Riyadh has seen rapid growth in its urban limits, with the majority of developments taking place beyond King Salman Road to the North, and Eastern Ring to the North East, as the city continues to expand in these directions due to the availability of land in locations further away from the city centre.

#### **Performance**

The residential market in Saudi Arabia continues to expand at a rapid rate, as evidenced by the persistent strong price acceleration. Indeed, apartment prices in Riyadh are up by 5.5% in the last 12 months, while villa prices have increased by 0.5% over the same period.

#### Government Initiatives

The real estate sector has been a keystone of government initiatives in recent years. Regulatory efforts such as the white land tax, the large housing schemes, and the various initiatives to expand the mortgage market and get Saudi nationals on the property ladder display clear intent from the government to engage with the issues facing the residential sector in the Kingdom.

#### Government **Targets**

Boosting homeownership among Saudi nationals is a key target of the government to increase Saudi home ownership to 70% by 2030. A broader target for the real estate sector is to increase its growth to 7% per annum doubling its contribution to GDP to 10% by 2020 as set out in the NTP and Vision 2030.

#### Outlook

The long-term outlook for Saudi Arabia's real estate sector remains positive, supported by several government initiatives aimed at stimulating the market. The residential property market is expected to pick up further growth in the long term as government housing initiatives tackle the shortage of affordability and increase homeownership rates for Saudi nationals, in line with Vision 2030.

## 2.32 Government Key Targets

Selected Government targets in relation to the housing sector

## Selected Vision 2030 and NTP targets in relation to the real estate sector

#### Privatisation

Establish PPPs to develop government land and fast-track licenses and special finance packages to encourage private sector investments in housing projects

#### Saudi home ownership

Increase the rate of home ownership among Saudi nationals to 70% by 2030

#### Increase affordability

Increase affordability by reducing the ratio between the average residential unit price to the annual income per capita by factor of five.

tio he

40

#### Real estate sector growth

Increase the real estate sector's growth to 7% per year, up from 4%

#### Real estate sector role in

Increase the private sector's contribution from 40% to 65% of GDP with focus on energy, healthcare, housing and municipal services

#### Develop the retail sector

Develop and transform through applying modern solutions, enhancing e-commerce, to help increase retail sector contribution to GDP and job creation

Heavy government initiatives in the real estate market to increase GDP contribution.

Public and private focus to support the reform plans in the real estate market with NTP program Boosting ownership and growing mortgage from REFD and SRC will enable more range options on the offering.

## 2.33 Government Key Initiatives - Takeaways

Regulatory efforts such as the white land tax, the large housing schemes and the mortgage law, display clear intent from the government to engage with the issues facing the residential market.

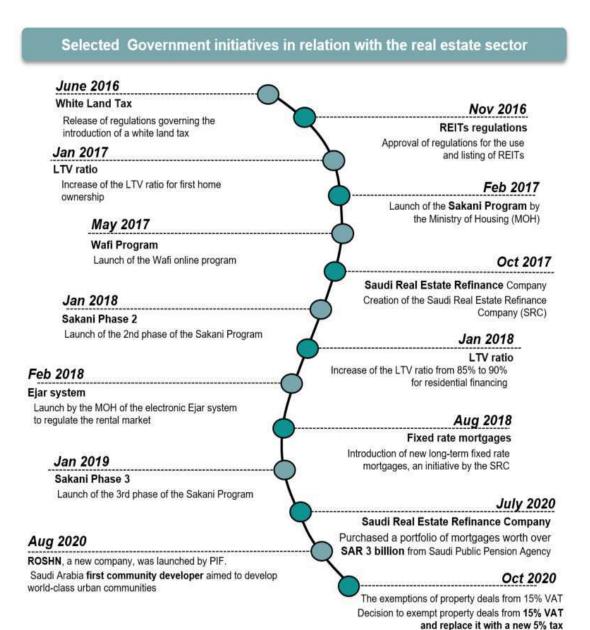

Ejar is designed to organize the relationship between the parties of the leasing process (tenant, landlord and real estate broker)

Wafi is a platform developed by the Ministry of Housing to enable developers to sell offplan units and protect buyers in case the developer does not perform.

## 2.34 Residential Transactions Saudi Arabia - Takeaways

According to data from SAMA, growth in the number of contracts increases the financing mortgage volumes between 2018 and 2021. However, mortgage values dropped sharply by 21% y/y in 2022 to SAR 123 billion.

The mortgages on Villas have taken the most significant portion of the financing compared with others, reaching 69% on average in the last five years.

The value of apartment mortgages increased significantly in 2019 and 2020, reaching SAR 12.2 billion and SAR 22.9 billion, respectively. This upward trend continued in the years after.

The mortgages issued for land purchases account for the lowest portion (14%) of the total residential mortgages issued over the last 5 years. In fact, the last two years have seen a significant drop in the value of mortgages issued for land purchases.

Total	Years	2018	2019	2020	2021	2022
\$ 2	Total Mortgages Financing (SAR) YoY of Mortgages	30,230M 44%	84,233M 179%	155,335M 84%	156309M 1%	123,360M -21%
Villas	Villas Mortgages Financing (SAR) Contributions	23,855M 79% NA	60,700M 72% 154%	96,735M 62% 59%	98,756M 63% 2%	85,514M 69% -13%
Apartments	APT Mortgages Financing (SAR) Contributions YoY	3,880M 13% NA	12,282M 15% 217%	22,908M 15% 87%	29,495M 19% 29%	28,574M 23% -3%
Lands	Lands Mortgages Financing (SAR) Contributions YoY	2,495M 8% NA	11,252M 13% 351%	35,691M 23% 217%	28,057M 18% -21%	9,272M 8% -67%

## 2.35 Riyadh Value and Volume of Residential Transactions

During Q3 2023, the total number of transactions witnessed a 59% increase, compared to the same period last year. While the value of residential transactions increased by 36% over the same period.

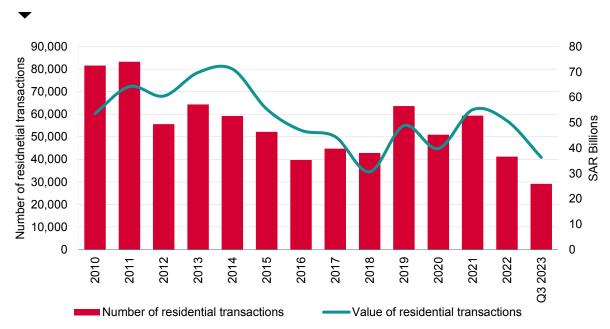

As part of Vision 2030's housing goals, both public and private sector developers are pivotal in elevating homeownership from 60.6% in 2022 to 70% by 2030.

The residential market in Saudi Arabia continues to expand at a rapid rate, as evidenced by the persistent strong price acceleration and strong demand.

## Total Value and Volume of Residential Transactions – YTD Sep 2023

## 2.36 Evolution of Riyadh Residential Supply

Between 2015 and 2022, Riyadh's residential stock grew at a compounded annual growth rate (CAGR) of 3.1%.

Between 2022 and 2025, Riyadh's residential supply is expected to grow at a CAGR of 3.5%, a higher rate compared to the historical CAGR.

Riyadh's present residential stock is anticipated to be 1.4 million units and is predicted to rise to 1.51 million units by 2025, with the majority of new supply aimed toward the community-based middle-income sector.

## **Total Residential Supply**

## 2.37 Riyadh Average Apartment Sale Rates by District

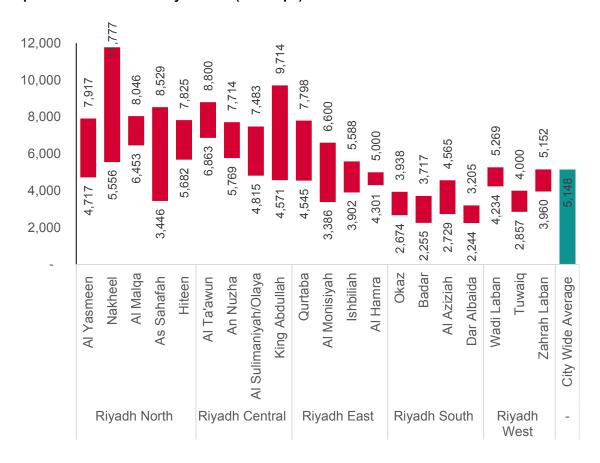

Riyadh's average apartment price has reached SAR 5,148 per square meter. The northern neighbourhoods, on the other hand, command far higher prices than the citywide average. The sale prices are based on apartments sized between 150 sqm and 250 sqm.

Developments are located close to amenities such as hospitals and schools, as well as premium commercial spaces commands higher prices.

### Apartments Sale Prices by District (SAR/sqm) - Q3 2023

## 2.38 Riyadh Average Villa Sale Rates by District

The average sale price for villas across Riyadh's residential market stands at SAR 4,905 per square meter.

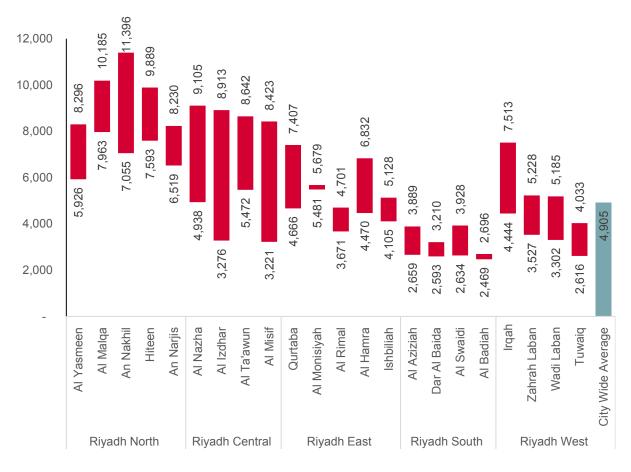

Areas with better infrastructure, proximity to good schools, hospitals, and shopping malls, and that provide more services and amenities fetch higher sales prices.

Similar to apartments, the Northern and Eastern neighbourhoods of Riyadh fetch higher sale prices than the South and Western areas.

## Average Villa Sale Prices by District (SAR/sqm) - Q3 2023

## **Riyadh Industrial Market Overview**

## 2.39 Key Demand Drivers

#### Manufacturing sector continues to expand

As Saudi Arabia continues to diversify its economy away from hydrocarbons, the manufacturing sector is fast emerging as a key component of the government's transformation efforts. Of the various lynchpins that sit at the heart of Vision 2030, the industrial and logistics sector is being positioned as a key catalyst of future growth in the Kingdom. The manufacturing sector contributes 8.6% to the total GDP of Saudi Arabia in 2022. Moreover, it has achieved an annual growth rate of 7.7%

## Soaring demand for high-quality stock

The demand for warehouse facilities and logistics hubs is strengthening across the kingdom. The majority of this demand is centred on larger, modern, technologically sophisticated facilities and is heavily connected to the Kingdom's megaprojects and the buoyant ecommerce sector. In addition, the increased activity in the local manufacturing sector is also contributing to the overall demand for warehouses

#### **E-Commerce**

The demand for light industrial properties has been steadily increasing in recent years due to the rise of e-commerce. As more consumers turn to online retailers, the need for warehouses and distribution centres to store and ship goods has grown. While many firms utilize both e-commerce and traditional markets, some companies rely solely on e-commerce. However, there are no significant firms that have made a complete shift from traditional markets to e-commerce.

## Investment volumes growing

Foreign investments currently represent around 39% of the total investments in the industrial sector H1 2022. The high investment levels and growth in the sector are together fulfilling the strong demand for warehouse facilities and job growth in the sector. Furthermore, the presence of international occupiers, such as Amazon, can have an overall impact on the demand for industrial real estate in Saudi Arabia.

#### **Opportunities**

The growing demand for the light industrial sector presents a significant investment opportunity due to factors such as the rise of e-commerce and the presence of international occupiers. Which will offer light industrial facilities that meet international standards and specifications, which presents an opportunity for investors and developers to fill this gap in the market.

#### **Future Outlooks**

The adoption of the Built-to-Suite model is becoming a popular trend in Saudi Arabia's industrial real estate market. Built-to-Suite warehouses are custom-built to meet the specific requirements of a single tenant or occupier. These warehouses are built on a design-and-build basis, meaning that the tenant or occupier specifies the design and construction requirements, and the developer builds the warehouse to those specifications.

# 2.40 Organised Warehouse Facilities Supply

Riyadh's warehouse supply has significantly increased over the years, currently standing at a substantial 25.63 million sqm in H1 2023, with the presence of high-quality warehouses serving overall supply and demand in the industrial sector.

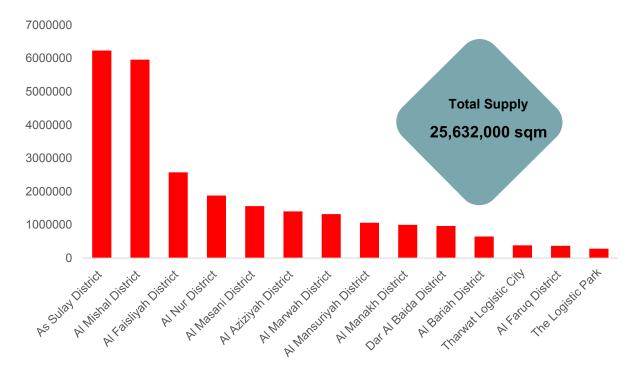

The districts of As Sulay and Al Mishal have become attractive locations for warehouse development in Riyadh due to their strategic po sitioning near transportation networks and major highways.

The common model in Riyadh for warehouses is a pre-built model. However, the build-to-suit model has started to gain popularity and it is expected to continue to rise in popularity

## Riyadh Warehouse Supply (GLA sqm)

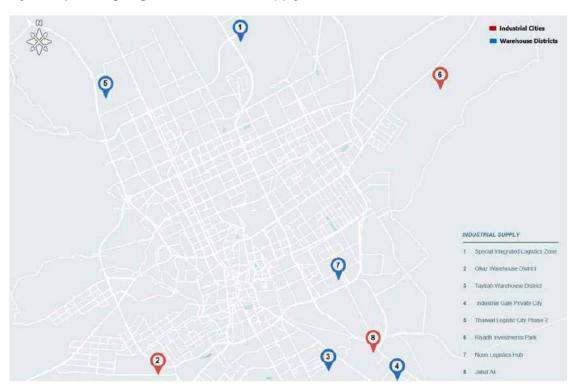

# **Riyadh Existing Quality Industrial Supply Sample**

# **Riyadh Upcoming Organised Industrial Supply**

# 2.41 Riyadh Industrial Market Performance

In Riyadh, lease rates are up 20% over the last 12 months and currently average 190 SAR/ Sqm, Logistic Park achieved the highest leasing rate of 280 SAR/ Sqm.

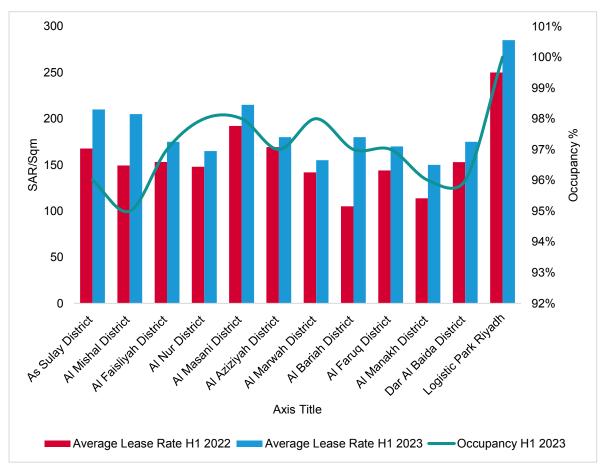

The better-quality space recording rents as high as 280 SAR/ Sqm. More secondary quality space currently lets for about 120 to 150 SAR/ Sqm. The delta between the two ends of the market is likely to widen further as the flight to quality intensifies.

As a result of the **demand influx**, occupancy levels increased across the city, with occupancy standing at around **97%**.

# Lease Rates Per Industrial District and Average Occupancy Rate

# **Jeddah Macroeconomic Overview**

# 2.42 **Jeddah GDP Growth, 2010 - 2030**

Like elsewhere in Saudi Arabia, Jeddah's GDP contracted by 5.6% in 2020 as a result of the pandemic. However, it was able to rebound in 2021 with 3.7% growth.

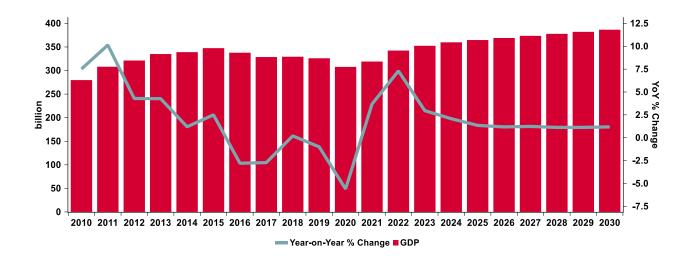

Together, the government's efforts to diversify the economy and the rise in oil prices have had a positive effect on the Saudi economy. As a result, Jeddah's GDP grow by 7.3% in 2022.

Jeddah's economy recorded a historical CAGR of 1.3% between 2010 and 2021. From 2021 to 2030, this rate is expected to increase to 2.6% (Oxford Economics).

## **GDP Growth, 2010 - 2030**

# 2.43 Employment Trends – Jeddah

Jeddah's employed population stood at 1.57 million in 2022 and is expected to reach 1.75 million in 2030, implying a CAGR of 1.3% between 2022 and 2030, lower than the historical CAGR which was registered at 1.8% between 2010 and 2022.

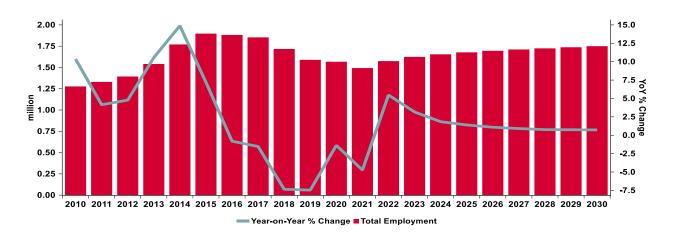

The employed population in Jeddah declined as a result of the departure of c. 278,000 expatriates from the workforce, a trend underpinned by the challenging economic backdrop and the Saudiization program.

The industry and consumer services sectors are the largest employment sectors in Jeddah, accounting for 38.7% and 26.5% of total employment, respectively, in 2022.

## **Total employment**

## 2.44 Consumer Spending – Jeddah

Consumer spending in Jeddah totalled SAR 167 billion in 2022, increasing by 5.8% compared to 2021. The increase was mainly driven by the Food & Beverage (F&B) sectors.

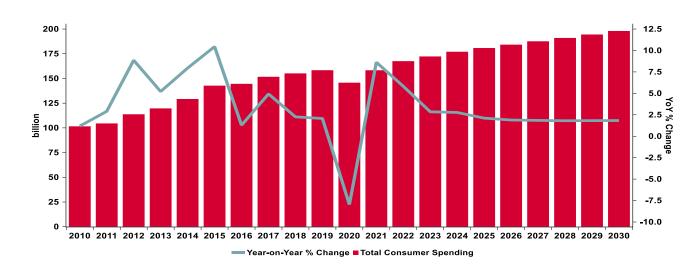

Consumer spending in Jeddah is expected to remain on an upward trajectory over the coming years, reaching SAR 172 billion in 2023. The compound annual growth rate is expected to decelerate to 2.1% between 2022 and 2030 versus 4.3% between 2010 and 2022.

Housing-related spending is the largest segment of consumer spending. The contribution to total spending rose from 20.5% in 2010 to 23.7% in 2022 and is expected to reach 24.3% by 2030

### **Consumer Spending**

## 2.45 **Population – Jeddah**

The population segmentation of Saudi Arabia shows that c. 67% of the population is concentrated in three provinces, namely Makkah, Riyadh, and the Eastern Province.

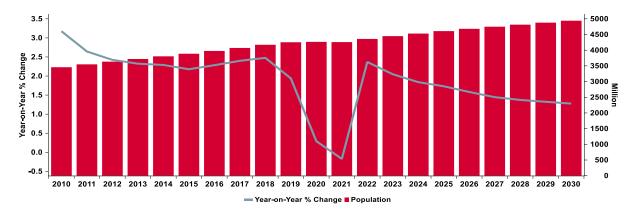

Jeddah is the most populous city in the Western Province, with a population standing at 4.3 million as of 2022, according to Oxford Economics.

Jeddah's population is expected to grow at a CAGR of 1.6% from 2022 to 2030, reaching 4.9 million by 2030. A large and growing population, albeit at a slower pace than in previous years, will continue to drive demand for goods and services in the medium to long term.

# **Population Evolution**

# 2.46 **Jeddah Total Number of Households**

The total number of households in Jeddah stood at 1.1 million in 2022. The population is expected to grow at a CAGR of 2.5% between 2022 and 2030, where the total number of households is forecast to reach 1.3 million by 2030.

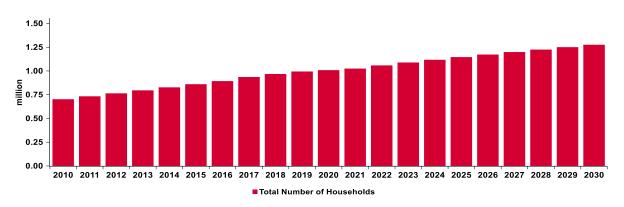

The average household size in Saudi Arabia stood at 5.52 individuals in 2022, however, the figure is lower for Jeddah at an average of 4.62 people, due to the higher share of expats in the city, compared to the national average.

The average household size in Jeddah is expected to reach 4.50 individuals by 2030. The decline in household size is expected to strengthen demand for higher-density developments, as households try to find more affordable units.

### **Total Number of Households**

# 2.47 Household Disposable Income – Jeddah

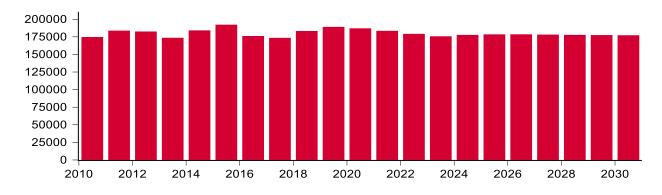

In 2022, the average household personal disposable income decreased by 2.3% to SAR 79,217 from SAR 183,527 in 2021. Based on the forecast, it is expected that the average household disposable income will remain largely at the same level over the forecasted period.

The growth in average household personal disposable income has generally been unimpressive over the past few years and has exacerbated the rising housing affordability challenge in the city.

# Average household disposable income

## 2.48 Jeddah Household Disposable Income in SAR

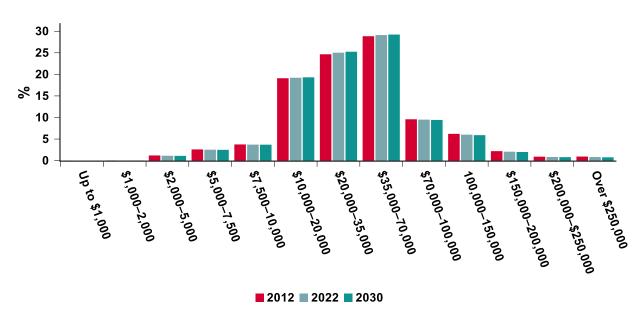

In 2022, 48.9% of households in Jeddah were within income bands above USD 35,000, this share is expected to marginally decrease, reaching 48.7% in 2030.

51.1% of households were in the lower income bands - below USD 35,000. This proportion of household income bands is expected to witness an increase between 2022 and 2030.

# **Household Disposable Income in SAR**

### **Jeddah Office Market Overview**

# 2.49 **Key Findings**

After being somewhat muted since 2016, demand for office space in Jeddah started picking up in 2022. Commercial activity in Jeddah has been picking up, especially with the formation of the Jeddah Governorate Development Authority, which will work with local entities to develop initiatives and attract businesses.

By the end of Q3 2023, the existing office supply stood at 1.34 million sqm, mainly dominated by Grade B office stock. The current pipeline suggests that the supply is expected to increase to around 1.39 million sqm by 2025. The upcoming supply is expected to include projects such as Zahid Commercial Tower and other smaller office spaces that are part of mixed use developments.

### **Lease Rates**

The office market in Jeddah started showing signs of recovery during 2022 as commercial activity started picking up. During Q3 2023, Grade A office rents stood at around SAR 1,200 per sqm, increasing at an annual rate of 12.7%. Similarly, Grade B rents increased by around 4%, reaching SAR 780.

# Government Initiatives

The transformation of the Jeddah Projects Management Office into the Jeddah Development Authority will transform the city from an economic perspective, diversify

national sources of income, and create jobs. Additionally, projects, such as Jeddah Central, are expected to revitalize and revive the city.

### Occupancy Rates

Vacancy levels in the across office segments were rising between 2013 and 2021. However, vacancy levels began to fall throughout the first nine months, a trend supported by a lack of significant supply mixed with an upward rise in demand. In Q3 2023, market-wide vacancy levels edged downward, standing at 11%.

#### Outlook

The lack of supply of notable quantum, combined with the upward creep in demand, suggests that rents will continue to rise. Office developments that are part of a mixed-use project are expected to attract more tenants as they prioritise experiential factors when selecting a workplace.

# 2.50 Office Buildings Classification: Definition

	Grade A	Grade B	Grade C
Building specifications	Premium architecture with state-of-the-art finishing     Located in prime areas within central business districts	Dated interior but properly maintained     Located around or close to central business districts	Dated interior and not properly maintained     Located in old business district or main city roads
Tenant Profiles	Multinational/International     Large corporates	Local firms     Small to medium enterprises	Small businesses
Parking	Adequate tenant parking     Guests parking available	Adequate lenant parking	Minimal parking
Building Features	Advanced security system and security personals available     Gym, cafe, restaurants	Security system or personnel available     Minimal facilities	Minimal security presence     No additional facilities
Lease Rates	Premium rental rates	Average rental rates	Lower than average rental rate

Commercial buildings are classified into three main categories: Grade A, Grade B, and Grade C based on several factors such as the location of the property, age, maintenance, landlord credibility, and rated tenants. Grade A tends to be the most sought-after category, but it is subject to the tenant and their needs and the available budget.

# 2.51 **Evolution of Quality Supply**

Between 2015 and 2022, Jeddah's office stock compounded an annual growth rate (CAGR) of 6%.

Between 2023 and 2025, Jeddah's office supply is expected to grow at a CAGR of 2%, significantly lower than the historical CAGR.

The upcoming supply is expected to include projects such as Zahid Commercial Tower and other smaller office spaces that are part of mixed-use developments.

# Office Supply

# 2.52 Distribution of Existing Office Supply by Categories (sqm GLA)

As of Q3 2023, the total GLA of office space stands at over 1.34 million sqm. Grade B developments make up the majority of the supply (41%).

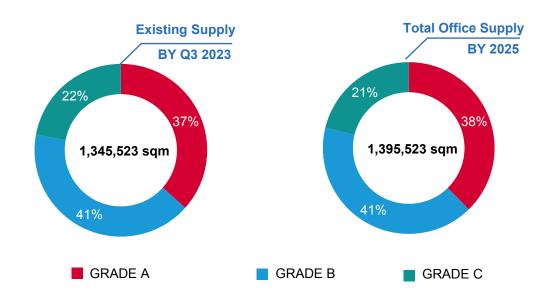

The total office market is expected to witness the addition of around 50,000 sqm of quality GLA by 2025, assuming no further construction delays.

The majority of the upcoming office developments are part of mixed-use properties, where several commercial components are combined- especially office and retail.

# 2.53 Jeddah Existing Quality Supply Samples

Prime and Grade A office space account for a total GLA of c. 490,000 square meters. c. 37% of the total leasable space in Jeddah. The majority of this leasable space is located along Prince Sultan and King Abdul Aziz Streets.

# **Existing Quality Supply Samples**

# 2.54 Jeddah Future Office Supply Sample

# 2.55 Average Lease Rates Across Office Spaces and City-Wide Occupancy Levels

Commercial activity in Jeddah started gaining momentum in late 2021 and continued in 2023 as local and international businesses started increasing their presence in the western region.

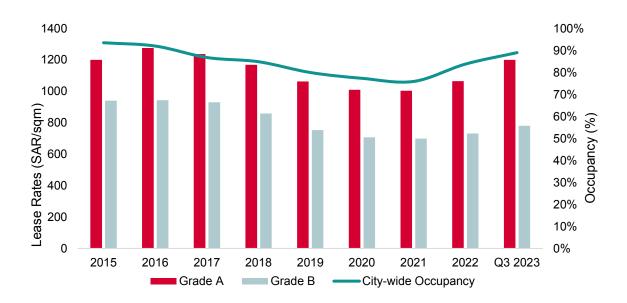

In Q3 2023, grade A office rents reached an average of **SAR 1,200 per sqm**, reflecting a 12.7% growth over the past year. Similarly, average Grade B office rents have reached **SAR 780 per sqm**.

As a result of the demand influx, occupancy levels increased across the city, with Grade A occupancy standing at around 95%, and Grade B occupancy standing at around 83%.

# Jeddah grade A office lease rates (SAR/m2)

### **Jeddah Retail Market Overview**

# 2.56 Key Findings

Demand

Demand for new retail space in Jeddah has remained subdued over the last 12 months. However, developments featuring F&B, entertainment, and recreational components (including the likes of Atelier La Vie and City Yard) have been able to maintain occupancy levels, averaging at around 90-95%. Retail occupiers are favouring trendier locations to capitalise on the rising footfall.

Supply

By the end of Q3 2023, the existing retail supply stood at 2.5 million square meters, mainly dominated by regional malls. The proposed retail pipeline is expected to increase the supply to around 3 million by 2025. The bulk of new supply will come from three super-regional malls: Souq 7; The Village; and Jawharat Jeddah.

**Lease Rates** 

In Q3 2023, Super regional and regional malls rents reached an average of around SAR 2,490 per sqm, declining by 5.7%, compared to the last year. However, for community retail centres, lease rates increased to SAR 1,770 per sqm.

Market Trends

As the retail supply continues to expand, the focus is being directed towards lifestyle, leisure and entertainment elements in shopping centres. These elements proved sustained footfall and increased dwelling times, combating the ever-growing threat of e-commerce.

### Occupancy Rates

Emerging F&B and entertainment concepts are redefining the Kingdom's retail landscape and remain the primary drivers of footfall in retail developments. Consequently, the developments featuring F&B and entertainment options have experienced higher occupancy rates over the past 12 months.

### Outlook

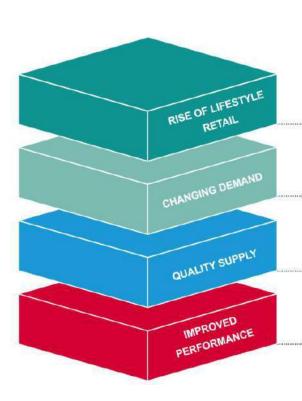

Given a large supply pipeline, lease rates and occupancy levels are expected to remain under pressure over the short term. However, we expect entertainment-focused retail development to show more resilience when facing challenging market conditions and enable them to outperform the rest of the market.

## 2.57 Rise of Entertainment and Lifestyle

As the retail supply pipeline continues to expand, we believe future supply will need to be lifestyle-oriented, with a focus on leisure and entertainment. A very large and growing population of young Saudi customers favour retailers that emphasize lifestyle-enhancing, experience-based platforms.

Lifestyle retail developments focus on public realm elements such as walkways, sitting areas, fountains, art, parks, recreational and event facilities, encouraging extended stays and higher spending.

As the average age of the population skews younger, the consumer preferences are shifting the retail concepts, from places to "Shop" into places to "Be" that are coupled with public gathering spaces for people to enjoy.

Such lifestyle developments include the Boulevard, Le Prestige and Atelier Lavie Mall. Which have performed well in pre-leasing stages, that is largely attributable to investment in quality public realm design and facilities.

Relatively inexpensive investments in public realm features and amenities has yielded higher achievable rental rates and improved occupancy performance in benchmarked retail developments

# 2.58 Evolution of quality organized retail supply

Between 2015 and 2022, Jeddah's retail stock grew at a compounded annual growth rate (CAGR) of 4.6%.

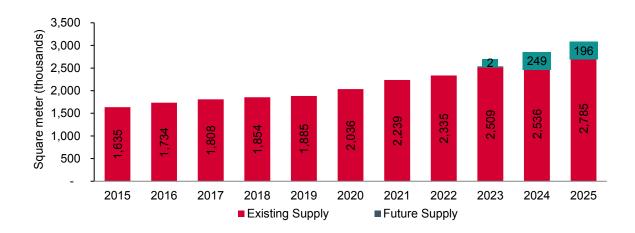

Between 2023 and 2025, Jeddah's retail supply is expected to grow at a CAGR of 8.4%, a much higher rate compared to the historical CAGR.

Upcoming projects include 3 super regional malls: Souq 7; The Village; and Jawharat Jeddah. In addition to other smaller developments, such as U-walk and Trio Plaza.

# **Evolution of Jeddah Retail Supply**

## 2.59 Evolution of quality organized retail supply

As of Q3 2023, the total GLA of office space stands at over 2.5 million sqm. With quality regional centres making up the majority of the supply.

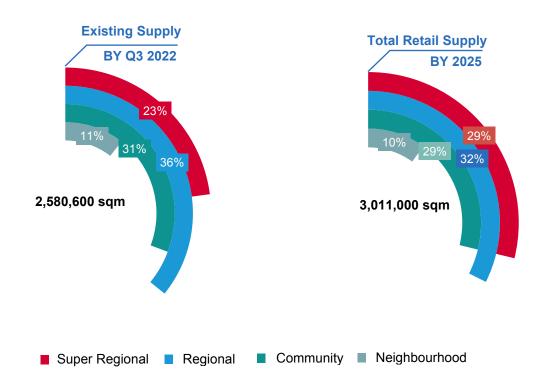

The total retail market is expected to witness the addition of around 472,000 sqm of quality GLA by 2025, assuming no further construction delays.

Developers are seeking to enhance consumer experiences and increase dwelling times through tenant mixes and increasing F&B or entertainment elements in their retail developments.

# 2.60 Jeddah existing quality organised retail supply 1/2

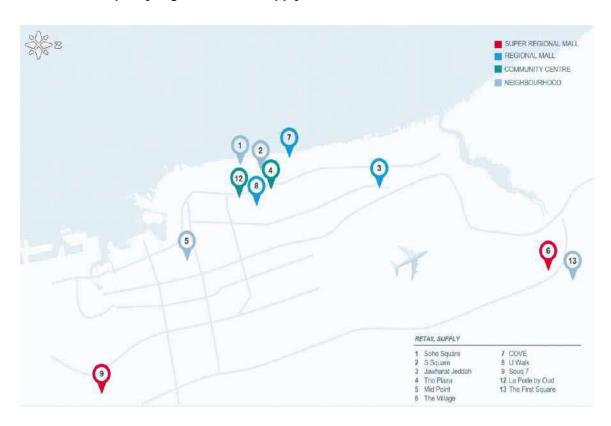

# 2.61 **Jeddah existing quality organised retail supply 2/2**

# 2.62 Jeddah future quality organized retail supply

## 2.63 Average Lease Rates in Quality Organised Retail Developments

The rise of lifestyle retail developments and their ability to maintain occupancy levels and lease rates has encouraged owners of traditional retail centres to enhance their offerings and tenant mix.

In Q3 2023, Super regional and regional mall rents reached an average of SAR 2,500 per sqm, decreasing by 5.7%. However, community retail centres lease rates increased by 2.6% to SAR 1,770 per sqm over the same period.

City-wide occupancy levels have been declining across traditional retail centres since 2020 as a result of changing consumer behaviours. Currently, occupancy standing at 89%, up from 86% during Q3 2022.

# Average Lease Rates Across Retail Types and City-Wide Occupancy Levels

# **DMA Macroeconomic Overview**

# 2.64 **Key findings**

### Economic Outlook

The Eastern Province is heavily dependent on the hydrocarbon sector. Given its reliance on the hydrocarbon sector, the Eastern Province economy has expanded significantly in 2022. Unsurprisingly, the recent jump in oil prices appears to be supporting an increase in government oil-related revenue, which underpins DMA's 12.2% GDP growth for 2022, the highest in all the regions (Exford Economics).

# Tourism & Real Estate

As part of Saudi Arabia's economic diversification efforts, tourism, both business and leisure and real estate development have been identified as areas with significant potential in the Eastern Province. The Eastern Province has various attractions and potential for tourism development. The region's rich cultural heritage, historical sites, beaches, and natural landscapes provide opportunities for leisure tourism.

# Mining Industry

A central aim of Vision 2030 is to expand the Kingdom's mining industry with a growth target of SAR 97 billion, and 90,000 jobs. The Eastern province is likely to play a significant role in the expansion of this industry.

# Economic Cities

A key pillar of government plans is the development of "economic cities", one of which will be located in the Eastern Province, that initiated around USD 70 billion of investment. The establishment of these cities should lessen the region's vulnerability to oil price fluctuations.

### King Salman Energy Park

The Eastern Province will continue to be the focal point of Saudi Arabia's strategy to maintain its dominance in the global energy market. One of the largest energy projects in the Eastern Province is the Kind Salman Energy Park (SPARK) to be undertaken by Saudi Aramco. It is estimated that the energy park will contribute SAR 22.5 billion to the national GDP annually once fully developed by 2035.

### 2.65 **DMA GDP Growth. 2010 - 2030**

Like many other regions in Saudi Arabia and around the world, Dammam's economy experienced a contraction in 2020 and a slower recovery in 2021 as a result of the COVID-19 pandemic. The contraction of Dammam's GDP by 5.6% in 2020 and a further contraction of 0.9% in 2021 can be attributed to factors such as reduced business activity, travel restrictions, and decreased consumer spending.

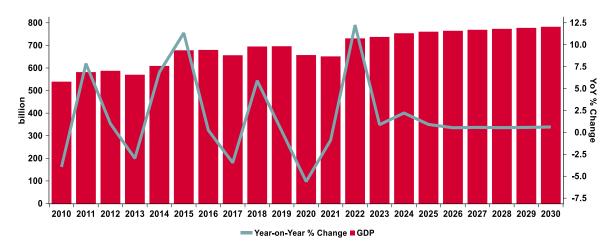

Together, the government's efforts to diversify the economy and the rise in oil prices have had a positive effect on the Saudi economy. As a result, Dammam's GDP grow by 12.2 % in 2022, (Exford Economics).

Dammam's economy recorded a historical CAGR of 2.6% between 2010 and 2022. From 2022 to 2030, this rate is expected to decrease to 1% (Oxford Economics).

# **GDP Growth, 2010 - 2030**

# 2.66 Employment Trends - DMA

Dammam's employed population stood at 1.27 million in 2022 and is expected to reach 1.37 million in 2030, implying a CAGR of 1% between 2022 and 2030, higher than the historical CAGR which was registered at -1.1% between 2015 and 2022.

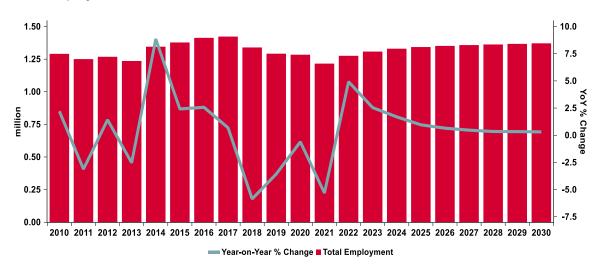

The employed population in DMA declined as a result of the departure of c. 102,240 expatriates from the workforce, a trend underpinned by the challenging economic backdrop and the Saudization program.

The industry and consumer services sectors are the largest employment sectors in DMA, accounting for 53% and 19% of total employment, respectively, in 2022.

### **Total employment**

Valuation Report prepared for Al Rajhi Capital | Confidential KF Ref: KFV279-2023

## 2.67 Consumer Spending - DMA

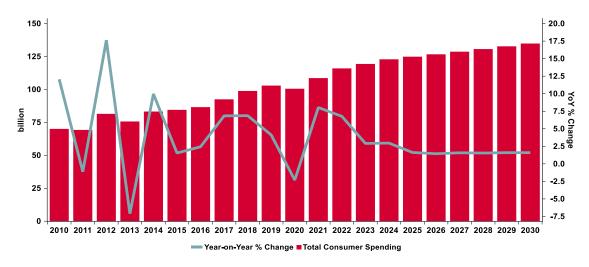

Consumer spending in Dammam totalled SAR 116 billion in 2022, increasing by 6.7% compared to 2021. Rising consumer spending can be influenced by various factors, such as improved economic conditions, increased disposable income, government stimulus measures, and consumer sentiment.

Consumer spending in Dammam is expected to remain on an upward trajectory over the coming years, reaching SAR 134 billion in 2023. The compound annual growth rate is expected to decelerate to 1.9% between 2022 and 2030 versus 4.6% between 2015 and 2022.

### **Consumer Spending**

## 2.68 **Population - DMA**

The population segmentation of Saudi Arabia shows that c. 67% of the population is concentrated in three provinces, namely Makkah, Riyadh, and the Eastern Province.

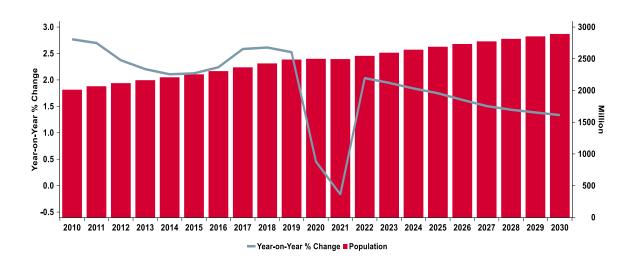

Dammam is the most populous city in the Eastern Province, with a population standing at 2.5 million as of 2022, according to Oxford Economics.

DMA population is expected to grow at a CAGR of 1.6% from 2022 to 2030, reaching 2.9 million by 2030. A large and growing population, albeit at a slower pace than in previous years, will continue to drive demand for goods and services in the medium to long term.

# **Population Evolution**

### 2.69 DMA Total Number of Households

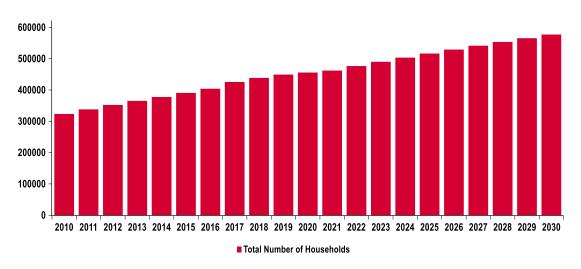

The total number of households in DMA stood at 476,500 in 2022. The population is expected to grow at a CAGR of 1.6% between 2022 and 2030, where the total number of households is forecast to reach 577,260 by 2030.

The average household size in DMA stood at 5 individuals in 2022. The average household size for DMA is expected to reach 4.7 individuals by 2030. The decline in household size is expected to strengthen demand for higher-density developments, as households try to find more affordable units.

## **Total Number of Households**

## 2.70 Household Disposable Income - DMA

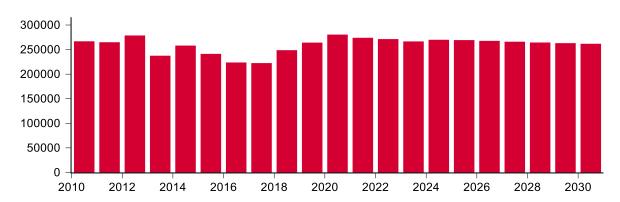

In 2022, the average household personal disposable income decreased by 1% to SAR 271,328 from SAR 273,949 in 2021. Based on the forecast, it is expected that the average household disposable income will remain largely at the same level over the forecasted period.

The growth in average household personal disposable income has generally been unimpressive over the past few years and has exacerbated the rising housing affordability challenge in the city.

# Average household disposable income

### **DMA Office Market Overview**

## 2.71 Key Findings

Demand for office space is expected to increase from current levels as economic reforms under the National Transformation Plan (NTP) and Vision 2030 continue to feed through the wider economy, translating into an acceleration of growth in the non-oil private sector. Moreover, the implementation of various urban regeneration initiatives, including mixed-use communities and large-scale infrastructure projects.

Supply

By the end of Q3 2023, the existing office supply stood at 1.3 million sqm, mainly dominated by Grade A office stock. The current pipeline suggests that the supply is expected to increase to around 1.5 million sqm by 2025. The upcoming supply is expected to include projects such as KFUPM Business Park and Ansari Tower. The majority of the upcoming supply is privately held developments, the governmental backed projects and masterplans are yet to initiate in the eastern province.

### **Lease Rates**

The office market in DMA started showing signs of recovery during 2022 as commercial activity started picking up. During Q3 2023, Grade A office rents stood at around SAR 1,000 per sqm, increasing at an annual rate of 5.2%. Similarly, Grade B rents increased by around 3.3%, reaching SAR 620.

#### Government Initiatives

The government has been implementing various initiatives to diversify the economy of DMA and the wider Eastern Province. The tourism Industrial & Manufacturing sectors have been identified as promising sectors for diversification. Efforts have been made to develop and promote these sectors in the Eastern Province.

#### Occupancy Rates

Grade A occupancy levels currently sit at 80%, marking a 3-percentage point increase compared to the same period last year. This highlights the demand for office spaces, putting landlords in a strong negotiating position. In contrast, city-wide Grade B occupancy levels are at 67%, further emphasizing the market's preference for Grade A spaces.

#### Outlook

We anticipate that demand for prime and best-in-class space will continue to rise from both international corporates and newly formed public-private sector companies, fuelled by continuing government-led economic reforms that will infuse renewed confidence and accelerate business growth.

## 2.72 Office Buildings Classification: Definition

Commercial buildings are classified into three main categories: Grade A, Grade B, and Grade C based on several factors such as the location of the property, age, maintenance, landlord credibility, and rated tenants. Grade A tends to be the most sought-after category, but it is subject to the tenant and their needs and the available budget.

	Grade A	Grade B	Grade C
Building specifications	Premium architecture with state-of-the-art finishing     Located in prime areas within central business districts	Dated interior but properly maintained     Located around or close to central business districts	Dated interior and not properly maintained     Located in old business districts or main city roads
Tenant Profiles	Multinational/International     Large corporates	Local firms     Small to medium enterprises	Small businesses
Parking	Adequate tenant parking     Guests parking available	Adequate tenant parking	Minimal parking
Building Features	Advanced security system and security personals available     Gym. cafe, restaurants	Security system or personnel available     Minimal facilities	Minimal security presence     No additional facilities
Lease Rates	Premium rental rates	Average rental rates	Lower than average rental rates

# 2.73 Evolution of Quality Supply

As of Q3 2023 the total supply in DMA stands at 1.3 million sqm. Between 2011 and 2022, DMA's total office supply grew at a compounded annual growth rate (CAGR) of 5.1%, with total supply reaching 1.26 million square meters of GLA by the end of 2022.

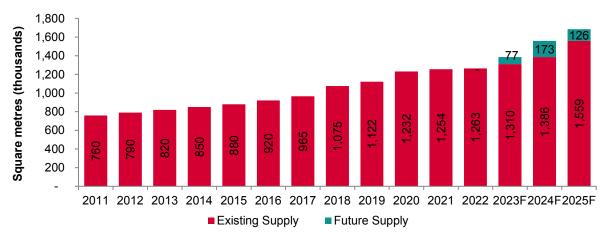

Between 2023 and 2025, DMA's office supply is expected to grow at a CAGR of 6.4%, higher than the historical CAGR.

Upcoming projects include KFUPM Business Park and Ansari Tower and other smaller office developments spread across the DMA commercial corridors.

# Office Supply

## 2.74 Distribution of Existing Office Supply by Categories (sqm GLA)

As of Q3 2023, the total GLA of office space stands at over 1.3 million sqm. Grade A developments make up the majority of the supply (46%).

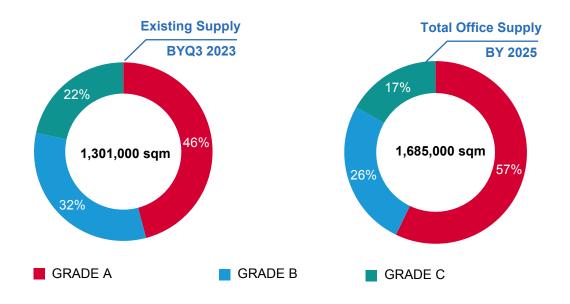

The total office market is expected to witness the addition of around 375,000 sqm of quality GLA by 2025, assuming no further construction delays.

The majority of the upcoming office developments are part of mixed-use properties, where several commercial components are combined- especially office and retail.

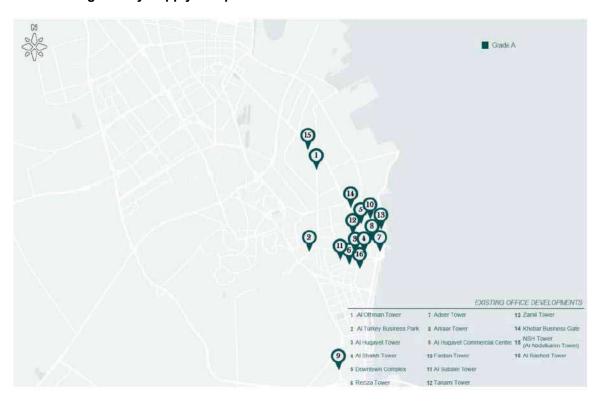

# 2.75 DMA Existing Quality Supply Samples

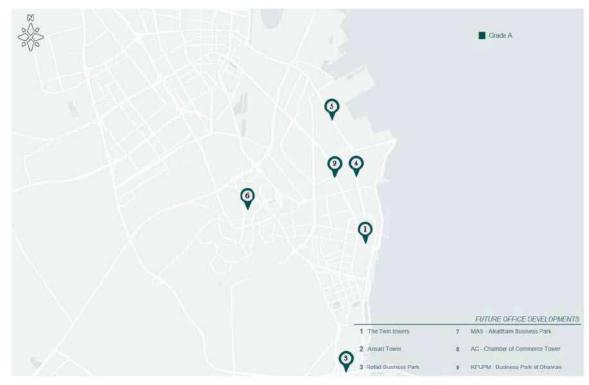

Prime and Grade A office space account for a total GLA of c. 57,600 square meters. c. 45% of the total leasable space in DMA. The majority of this leasable space is located along King Fahad, Prince Turki and King Faisal Streets.

# **Existing Quality Supply Samples**

# **DMA Future Office Supply Sample**

## 2.76 Average Lease Rates Across Office Spaces and City-Wide Occupancy Levels

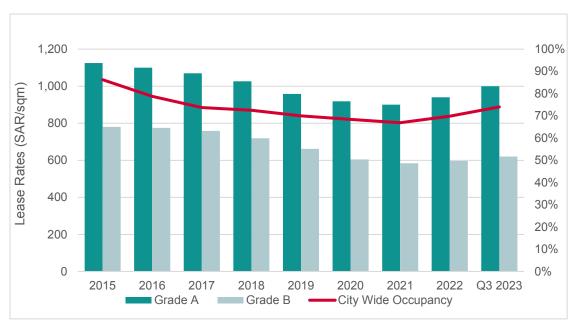

The office market in DMA started showing signs of recovery during 2022 as commercial activity started picking up. During Q3 2023, Grade A office rents stood at around SAR 1,000 per sqm, increasing at an annual rate of 5.2%. Similarly, Grade B rents increased by around 3.3%, reaching SAR 620.

Vacancy levels in the across office segments were rising between 2013 and 2021. However, vacancy levels began to fall throughout 2022 and the first nine months of 2023. The trend is supported by positive economic sentiment, which has also impacted office demand in the Eastern Province. In Q3 2023, market-wide vacancy levels edged downward, standing at 26%.

# DMA grade A office lease rates (SAR/m2)

## **DMA Retail Market Overview**

# 2.77 Key Findings

Demand

Demand from retailers for new space continues to soften in the DMA. Mixed-use developments featuring a diverse F&B mix, entertainment, and recreational components have maintained a 90-95% occupancy rate. However, those mall owners that have been slower to adapt to shifting consumer behaviour have experienced a flight of retailers to developments that offer a superior customer experience and appealing lifestyle and public realm aspects.

Supply

The existing retail supply in DMA as of the end of Q3 2023 is estimated at 1.28 million sqm. Taking into account the future retail project pipeline, the total retail supply is expected to exceed 1.48 million sqm by the end of 2025. This future supply is anticipated to shift the balance of retail categories in favour of the super-regional mall segment which would see its proportionate share increasing to 41% of the total retail supply by the end of 2025.

**Lease Rates** 

Super-regional and regional malls experienced a 2% year-on-year decrease in lease rates, reaching an average rate of SAR 2,250 psm. In contrast, community mall lease rates declined by 1.2% to SAR 1,610 psm during the same period, indicating the higher resilience of this category to market conditions.

### Market Trends

As the retail supply continues to expand, we are seeing a greater focus on lifestyle, leisure and entertainment elements in shopping malls. The integration of these elements is meant to increase shoppers' time spent at the malls to combat the evergrowing threat of e-commerce. In addition, the lifestyle elements are especially attractive for a sizeable portion of young Saudi National customers. Entertainment and F&B elements have therefore become an essential component for future retail developments.

### Occupancy Rates

Given subdued demand and a large supply pipeline, lease rates and occupancy levels are expected to remain under pressure over the short term. However, we expect entertainment-focused retail development to show more resilience when facing challenging market conditions and enable it to outperform the rest of the market.

#### Outlook

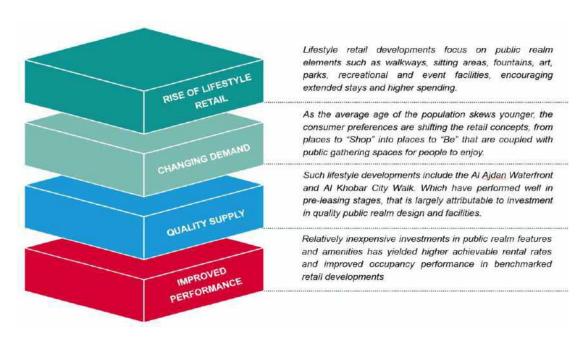

Given a large supply pipeline and lack of demand, lease rates and occupancy are expected to remain under pressure over the short term. However, well-designed and lifestyle-oriented retail developments will likely show more resilience to the challenging market conditions, which would in turn enable them to outperform the general market.

### 2.78 Rise of Entertainment and Lifestyle

As the retail supply pipeline continues to expand, we believe future supply will need to be lifestyle-oriented, with a focus on leisure and entertainment. A very large and growing population of young Saudi customers favour retailers that emphasize lifestyle-enhancing, experience-based platforms.

## 2.79 Evolution of quality organized retail supply

As of Q3 2023, the total GLA of retail space stands at over 1.28 million sqm. Between 2015 and 2022, DMA's retail stock grew at a compounded annual growth rate (CAGR) of 6.7%.

Between 2023 and 2025, DMA's retail supply is expected to grow at a CAGR of 5.2%, a much lower rate compared to historical CAGR.

Upcoming projects include one super regional mall and 3 regional malls, In addition to other smaller developments.

## **Evolution of DMA Retail Supply**

# 2.80 Evolution of quality organized retail supply

As of Q3 2023, the total GLA of retail space stands at over 1.28 million sqm. With quality regional malls making up the majority of the supply.

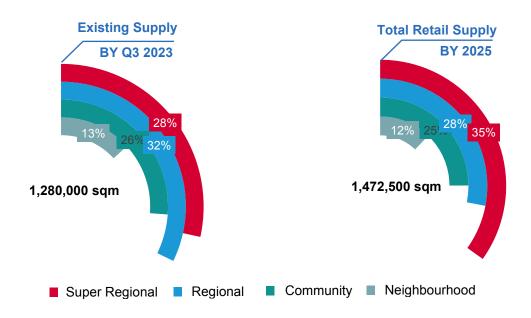

The total retail market is expected to witness the addition of around 192,500 sqm of quality GLA by 2025, assuming no further construction delays.

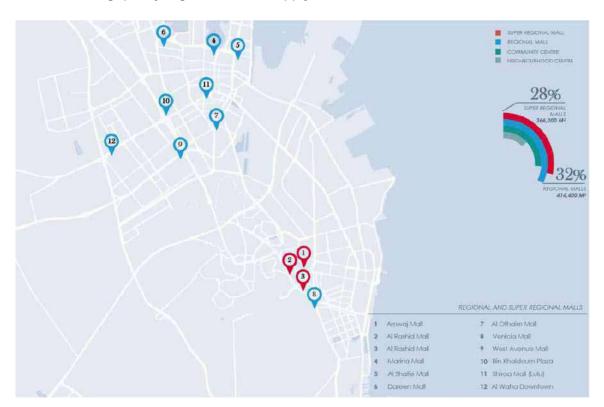

Developers are seeking to enhance consumer experiences and increase dwelling times through tenant mixes and increasing F&B or entertainment elements in their retail developments.

# 2.81 DMA existing quality organised retail supply

# 2.82 DMA future quality organised retail supply

# 2.83 Average Lease Rates in Quality Organised Retail Developments

The rise of lifestyle retail developments and their ability to maintain occupancy levels and lease rates has encouraged owners of traditional retail centres to enhance their offerings and tenant mix.

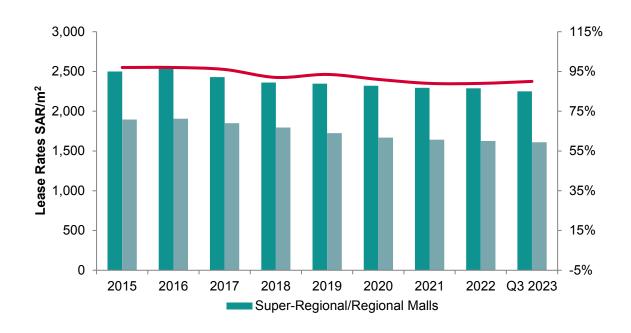

In Q3 2023, Super regional and regional mall lease rates declined by 2% to an average of SAR 2,250 per sqm.

City-wide occupancy levels have been declining across traditional retail centres since 2020 as a result of changing consumer behaviours. Currently occupancy currently standing at 90%, up from 89% during Q3 2022.

# Average Lease Rates Across Retail Types and City-Wide Occupancy Levels

# Source of information

Our market analysis has been undertaken using market knowledge within Knight Frank, enquiries of other agents, searches of property databases, as appropriate and any information provided to us.

# **Investment overview**

2.84 We have had regard to REIT transactions across the Office, Industrial and Retail Sector across KSA which we have listed below:

Office Transactions:

Name	Location	Туре	Initial Yield	Year Acquired	Commentary
Al Raed Offices	Riyadh	Office	8.0%	2021	Acquired by Riyadh REIT in August 2021. Leased at 100% occupancy for 3 years to government tenant on triple net lease. Acquired for SAR 184,437,500.
i-Offices	Riyadh	Office	7.74%	2021	Three towers acquired by SICO REIT in March 2021 at 100% occupancy. The gross annual rent at the time of purchase was SAR 10.45m. Acquired for SAR 135,000,000.
Elegance Tower	Riyadh	Office	7.02%	N/A	3 years lease to government at SAR 30 M pa. Acquired for SAR 424,350,000.
Al Sahafa Building 1	Riyadh	Office	8.61%	N/A	Freehold. Acquired for SAR 50,102,756.
Al Sahafa Building 2	Riyadh	Office	8.72%	N/A	Freehold. Acquired for SAR 53,544,744
Al Henaki Business Center	Jeddah	Office	6.53%	2023	Acquired in August 2023 with a Net Operating Income of SAR 33,000,000 by Al Rajhi REIT.
Verdun Tower	Riyadh	Office	7.40%	2022	Acquired in March 2022 by Musharaka REIT. Occupancy at 100% with 33 different tenants. 59% of the revenue generated from four major tenants. Acquired for SAR 235,000,000.
Moon Tower	Riyadh	Office	7.44%	2023	Acquired in December 2023 by Moton Real Estate Company. Occupancy at 94% operating with a net income of SAR 23,000,000 and acquired for SAR 300,500,000.

Source: Knight Frank Research

Warehouse Transactions:

Name	Location	Туре	Initial Yield	Year Acquired	Commentary
Al Sharq Warehouse Complex	Riyadh	Warehouse	7.10%	2023	Derayah REIT has sold this asset for SAR 158,000,000. The transaction completed in July 2023. Our research suggest that the passing rent is currently SAR 11.2m and given we expect there to be limited expenditure on warehouses units we would expect the NIY to be approximately 7.1%. We would caveat this saying this is subject to the most recent publicly available information.
Akun Cold Storages	Jeddah, King Faisal Naval Base	Warehouse	7.50%	2021	Cold storage facilities of 12,889 sq m of BUA were acquired by Al Khabeer REIT for SAR 213,400,000 on June 2021. The property is subject to a 5-year binding leasing contract with an NOI of SAR 16 million per year.
Al Sharq Warehouse Complex	Riyadh	Warehouse	8.00%	2020	Gated logistic complex consisting of 193 units, purchased in September 2020 by Derayah REIT for SAR 140,000,000. 164 Units are storage warehouses and 29 are retail warehouses/offices. Occupancy at 90% at time of purchase.
Lulu Warehouse	Kharj Road, Riyadh	Warehouse	7.25%	2018	Built to suit logistics and distribution centre for Lulu Supermarkets. Sold in late 2018 for SAR 52.3 m off an NOI of SAR 3.795m reflecting 7.25% initial yield. Acquired by Al Rajhi Capital REIT. There were 8 bidders on this asset and we consider the price paid was at the sharp end, arguably keener than the wider market.
Al-Sulay Warehouse	Riyadh	Warehouse	7.32%	2017	Multi occupied (30 tenants) warehouse complex (26 warehouses) with a BUA of 46,158 sq m, which was acquired by Al Mathaar REIT for SAR 75,502,675 of an NOI of SAR 5,523,550 pa. The asset is 20 years old, land amounts to 54,075 sq m.
Ha'er warehouse	Riyadh	Warehouse	6.40%	2017	Multi occupied warehouse complex with 28 tenants with a BUA of 11,970 sq m, which was acquired by AI Mathaar REIT for SAR 27,281,888, of

Name	Location	Туре	Initial Yield	Year Acquired	Commentary
					an NOI of SAR 1,747,000 pa. The asset is 9 years old, land amounts to 13,544.45 sq m.
Al Khorayef	Riyadh	Warehouse	8.66%	N/A	Acquired by Shuaa REIT, comprising 66 warehouses. Acquired for SAR 130 m off an NOI of SAR 11.255 m.

Source: Knight Frank Research

## Retail Transactions:

Name	Location	Туре	Initial Yield	Year Acquired	Commentary
Ajdan Entertainment Complex	Khobar	Retail	7.59%	2022	This is a commercial complex situated on Al-Amir Al-Turki Street in Al-Khobar city, with a land area of 6.87 thousand square meters. The complex comprises four showrooms and cinemas.
Irqah Plaza	Riyadh	Retail	8.00%	2021	This is a commercial center situated on Mishaal bin Abdulaziz Street, in the Al-Arqa neighborhood. The center is built on a land area of 14,269 thousand square meters.
Alhamra Plaza	Riyadh	Retail	7.50%	2021	This is a property situated on Al-Batha Street in the Al-Mansoura district, located in the heart of Riyadh. The property sits on a land area of 21.12 thousand square meters.
Oasis Mall	Al Kharj	Retail	8.96%	2022	This property is a mall located in Alkharj and Acquired in February 2022 for SAR 93,000,000 with a Net Operating Income of SAR 8,334,085 by Al Rajhi.
Ajdan Entertainment	Dammam	Retail	7.13%	2022	This property was acquired by Sedco in May 2022 for 164,750,000 with a Net Operating Income of SAR 11,741,838.
Extra Store	Dammam	Retail	7.15%	2021	This property was Acquired by Sedco in December 2021 for SAR 52,927,875 with a Net Operating Income of 3,785,600

Source: Knight Frank Research

### **Capitalisation rates**

2.85 In coming to our opinion of Fair Value, we have taken into account the comparables above and have allocated a variety of different capitalisation rates to the various Properties depending on their risk and income profile.

# 3. Valuation Assumptions, Definitions and General Comments

### Methodology

3.1 Our valuation has been undertaken using appropriate valuation methodology and our professional judgement.

### **Investment Method**

Our valuation has been carried out using the comparative and investment methods. In undertaking our valuation of the property, we have made our assessment on the basis of a collation and analysis of appropriate comparable investment and rental transactions, together with evidence of demand within the vicinity of the subject property. With the benefit of such transactions we have then applied these to the property, taking into account size, location, terms, covenant and other material factors.

### **Comparable Method**

3.3 In undertaking our valuation of the property, we have made our assessment on the basis of a collation and analysis of appropriate comparable transactions, together with evidence of demand within the vicinity of the subject property. With the benefit of such transactions we have then applied these to the property, taking into account size, location, aspect, ESG-related factors and other material factors.

### **Valuation Date**

### **Valuation Date**

3.4 The valuation date is 31 December 2023.

### Valuation Bases

### Fair Value

Fair Value is defined within **RICS Valuation – Global Standards / IVS**, adopting the definition of the International Accounting Standards Board (IASB) in IFRS 13, as:

"The price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date."

### **Market Rent**

The basis of valuation for our opinion of rental value is Market Rent. This is defined in RICS ValuationGlobal Standards as:

"The estimated amount for which an interest in real property should be leased on the valuation date between a willing lessor and a willing lessee on appropriate lease terms in an arm's length transaction, after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion".

### **Property Issues**

### Measurement

3.7 As agreed with the client, we have relied upon areas provided to us by them. No further verification has been undertaken.

### **Legal Title**

- 3.8 We do not undertake searches or inspections of any kind (including web-based searches) for title or price paid information in any publicly available land registers.
- 3.9 Unless specifically referred to in this Valuation Report, we have assumed a good and marketable title and that all documentation is satisfactorily drawn and that the property is not subject to any unusual or onerous covenants, restrictions, encumbrances or outgoings.
- 3.10 We recommend that our understanding of all legal title issues is referred to your legal advisers for their confirmation that our understanding is correct. It is also particularly important that your legal advisers should be asked to check whether there have been any transactions relating to the property which reveal price paid information which we should be made aware of.
- 3.11 If any matters come to light as a result of your legal adviser's review of these issues, we request that these matters are referred back to us, as this information may have an important bearing upon the values reported.
- 3.12 Any tenure assumptions should be verified by your legal advisors. If they prove incorrect, any variation may have a material impact on value and should be referred back to us for further comment.
- 3.13 In the absence of a copy lease, unless specifically referred to in this Valuation Report, we have assumed that normal covenants and liabilities devolve upon the lessee, where relevant. It is further assumed that there are no onerous restrictions or outgoings contained within the lease that would impact on the valuation provided within this report.

### Rights of Way

3.14 Unless specifically referred to in this Valuation Report, we have not been advised of any right of way, easement, wayleaves or similar which may potentially have a detrimental impact upon the valuations in this report. We recommend that your legal advisers confirm that our understanding is correct.

### Covenant

3.15 Although we reflect our general understanding of the status of any tenants, we are not qualified to advise you on their financial standing.

### Condition

- 3.16 Unless specifically referred to in this Valuation Report, we have not undertaken a building or site survey of the property.
- 3.17 Apart from any matters specifically referred to in this Valuation Report, we have assumed that the property is in sound order and free from structural faults, rot, infestation or other defects, and that the services are in a satisfactory condition.

3.18 As part of our inspection we did not inspect any inaccessible areas. We are unable to confirm whether the property is free from urgent or significant defects or items of disrepair.

### **Deleterious Materials & Latent Defects**

3.19 Unless specifically referred to in this Valuation Report, we have not been advised of any deleterious materials or latent defects affecting the property.

### **Services**

- 3.20 No tests have been undertaken on any of the services.
- 3.21 Unless specifically referred to in this Valuation Report, we have assumed for the purpose of this valuation that main supplies of gas, electricity, water, drainage and telecommunications are all available to the property.

### **Environmental Issues**

### **Environmental / Contamination**

- 3.22 Investigations into environmental matters would usually be commissioned from suitably qualified environmental specialists. Knight Frank is not qualified to undertake scientific investigations of sites or buildings to establish the existence or otherwise of any environmental contamination, nor do we undertake searches of public archives to seek evidence of past activities which might identify potential for contamination.
- 3.23 Unless specifically referred to in this Valuation Report, while carrying out our valuation inspection, we have not been made aware of any uses conducted at the subject property that would give cause for concern as to possible environmental contamination. Likewise, during our inspection, there was no visible contamination on site. Our valuation is provided on the assumption that the property is unaffected.

### **Ground Conditions**

3.24 Unless specifically referred to in this Valuation Report, we have not been provided with a copy of a ground condition report for the site. We have assumed that there are no adverse ground or soil conditions and that the load bearing qualities of the site are sufficient to support the buildings constructed thereon.

### **Flooding**

3.25 We have assumed that the property is not within an indicative floodplain and that there is therefore a negligible risk of flooding.

### Mining

3.26 We have not investigated ground conditions. Unless specifically referred to in this Valuation Report, so far as we are aware, the property is not situated in a known mining area. Unless advised to the contrary, our valuation is on the basis that there is no unidentified adverse ground, or soil conditions and that the load bearing qualities of the property are sufficient to support the buildings constructed or to be constructed thereon.

3.27 Where the property is situated in an area within which historic or current mining is suspected, our valuation assumes that the property is not affected by such mining. But, in the event that a mining survey (or equivalent) reveals an adverse position, our valuation could be materially affected.

### **High Voltage Equipment**

3.28 Unless specifically referred to in this Valuation Report, while carrying out our inspection, we did not become aware of any high voltage electrical supply equipment close to the Property. The possible effects of electric and magnetic fields have been the subject of media coverage, with the result that where there is high-voltage electrical supply equipment close to the property, there is a risk that public perception may affect marketability and value.

### **Statutory Enquiries**

### **Planning**

3.29 It is assumed either that the building(s) complies with all necessary planning and building regulation approvals as appropriate, or that the building(s) to be constructed will comply with all necessary Planning, Listed Building and Building Regulation approvals as appropriate.

### **Highways & Access**

- 3.30 Unless specifically referred to in this Valuation Report, we have assumed that there are no current highway proposals in the immediate vicinity likely to have a detrimental effect upon the property within the foreseeable future.
- 3.31 Unless specifically referred to in this Valuation Report, in reporting our opinion of value, we have assumed that there are no third party interests between the boundary of the subject property and the adopted highways and that accordingly the property has unfettered vehicular and pedestrian access.
- 3.32 Where access to the property from the highway is currently via a right of way over a private roadway, which is owned by a third party, we have assumed for the purposes of this Valuation Report that the subject property can fully benefit from this right of way. We would however strongly recommend that your legal advisers are asked to confirm the position.

### **Fair Value**

### **Aggregate Fair Value**

3.33 We are of the opinion that the aggregate Fair Value of the subject interests in the properties forming the Portfolio, subject to the assumptions and caveats detailed herein, at the valuation date is:

### SAR 2,904,000,000

(Two Billion, Nine Hundred and Four Million Saudi Arabian Riyals)

# Appendix 1 Instruction Documentation

### Al Rajhi REIT

For the attention of Abdullah Alsalloom

Our Ref: KFV279-2023

05 July 2023

Dear Sirs

### Terms of Engagement for Valuation Services for the property listed in section 2

Thank you for your enquiry requesting a portfolio valuation report in respect of the property detailed below (the "Property"). We are writing to set out our agreed terms of engagement for carrying out this instruction which comprise this Terms of Engagement letter (this "Letter") together with our General Terms of Business for Valuation Services (the "General Terms"). This Letter and the General Terms (together, the "Agreement") exclude any other terms which are not specifically agreed by us in writing save for the terms stated in the request for proposal, however, in the event of any conflict between the terms of proposal and this Agreement, this Agreement terms shall prevail. To the extent that there is any inconsistency between this Letter and the General Terms, this Letter shall take precedence.

You and we agree that, to the extent that any legal system would (but for the provision of this paragraph) impose (whether by contract or by statute or otherwise) any obligation to pay interest, the parties hereto irrevocably and unconditionally expressly waive and reject any entitlement to recover interest from each other. Clause 10.2 of the General Terms is hereby deemed deleted and shall not form part of the Agreement.

### 1. Client

Our client for this instruction is Al Rajhi Capital (the "Client", "you", "your").

### 2. Property to be valued

The Property to be valued is as follows:

Property Address	Tenure
Baraem Rowad Al Khaleej International Schools	Freehold
Rowad Al Khaleej International Schools	Freehold
Rowad Al Khaleej International Schools	Freehold
Al Salam Specialty Hospital	Freehold
Lulu Hypermarket	Freehold

Riyadh Avenue	Freehold

### 3. Valuation standards

The Valuation will be undertaken in accordance with the current edition of RICS Valuation - Global Standards, incorporating the International Valuation Standards,

Knight Frank is licensed by the Saudi Authority of Accredited Valuers (Taquem) and the valuer responsible for this instruction is a Taquem Certified Valuer.

### 4. Status of valuer and disclosure of any conflicts of interest

For the purposes of the Red Book, we are acting as External Valuers, as defined therein.

We confirm that we do not have any material connection or involvement giving rise to a conflict of interest and are in a position to provide an objective and unbiased valuation.

We draw to your attention that if you subsequently request and we agree to the Valuation being re-addressed to a lender (for which we shall make an additional charge), the Valuation may not meet their requirements, having originally been requested by you. We will only readdress the Valuation once we have received a signed reliance letter in our standard format from the new addressee. Please note also that no update or alterations will be made to the Valuation prior to its release to any new addressee.

### Valuer and competence disclosure

The valuer, on our behalf, with responsibility for the Valuation will be Stephen Flanagan MRICS, RICS Registered Valuer (the "Lead Valuer"). Parts of the Valuation may be undertaken by additional valuers within the firm.

We confirm that we meet the requirements of the Red Book in having sufficient current knowledge of the particular market and the skills and understanding to undertake the Valuation competently.

### Purpose of valuation

The Valuation is provided solely for the purpose of Financial Reporting under IFRS (the "Purpose") and in accordance with clause 4.1 of our General Terms may not be used for any other purpose without our express written consent.

### 7. Limitation of liability and restrictions on use

Clause 3.1 of the General Terms limits our liability to SAR 1 million under this instruction.

Nothing in this Agreement excludes or limits our liability to the extent that such liability may not be excluded or limited as a matter of applicable law.

Neither party shall be liable to the other party for any indirect, special, punitive or consequential loss or damage (including loss of profit, loss of contract, loss of opportunity) howsoever caused whether in contract, tort, negligence or otherwise.

### Third party reliance

Clause 4.2 of the General Terms states that no liability is accepted to any third party for the whole or any part of the Valuation.

### Disclosure

Clauses 4.3 to 4.6 of the General Terms limits disclosure and generally prohibits publication of the Valuation. As stated therein, the Valuation is confidential to the Client and neither the whole, nor any part, of the Valuation nor any reference thereto may be included in any published document, circular or statement, nor published in any way, without our prior written consent and written approval of the form or context in which it may appear.

### 8. Basis of valuation

The Valuation will be undertaken on the following basis, as defined in the Red Book:

Fair Value.

### 9. Special assumptions and assumptions

### Special assumptions

In addition to section 8 above, the Valuation will be undertaken on the following special assumptions:

You have not requested any valuations on special assumptions.

### Assumptions

The Valuation will necessarily be based upon a number of assumptions, as set out in the General Terms, this Letter and within the Valuation.

### 10. Valuation date

Under this agreement, we will produce 4 valuation reports of different valuation dates as set out below:

- As of 30 June 2023
- As of 31 December 2023
- As of 30 June 2024
- As of 31 December 2024

### 11. Currency to be adopted

The valuation figures will be reported in Saudi Riyals (SAR).

### 12. Extent of inspection and investigations

We have agreed the following specific requirements in relation to the Valuation:

### Inspection

You have instructed us to inspect the Property internally / by going onto the site, as well as externally.

### 13. Information to be relied upon

We will rely on information provided to us by you or a third party and will assume it to be correct. This information will be relied upon by us in the Valuation, subject only to any verification that we have agreed to undertake.

Where we express an opinion in respect of (or which depends upon) legal issues, any such opinion must be verified by your legal advisers before any Valuation can be relied upon.

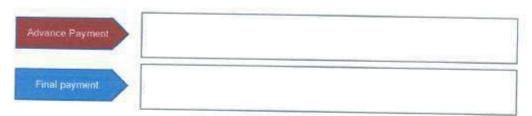

Please inform us as to whether there has been a purchase price recently agreed or transacted in respect of the Property. Please note that the Valuation will comment as to whether any such information has been revealed and if not, will contain a further request that this information must be provided to us before the Valuation is relied upon.

### 14. Report format

The Valuation will be prepared in our standard format which will be compliant with the Red Book and will take into account any reasonable requests made by you at the relevant time.

### 15. Fees and expenses

Payment of our fee is required in advance. Before the Valuation is discussed or issued the invoice must have been settled.

The scope of our work is set out in the Agreement. In accordance with clause 10.5 of the General Terms, if we are instructed to carry out additional work that we consider either to be beyond the scope of providing the Valuation or to have been requested after we have finalised the Valuation (including, but not limited to,

due to reasons outside our control.

commenting on reports on title) we will charge additional fees for such work. We will endeavour to agree any additional fees with you prior to commencing the work

Where additional work is requested after we have issued the Valuation, please note that we cannot guarantee the availability of the Lead Valuer or any additional valuers that may have been involved in the preparation of the Valuation (especially where such requests are received on short notice). Please note also that we will require sufficient time for completion of such additional work.

### 16. Acceptance

Please sign and return a copy of this Letter signifying your acceptance of the terms of the Agreement. We reserve the right to withhold any Valuation and/or refrain from discussing it with you until this Letter has been countersigned and returned. Your attention is drawn to the "Important Notice" in the General Terms. If you have any questions regarding this Letter and/or the terms of the Agreement between us please let us know before signing this Letter or otherwise giving us instructions to proceed.

Thank you for instructing Knight Frank Spain Saudi Arabia Real Estate Valuations Company.

Yours faithfully

Stephen Flanagan MRICS

Attached - General Terms of Business for Valuation Services

N. X

Signed for and on behalf of Al Rajhi Capital

KF Ref: KFV279-2023

10 July 2=23

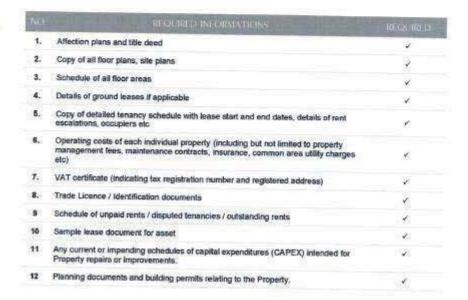

Date

### Annex 1 - Information from Client

Please supply us with the following information, which will be required by us in order to commence work on the instruction:

### General Terms of Business for Valuation Services

if you have any queries relating to this Agreement please let us know as soon as possible and in any event before signing the Letter and/or giving us instructions to proceed.

Your instructions to proceed in writing will constitute your offer to purchase our services on the terms of the Agreement.

Accordingly, our commencement of work pursuant to your instructions and executing this Agreement shall constitute acceptance of your offer and as such establish the contract between us on the terms of the Agreement.

These General Terms of Business (the "General Terms") and our engagement letter (the "Letter") together form the agreement between you and us (the "Agreement"). References to "you", "your" etc. are to persons or entities who are our client and, without prejudice to clauses 3 and 4 below, to any persons purporting to rely on our Valuation.

Unless the context otherwise requires, all other terms and expressions used but not defined herein shall have the meaning ascribed to them in the Letter.

When used herein or in the Letter, the term "Valuation" shall mean any valuation report, supplementary report or subsequent/update report, produced pursuant to our engagement and any other reptiles or information we produce in respect of any such report and/or any relevant property. Any words following the terms "including", "in particular" or any similar expression shall be construed as illustrative and shall not limit the sense of the words preceding

All of the terms set out in these General Terms shall survive termination of the Agreement.

Our Ref: KFV279-2023

24

- 4.2 Without prejudice to clause 4.1 above, the Valuation may only be relied on by our Client. Unless expressly agreed by us an writing the Valuation may not be relied on by any third party and we will not be liable for any such purported reliance.
- 4.3 Subject to clause 4.4 below, the Valuation is confidential to our Client and must not be disclosed, in whole or in part, to any third party without our express written consent (to be granted or withheld in our absolute discretion). Subject to clause 3.8, no liability is accepted to any third party for the whole or any part of any Valuation disclosed in breach of this clause.
- 4.4 Notwithstanding any statement to the contrary in the Agreement, you may disclose documents to the minimum extent required by any court of competent jurisdiction or any other competent judicial or governmental body or the laws of the Kingdom of Saudi Arabia.
- 4.5 Neither the whole nor any part of the Valuation and/or any reference thereto may be included in any published document, circular or statement nor published in any way whatsoever whether in hard copy or electronically (including on any website) without our prior written consent and approval of the form and context in which it may appear.
- 4.6 You agree that we, anclor any Knight Frank Person, may be irreparably harmed by any breach of the ferms of this clause 4 and that damages may not be an adequate remedy. Accordingly, you agree that we anclor any Knight Frank Person may be entitled to the remedies of injunction or specific performance, or any other equitable relief, for any anticipated or actual breach of this clause.
- 4.7 You agree to indemnify and keep fully indemnified us, and each relevant Knight Frank Person, from and against all liabilities, claims, costs (including legal and professional costs), expenses, damages and losses arising from or in connection with any breach of this clause 4 and/or from the actions or omissions of any person to whom you have disclosed (or otherwise caused to be made available) our Valuation otherwise than in accordance with this clause 4.
- Knight Frank network
- 5.1 Knight Frank Spain Saudi Arabia Real Estate Valuations Company is a member of an international network of independent firms which may use the "Knight Frank" name and/or logos as part of their business name and operate in jurisdictions outside the United Arab Emirates (each such firm, an "Associated Knight Frank Entity").
- 5.2 Unless specifically agreed otherwise, in writing, between you and us: (f) no Associated Knight Frank Entity is our agent or has authority to enter into any legal relations and/or binding contracts on our behalf, and (ii) we will not supervise, monitor or be itable for any Associated Knight Frank Entity or for the work or actions or omissions of any Associated Knight Frank Entity, inespective of whether we introduced the Associated Knight Frank Entity to you.
- 5.3 You are responsible for entering into your own agreement with any relevant Associated Knight Frank Entity.
- 5.4 This document has been originally prepared in the English language. If this document has been translated and to the extent there is any ambiguity between the English language version of this document and any translation thereof, the English language version as prepared by us shall take precedence.
- 6. Severance

If any provision of the Agreement is invalid, illegal or unembrocable, the parties shall negotiate in good faith to amend such provision so that, as amended, it is legal, valid and enforceable and, to the greatest extent possible, achieves the intended commercial result of the original provision if express agreement regarding the modification or meaning or any provision affected by this clause is not reached, the provision shall be deemed modified to the minimum extent necessary to make it valid, legal and enforceable. If such modification is not possible, the relevant provision shall be deemed deleted. Any modification to or deletion of a provision under this clause shall not affect the validity and enforceability of the rest of this Agreement.

Our Ref: KFV279-2023

-

- 7. Entire agreement
- 7.1 The Agreement, together with any Valuation produced pursuant to it (the Agreement and such documents together, the "Contractual Documents") constitute the entire agreement between you and us and supersedes and extinguishes all previous agreements, promises, assurances, warranties, representations and understandings between you and us, whether written or orat, relating to its subject matter.
- 7.2 Subject to clause 3.8 above, you agree that in entering into the Agreement you do not rely on, and shall have no remedies in respect of any statement, representation, assurance or variantly (whether made innocently or negligently) that is not expressly set out in the Contractual Documents. You further agree that you shall have no claim for innocent or negligent misrepresentation based on any statement set out in the Contractual Documents.
- 7.3 The Letter and these General Terms shall apply to and be incorporated in the contract between us and will prevail over any inconsistent terms or conditions contained or referred to in your communications or publications or which would otherwise be implied. Your standard terms and conditions (if any) shall not govern or be incorporated into the contract between us.
- 7.4 Subject to clause 3.8 and clause 6, no addition to, variation of, exclusion or attempted exclusion of any of the terms of the Contractual Documents will be valid or binding unless recorded in writing and signed by duly authorised representatives on behalf of the parties.
- Assignment

You shall not assign, transfer, mortgage, charge, subcontract, declare a trust over or deal in any other manner with any of the rights and obligations under the Agreement without our prior written consent (such consent to be granted or withheid in our absolute discretion).

9. Force majeure

Neither party shall be in breach of this Agreement nor liable for delay in performing, or failure to perform, any of its obligations under this Agreement if such delay or failure results from events, circumstances or causes beyond its reasonable control.

- 10. Our fees
- 10.1 Without prejudice to clause 10.3 below, you shall be lable to pay our fees in accordance with the terms set out in the Letter. For the avoidance of doubt, unless expressly agreed otherwise in writing, the payment of our fees is not conditional on any other awants or conditions precedent.
- 10.2 ).
- 10.3 If we should find it necessary to use legal representatives or collection agents to recover monies due, you will be required to pay all costs and disbursements so incurred.
- 10.4
- 10.5
- 10.6 Where we agree to accept payment of our fees from a third party, such fees remain due from you until payment is received by us.
- 11. Anti-bribery, corruption & Modern Slavery
- 11.1 We agree that throughout the term of our appointment we shall
  - (a) comply with all applicable laws, statutes, regulations, and codes relating to anti-bribery and anti-comption including but not limited to the UK Bribery Act 2010, (the 'Relevant Requirements').
  - (b) not engage in any activity, practice or conduct which would constitute an offence under sections 1,2 or 6 of the UK Bribery Act 2010 if such activity, practice or conduct had been carried out in the UK;
  - (c) maintain anti-bribery and anti-corruption policies to compty with the Relevant Requirements and any best practice relating thereto; and

- (d) promptly report to you any request or demand for any undue financial or other advantage of any kind in connection with the performance of our services to you.
- 11.2 We take all reasonable steps to ensure that we conduct our business in a manner that is consistent with our Anti-slavery Policy and comply with applicable anti-slavery and human trafficking laws, statutes, regulations and codes from time to time in force including the UK Modern Slavery

### **Portfolios**

Properties/Issets comprising a portfolio, unless specifically agreed with you otherwise, will be valued separately and upon the assumption that the properties/assets have been marketed individually and in an orderly

Land Register inspection and searches
 We are not required to undertake searches or inspections of any kind
 (including web based searches) for title or price paid information in any
 publicly available land registers in the Kingdom of Saudi Arabia.

We will assume, unless specifically informed and stated otherwise, that We will assure, uness specificary informed and states ornerwise, that each properly asserbas a valid title and that all documentation is satisfactorily drawn and that there are no unusual outgoings, planning proposals, onerous restrictions or local municipality intentions which affect the property, nor any material litigation pending.

### 15. Disposal costs and liabilities

No allowance is made in our Valuation for expenses of realisation or for taxation which may arise in the event of a disposal and our Valuation is expressed as exclusive of any VAT that may become chargeable. Properties/Assetsare valued disregarding any mortgages or other charges

### 16. Sources of information

We rely upon the information provided to us, by the sources listed, as to details of tenure and tenancies, planning consents and other relevant matters, as summarised in our Valuations. We assume that this information is complete and correct.

### 17. Identity of property/assetto be valued

We will exercise reasonable care and skill (but will not have an absolute We will exercise reasonable care and sale pour will not have an appoint obligation to you) to ensure that the property, identified by the property/assetaddress in your instructions, is the property/asset inspected by us and contained within our valuation report. If there is ambiguity as to the property/assetaddress, or the extent of the property/assetto be valued, this should be drawn to our attention in your instructions or immediately upon receipt of our report.

Plans accompanying Valuations are for identification purposes only and must not be relied upon to define boundaries, title or easements. The site is identified or outlined by reference to information given to us and/or our understanding of the extent of the site.

- Planning, highway and other statutory regulations
   Enquiries of the relevant local municipalities in respect of matters affecting properties, where considered appropriate, are normally only obtained verbally, and this information is given to us, and accepted by us, on the basis that it should not be relied upon.
- 19.2 We assume that properties have been constructed, or are being constructed, and are occupied or used in accordance with the appropriate permits and consents and that there are no outstanding municipal or governmental notices
- 19.3 We assume that the premises comply with all relevant statutory and municipal requirements including the safety, civil defence and building. regulations.

### 20.

Property/Assetinsurance
Our Valuation assumes that each property/assetwould, in all respects, be insurable against all usual risks including terrorism, ground instability, flooding and rising water table at normal, commercially acceptable

Our Ref: KPV279-2023

### **Building areas and age**

Where so instructed, areas provided from a quoted source will be refied upon. Any dimensions and areas measured on location or from plan are calculated in accordance with or by reference to the current RICS Code of Measuring Practice and are quoted to a reasonable approximation. erence to their source. Where the age of the building is estimated, this is for guidance only.

### 22 Structural condition

Structural concernor

Building, structural and ground condition surveys are detailed investigations of the building, the structure, technical services and ground and soil conditions undertaken by specialist building surveyors or engineers and fall cutside the normal remot of a valuation. Since we will not have carried out any of these investigations (except where we separately agree in writing and are instructed to do so), we are unable to separately signed in whenig and are instructed to do so), we are unable to report that any property/asset is free of any shructural fault, rot, infestation or defects of any other nature, including inherent weaknesses due to the use in construction of deleterious materials. Via do reflect the contents of any building survey report provided to us in advance, or any defects or items of disrepair of which we are advised or which we note during the course of our valuation inspections but otherwise assume properties to be free from defect

### 23. Ground conditions

Unless informed otherwise in writing, we assume there to be no adverse ground or soil conditions and that the load bearing qualities of the sites of each property/assetare sufficient to support the building constructed or to be constructed thereon

### Environmental issues

- Environmental issues investigations into environmental matters by suitably qualified environmental specialists would usually be commissioned by most responsible purchasers or chargees of higher value properties or where there was any reason to suspect confamination or a potential future liability (whether following review of the environmental searches which should always be carried out by any purchaserichargee or their legal advisors, or for other reasons). Furthermore, such investigation would be pursued to the point at which any inherent risk was identified and quartified before a purchase proceeded. Where we are provided with the quantified before a purchase proceeded. Where we are provided with the conclusive results of such investigations, or which we are instructed to rely, these will be reflected in our Valuations with reference to the source and nature of the enquiries. We would endeavour to point out any obvious indications or occurrences known to us of harmful contamination encountered during the course of our valuation enquiries.
- 24.2 However, we are not environmental specialists and therefore we do not carry out any scientific investigations of sites or buildings to establish the existence or otherwise of any environmental contamination, nor do we undertake searches of public archives to seek evidence of past activities which might identify potential for confamination or any other environmental searches. If we are not provided with the results of appropriate investigations as outlined above and where there is no obvious indication of harmful contamination, our Valuation will be obvious indication or harmour comanniation, our variation will be provided on the assumption that the relevant property/assets unaffected. Where we are informed that contamination is suspected or confirmed, but adequate investigation has not been carried out and made available to us, then the Valuation will be qualified by reference to appropriate sections of the Red Book

### Minerals, timber, airspace etc. 25

Unless specifically agreed otherwise in writing and so stated within the main body of the relevant Valuation, we do not value or attempt to value or take into account any potential income stream or other beneficial or debimental effect or other factor relating to undiscovered or unquantified mineral deposits, timber, airspace, sub-ground space or any other matter which would not be openly known in the market and considered to have

### Legal advice

Legal advice.

We are appointed to provide valuation opinion(s) in accordance with our professional duties as surveyors. The scope of our service is limited accordingly. We are not qualified legal practitioners and we do not provide legal advice and any statements made by us, or advice given, in a legal context should be construed accordingly

- 26.2 Where appropriate we will liaise with your legal advisors. However, we accept no responsibility for any work carried out by them and we will not be liable for anything contained in legal documentation prepared by
- 26.3 Where we consider it is necessary for the provision of the Valuation and/or specifically agree to do so, and any additional fees we require for this work are agreed, we will read legal documents (including leases, licences etc.), however, (save for any comment concerning the impact of our interpretation of such documents on value) our interpretation of such documents on value) our interpretation of such documents cannot be retied upon to be legally correct. Where we do interpret legal documents, we will, for the purposes of providing our Valuation, assume our interpretation to be correct.

### Covenant

Covenant
We reflect our general appreciation of potential purchasers' Bioly
perceptions of the financial status of tenants. However, we do not carry
out detailed investigations as to the financial standing of the tenants,
except where specifically instructed, and assume, unless informed
otherwise, that in all cases there are no significant arrears of payment
and that they are capable of meeting their obligations under the terms of
leases and acrossments. leases and agreements.

### Loan security

Loan security. Where instructed to comment on the suitability of properlylassets a loan security we are only able to comment on any inherent properlylassetrisk. Determination of the degree and adequacy of capital and income cover for loans is the responsibility of the lender having regard to the terms of the loan.

### 29. **Build cost information**

In the provision of valuation services we do not hold ourselves out to have expertise in assessing build costs. Where our instruction requires us to have regard to build cost information, for example in the valuation of properties with development potential, we strongly recommend that you supply us with build cost and other relevant information prepared by a suitably qualified construction cost professional, such as a quantity surveyor. The Valuation will be stated to have been arrived at in reliance surveyor. The Valuation will be stated to have been arrived at in reliance upon the build cost information supplied to us, we may have regard to published build cost information. Build costs produced using this approach must be assumed to be unreliable or inaccurate; any retaince which can be placed upon our Valuation in these circumstances is severely restricted. Specialist professional advice on the build costs should be sought by you. If you subsequently obtain specialist build cost advice, we recommend that we are instructed to review our Valuation.

# 23

 Reinstatement assessments
 A reinstatement assessment for insurance purposes is a specialist service and we recommend that separate instructions are issued for this
 specific purpose. If an indication is required as a check against the adequacy of existing cover this should be requested and will be so stated sidequacy or existing cover mis serous be requested and who be so stated in the body of the relevant Valuation. Any indication given is provided for guidance only and must not be relied upon as the basis for insurance cover. In any event, our reinstatement assessment should be compared with the owner's and if there is a material difference, then a full reinstatement valuation should be reconsidered.

### 31. Comparable syidence

Where comparable evidence information is included in our Valuation, this information is often based upon our oral enquiries and its accuracy cannot always be assured, or may be subject to undertakings as to confidentiality. However, such information would only be referred to where we had reason to believe it or where it was in accordance with our expectation. In addition, we have not inspected comparable properties.

### Valuation bases

Valuations are carried out on a basis appropriate to the purpose for which they are intended and in accordance with the relevant definitions, commentary and assumptions contained in the Red Book. The basis of valuation will be agreed with you and specified in the Letter and in the relevant featurate featurates.

### 33. Data Protection

- You and we shall comply with applicable privacy and data protection
- 33.2 Without prejudice to the generality of the foregoing, you will not provide us with Personal Data unless the Agreement requires the use of it, and/or we specifically request it from you. By transferring any Personal Data to us you warrant and represent that you have the necessary authority to share it with us and that the relevant Data Subjects have been given the recessary information covarience in paging and use. necessary information regarding its sharing and use
- 33.3 We may transfer Personal Data you share with us to other Associated Knight Frank Entities and/or group undertakings. We will only transfer such Personal Data in accordance with the requirements of applicable privacy and data protection laws.
- 33.4 Full details of how we use Personal Data can be found in our Privacy Statement at http://www.knightfrank.com/legala/privacy-statement.

### **SWOT** analysis

Table 1: SWOT Analysis

Strengths	Weaknesses
<ul> <li>Purposely built facility.</li> <li>Good quality of facilities.</li> <li>Reputable tenant with good recognition and track record in education sector.</li> </ul>	<ul> <li>Insufficient outdoor play areas or inadequate recreational facilities may restrict the ability to provide outdoor activities and physical exercise opportunities for children.</li> </ul>
Opportunities	Threats
<ul> <li>Location in growing residential neighbourhood in North Riyadh. Further development in the vicinity may stimulate demand.</li> </ul>	Increasing competition in the education sector.

Good links to the major highways and a relatively short travel time to Downtown which could be used to draw students from schools that are showing signs of weakness and loosing students.

### **Location / Situation**

Source: Google Earth / Knight Frank

- The Property is located in the Sahafa District of Riyadh, which is classed as North Riyadh, being some 15 km to the south west of King Khalid International Airport and some 5 km to the north of King Abdullah Financial District. The major highways providing access to this area include King Fahd Road (1.2 km to the west) and King Salman Road (1.4 km to the north).
- The surrounding areas of Al Sahafa district comprises predominantly low rise residential buildings and few plots of undeveloped land.

### **Description**

- The Property occupies a flat rectangular site of approximately 1,830 sq m according to the documents provided by the client. The part of the site that is not developed is used as a car park for the property.
- The Property comprises a bespoke built kindergarten facility which was constructed in 2013 in a predominantly residential suburb of North Riyadh, in the district of Sahafa. It is arranged over basement, ground and first floor levels and has a secure yard and parking area within a gated area.
- The Property is constructed around a reinforced concrete frame, with concrete elevations. Externally, the building is slightly unusual, with an irregular façade, comprising coloured cladding panels and fenestration in a variety of shapes and sizes, all being aluminium framed and double glazed. The floors are solid reinforced concrete and the roof structure is an unusual pre-tensioned "tent like" canopy structure supported by steel cross beams. The roof cover appears to be pvc material which is hard wearing and capable of cleaning.

- Internally, the Property is laid out over basement, ground and first floor levels. The basement is accessed via a main set of stairs, a gentle ramp structure and a set of emergency stairs from the ground floor area. The building has a central open atrium reaching from basement to 1/F level, and the open area of the basement is a kids play area which has an astro turf floor finish and incorporates climbing frames and kids play area. Around the perimeter of the basement level there are a series of rooms including a multi purpose hall, computer lab, kitchen, office, janitor room, library, toilets and utility room.
- The internal finishes in the building are good quality.

### **Tenancy Overview**

We have been provided with lease information which shows that the Property is single-let to Al-Khaleej for Training and Education Company under a triple net lease. This represents full occupancy of the Property. Below, we present the key lease information:

Table 2: Lease Overview

	Baraem Rowad AlKhaleej International Kindergarten, AlSahafa, Riyadh
Lease Start Date	28/4/1441 (25 Dec 2019)
Tenant	Al-Khaleej for Training and Education Company
Term	Fifteen (15) Gregorian years
Property Leased	Land and buildings on which the school known as Baraem Rowad AlKhaleej International Kindergarten is situated, located in Riyadh, Saudi Arabia
	Escalation: 7.5% after every 5 years
Rental Contract	25-Dec-2019 to 24-Dec-2024: SAR 1,550,000 per annum
Details	25-Dec-2024 to 24-Dec-2029: SAR 1,666,250 per annum
	25-Dec-2029 to 24-Dec-2034: SAR 1,791,219 per annum
Rent Payment Date	Bi-annually in advance
Lease Renewal Provision	N/A
Type of Lease	Triple Net

Source: Client

The Property has an unexpired lease term of 11 years.

### Tenure, Planning and Zoning

Please see a summary of the Property Tenure:

Land Size (sq m) 1,830		

Source: Client

 We have been provided with the following building permits for the Property, which we summarise below:

Table 4: Summary of Building Permit

Baraem Rowad AlKhaleej International Kindergarten, AlSahafa, Riyadh		
Permit Number	1433/7276	
Permit Date	11/04/1433 (05/03/2012)	
Zoning	Education Facility	
Municipality License No.	3901456	
	Basement: 681 sq m (services)	
	Ground Floor – Education: 924 sq m	
<b>Building Specifications</b>	First Floor – Education: 924 sq m	
	Electrical Room: 20 sq m	
	Boundary Wall: 106 sq m	

Source: Client

• We have been provided with a building completion certificate dated 06/02/1435, which confirms that the building has been constructed in line with the use as described in the building permit.

### **Valuation Considerations**

- Our valuation has been carried out using the investment method via a discounted cash flow (DCF)
  approach. The cash flows considered have regard to the lease agreement in place.
- We have further considered the affordability of the lease payments under the agreement with respect to the estimated revenue generated by the school. In absence of detailed operational and financial performance metrics of the school, we have assumed the following when estimating the revenue:
  - The school has a capacity of 450 students as informed by the Client. Given that the school
    has been operational since 2014, it is assumed that it has reached an optimal capacity
    utilization of 80%.
  - The fees have been sourced from the school's website and the average annual fees per student works out to be SAR 28,545. We note that the school has been offering a discounted fee and this has been assumed to be continued into perpetuity. An annual fee increment of 2.50% has been considered based on inflation.
  - Based on the above, the school's estimated annual revenue works out to be SAR 10.3 million.

- We have considered an affordable rent equivalent to 12.00% of the estimated annual revenue of the school, which computes to SAR 1.32 million per annum. Given that the annual rent as per the lease agreement is SAR 1.55 million, it is inferred that an amount of approximately SAR 0.23 million overburdens the school ("over rented portion").
- As we consider the rent as per the lease agreement to be in excess of what we consider affordable, we have assigned different cap rates / risk premiums to the "core income" (i.e. the base rent which we consider to be affordable) and the "over rented portion".
- A risk premium of 250bp has been considered in the discount rate and the yield to reflect the higher risk associated with the "over rented portion" of the rental cashflows.
- We also note that the Client has not informed us of any rental defaults.
- Operating costs: As per the lease agreement, the tenant is responsible for all operating expenses, maintenance and insurance costs of the Property. Accordingly, we have not considered any operating costs for the Property.

### Yield rationale

- The table below shows transactions in which educational facilities have been acquired by REITs in last few years.
- We are of the opinion that the Market Value would be based off capitalisation rate(s) of 7.75% for the "core income" portion of the lease cash flows and 8.00% for the "over rented portion".

Table 5: Recent RIET Transactions in Education Sector

Asset	RIET	Location	Yield (%)	Date
University	Riyadh REIT	Riyadh	8.70%	2017
Private School	Taleem REIT	Riyadh	6.32%	2018
International School	Taleem REIT	Riyadh	4.87%	2018
Training Center	Derayah	Al Khobar	8.66%	2018
International School	Derayah	Direyah	8.50%	2018
University	Jadwa II	Direyah	8.00%	2018
International School	Jadwa II	Direyah	9.75%	2018
Private School	Taleem REIT	Direyah	6.47%	2020

Strengths	Weaknesses
<ul> <li>Purpose built facility.</li> <li>Good quality of facilities.</li> <li>Reputable tenant with good recognition and track record in education sector.</li> </ul>	We are of the opinion that the Property is overrented and would experience a downward reversion upon expiry of the lease.
Opportunities	Threats
<ul> <li>Location in growing residential neighbourhood in North Riyadh. Further development in the vicinity may stimulate demand.</li> <li>Good links to the major highways and a relatively short travel time to Downtown which could be</li> </ul>	Increasing competition in the education sector.

used to draw students from schools that are showing signs of weakness and losing students.

### **Location / Situation**

Source: Google Earth / Knight Frank

- The Property is located in Riyadh, KSA. More specifically the Property is located in the Al Moghrazat district, in the northern part of Riyadh.
- The Al Moghrazat district comprises predominantly low rise residential buildings and large plots of undeveloped land. Al Nakheel Mall is situated some 600 metres to the north of the Property and the Riyadh International Exhibition Centre is approximately 1 km to the south.

### **Description**

- The Property comprises of a school situated in a predominantly residential suburb of North Riyadh, in the district of Al Moghrazat. We understand that the Property was built in 2015 and has a total BUA of 38,983 sqm, built over basement level 1, basement level 2, ground, first, second and roof
- The Property appeared to be constructed around a reinforced concrete frame which is surrounded by a concrete wall.
- There are 9 gates at the Property, where the main pedestrian access is through gate 3 that leads to the main administration area. The kindergarten is accessible through gate 1.
- Internally, the Property is divided into 3 distinct sections:
  - A Boys school in the east and north eastern wing;
  - A Girls school and kindergarten in the west and north western wing;
  - A staff accommodation building within the central part of the north wing.
- The central part of the Property includes a playground that is covered by a tent like structure. The tent like structure appears to be PVC material which is hard wearing and capable of cleaning.

- The internal finishes in the building are good quality, floors are finished with tile on the ground and upper floors and laminated wood flooring at basement level 2. Although some damage could be seen along corridors, with a few elevators out of service.
- The boys section contains a semi-fitted second floor that is not currently in use.

### **Tenancy Overview**

• We have been provided with a building completion certificate dated 02/08/1439, which confirms that the building has been constructed in line with the use described in the municipality license.

### **Valuation Considerations**

- Our valuation has been carried out using the investment method via a discounted cash flow (DCF) approach. The cash flows considered have regard to the lease agreement in place.
- We have further considered the affordability of the lease payments under the agreement with respect to the estimated revenue generated by the school. In absence of detailed operational and financial performance metrics of the school, we have assumed the following when estimating the revenue:
  - The school has a capacity of 3,000 students as informed by the Client. Given that the school
    has been operational since 2017, it is assumed that it has reached an optimal capacity
    utilization of 85%.
  - The fees have been sourced from the school's website and the average annual fees per student works out to be SAR 35,072. We note that the school has been offering a discounted fee and this has been assumed to be continued into perpetuity. An annual fee increment of 2.5% has been considered based on inflation.

- Based on the above, the school's estimated annual revenue works out to be SAR 89.4 million.
- We have considered an affordable rent equivalent to 12.0% of the estimated annual revenue of the school, which computes to SAR 11.46 million per annum. Given that the annual rent as per the lease agreement is SAR 16.28 million, it is inferred that an amount of approximately SAR 4.82 million overburdens the school ("over rented portion").
- As we consider the rent as per the lease agreement to in excess of what we consider affordable, we have assigned different cap rates / risk premiums to the "core income" (i.e. the base rent which we consider to be affordable) and the "over rented portion".
- A risk premium of 250bp has been considered in the discount rate and the yield to reflect the higher risk associated with the "over rented portion" of the rental cashflows.
- We also note that the Client has not informed us of any rental defaults.
- Operating costs: As per the lease agreement, the tenant is responsible for all operating expenses, maintenance and insurance costs of the Property. Accordingly, we have not considered any operating costs for the Property.

### Yield rationale

- The table below shows transactions in which educational facilities have been acquired by RIETs in last few years.
- We are of the opinion that the Market Value would be based off capitalisation rate(s) of 7.75% for the "core income" portion of the lease cash flows and 8.00% for the "over rented portion".

Table 5: Recent RIET Transactions in Education Sector

Asset	RIET	Location	Yield (%)	Date
University	Riyadh REIT	Riyadh	8.70%	2017
Private School	Taleem REIT	Riyadh	6.32%	2018

#### **Location / Situation**

Source: Google Earth / Knight Frank

- The Property is located in the Eastern province of the Kingdom, within Dammam. More specifically
  the property is located along Anas Ibn Malik Street, in the Az Zuhur area, which is the northern
  side of the city.
- The immediate area to the north west of the Property comprises vacant land plots. The Az Zuhur
  area is developed of mostly low rise residential property with show rooms on the ground floor of
  buildings that have frontage to main roads.
- The Open Arab University is located to the south of the Property and Marina Mall is less than 2 km to the west.

## **Description**

- The Property comprises of four buildings, which include, a staff accommodation building, Boys school, Girls school, and an additional building for the Girls school expansion. The four buildings have a total BUA of 25,797 sq m and are surrounded by a concrete wall that reaches approximately 2.5 metres in height.
- Surface parking is provided on the ground floor for school buses and staff vehicles. There is additional parking contained within the basement of the Girls school's expansion building.
- The Girls school is formed by two buildings, where an interconnecting bridge on the first floor provides access between them. The initial Girls school building was built in 2012 and extends to 5,025 sq m of BUA. The Girls school expansion building completed construction in 2015 and has a total BUA of 10,751 sq m.
- The initial Girls school building is built over ground, first and second floor and the expansion building is similar but includes basement level. The basement level in the expansion building contains 75 parking spaces with a disabled access ramp that leads to an elevator.
- The Girls school comprises of classrooms, including, science labs, computer rooms, multi-purpose room, a library and a large hall.
- The Boys school completed construction in 2012 and has a total BUA of 5,025 sq m, built over ground, first and second floor. On the ground floor there is a central open atrium reaching up to

the second floor. The Boys school comprises of a classrooms, a library, an art room, and prayer room. There is also a cafeteria and an outdoor terrace that incorporates wooden benches and tables.

- The principal's office is located on the first floor, along with a series of classrooms, a multi-purpose room, an art room and toilets. The central staircase provides access to the first floor along with two additional staircases at opposing sides of the property.
- The second floor comprises of laboratories, classrooms and a councilor's office.
- The staff accommodation building is built over basement, ground and three upper floors. It completed construction in 2013 and has a total BUA of 4,996 sq m. The basement comprises of a large lounge area, a laundry room, controller room, driver/worker rooms, pump room and septic tanks. The ground and upper floors comprise of fully furnished apartments. There is also a swimming pool, gym and lounge area on the ground floor.

# **Tenancy Overview**

We have been provided with lease information which shows that the Property is single-let to Al-Khaleej for Training and Education Company under a triple net lease. This represents full occupancy of the Property. Below, we present the key lease information:

Table 2: Lease Overview

	Rowad AlKhaleej International School, AlZuhur, Dammam
Lease Start Date	28/4/1441 (25 Dec 2019)
Tenant	Al-Khaleej for Training and Education Company
Term	Fifteen (15) Gregorian years
Property Leased	Land and buildings on which the school known as Rowad AlKhaleej International School is situated, located in Dammam, Saudi Arabia
	Escalation: 7.5% after every 5 years
Rental Contract	24-Dec-2019 to 23-Dec-2024: SAR 18,948,750 per annum
Details	24-Dec-2024 to 23-Dec-2029: SAR 20,369,906 per annum
	24-Dec-2029 to 23-Dec-2034: SAR 21,897,649 per annum
Rent Payment Date	Bi-annually in advance
Lease Renewal Provision	N/A
Type of Lease	Triple Net

Source: Client

The Property has an unexpired lease term of 11 years.

Source: Client

We have not been provided with the building completion certificate. However, we have been
provided with electricity supply certificate (date unclear on the document provided). For the
purpose of the valuation, we have assumed that the property complies with all relevant authority
planning and zoning.

#### **Valuation Considerations**

- Our valuation has been carried out using the investment method via a discounted cash flow (DCF)
  approach. The cash flows considered have regard to the lease agreement in place.
- We have further considered the affordability of the lease payments under the agreement with respect to the estimated revenue generated by the school. In absence of detailed operational and financial performance metrics of the school, we have assumed the following when estimating the revenue:
  - The school has a capacity of 3,000 students as informed by the Client. Given that the school
    has been operational since 2010, it is assumed that it has reached an optimal capacity
    utilization of 85%.
  - The fees have been sourced from the school's website and the average annual fees per student works out to be SAR 37,175. An annual fee increment of 2.5% has been considered based on inflation.
  - Based on the above, the school's estimated annual revenue works out to be SAR 94 million.
- We have considered an affordable rent equivalent to 12.0% of the estimated annual revenue of the school, which computes to SAR 12.15 million per annum. Given that the annual rent as per the lease agreement is SAR 18.95 million, it is inferred that an amount of approximately SAR 6.80 million overburdens the school ("over rented portion").
- As we consider the rent as per the lease agreement to in excess of what we consider affordable, we have assigned different cap rates / risk premiums to the "core income" (i.e. the base rent which we consider to be affordable) and the "over rented portion".
- A risk premium of 250bp has been considered in the discount rate and the yield to reflect the higher risk associated with the "over rented portion" of the rental cashflows.
- We also note that the Client has not informed us of any rental defaults.
- Operating costs: As per the lease agreement, the tenant is responsible for all operating expenses, maintenance and insurance costs of the Property. Accordingly, we have not considered any operating costs for the Property.

#### Yield rationale

- The table below shows transactions in which educational facilities have been acquired by REITs in last few years.
- We are of the opinion that the Market Value would be based off capitalisation rate(s) of 7.75% for the "core income" portion of the lease cash flows and 8.00% for the "over rented portion".

Table 5: Recent RIET Transactions in Education Sector

Asset	RIET	Location	Yield (%)	Date
University	Riyadh REIT	Riyadh	8.70%	2017
Private School	Taleem REIT	Riyadh	6.32%	2018
International School	Taleem REIT	Riyadh	4.87%	2018
Training Center	Derayah	Al Khobar	8.66%	2018
International School	Derayah	Direyah	8.50%	2018
University	Jadwa II	Direyah	8.00%	2018
International School	Jadwa II	Direyah	9.75%	2018
Private School	Taleem REIT	Direyah	6.47%	2020

Source: Knight Frank Research

## **Valuation Assumptions**

Table 6: Valuation Assumptions

Item	Assumption
Capitalization Rate	7.75% for "core income" and 8.00% for "over rented portion" of the lease cash flows
Discount Rate	10.25% for "core income" and 10.50% for "over rented portion" of the lease cash flows
Rent Passing pa	• SAR 18,948,750

Source: Knight Frank Research

### Fair Value

• We are of the opinion that the Fair Value of the freehold interest in the Property, subject to the caveats and assumptions stated herein, at the valuation date is:

SAR 229,200,000

(Two Hundred and Twenty Nine Million, Two Hundred Thousand Saudi Arabian Riyals)

# **SWOT Analysis**

Table 1: SWOT Analysis

Strengths	Weaknesses
<ul> <li>The Property is located in a highly populous area with good accessibility and is managed by a reputable and experienced healthcare operator.</li> </ul>	As per the Lease Agreement, Lessee has the option to terminate the lease at any time subject to 270 day notice.
Opportunities	Threats
<ul> <li>Increasing demand for quality private sector healthcare in KSA and Riyadh.</li> </ul>	There are several competing hospitals within 5 km radius of the Property.

### **Location / Situation**

Source: Google Earth / Knight Frank

- The Property is located in Riyadh, KSA. More specifically the property is located in the Al Salam district, in the south-east part of Riyadh.
- The Al Salam district comprises predominantly low to mid rise residential and mixed-use (residential with retail) buildings and few plots of undeveloped land. Prince Mohammad bin Abdulaziz Hospital is located approximately 1km north of the Property and Sky Mall is located approximately 1.3km to the south of the Property.

## **Description**

The Property is an operational multispecialty hospital situated on a rectangular plot with an area of 3,603 sq m with frontage on Al Imam Al Shafi Road. The Property has a configuration of 2B+G+M+5 with a total BUA of 17,567 sq m.

- The hospital has been operational since 2016 and has a capacity of 100 beds. Key medical
  specialties offered by the hospital include OB/GYN, Pediatrics, Dental, Internal Medicine,
  Pulmonology, Cardiology, Orthopedics, General Surgery, Dermatology, Urology, Ophthalmology,
  ENT. In addition, the hospital is equipped with usual amenities i.e. outpatient clinics, operating
  theatres, radiology, emergency, laboratory, pharmacy etc.
- The hospital is operated by Saudi Medical Group which is a JCI and CBHAI accredited operator.

## **Tenancy Overview**

- We have been provided with lease information which shows that the Property is let to Al Salam Medical Group Company under a triple net lease.
- Additionally, there are separate lease agreements for a Coffee Shop and Optical Shop which are situated within the hospital premises.
- Below, we present the key lease information:

	Boundary Wall: 55 m			

Source: Client

We have been provided with a building completion certificate dated 10/03/1437, which confirms that the building has been constructed in line with the use described in the building permit.

#### Valuation Considerations

- Our valuation has been carried out using the investment method via a discounted cash flow (DCF) approach. The cash flows considered have regard to the lease agreement in place.
- We have further considered the affordability of the lease payments under the agreement with respect to the estimated revenue generated by the hospital. In absence of detailed operational and financial performance metrics of the hospital, we have estimated the minimum revenue that would be required to make the contracted rent amount affordable; and compared this indicator with industry benchmarks for revenue per bed.
- As the contracted amount of the main hospital at the valuation date is SAR 12.2 million, we estimate that the minimum revenue required to be generated by the hospital to make this amount affordable is SAR 101.9 million (approximately SAR 1 million per bed considering the hospital's 100 bed capacity).
- We note that publicly listed healthcare operators in KSA achieved revenue per bed in the range of SAR 1.2 million to SAR 3.3 million in 2022 (based on latest available published annual reports). We expect an experienced healthcare operator serving the same catchment area to be able to achieve a revenue per bed of SAR 1 million or above. Hence, we consider the current contracted rent amount being paid by the lessee to be affordable.
- We also note that the Client has not informed us of any rental defaults.
- Operating costs: As per the lease agreement, the tenant is responsible for all operating expenses, maintenance and insurance costs of the Property. Accordingly, we have not considered any operating costs for the Property.

#### Yield rationale

- It is noted that healthcare assets rarely transact within KSA and the region owing to which there is no or limited comparable transactional evidence readily available at present.
- We have reference to a 75-bed multispecialty hospital in Sharjah, UAE which traded on Al Ma'ather REIT at a yield of 8.0% in 2022.
- We are of the opinion that the Market Value would be based off capitalisation rate of 7.75% for the Property. In doing so, we have considered the lease renewal provisions which state that the lessee has the option to terminate the lease at any time subject to 270 day notice, although we consider the possibility of this event materializing to be unlikely.

#### **Valuation Assumptions**

Table 5: Valuation Assumptions

ltem	Assumption
Capitalization Rate	• 7.75%
Discount Rate	• 10.25%
Rent Passing pa	• SAR 12,295,000

#### **Location / Situation**

Source: Google Earth

- The subject property, known as Lulu Hypermarket, is situated in Al Nahda district within Riyadh, Kingdom of Saudi Arabia.
- Lulu Hypermarket benefits from direct access to Khurais road. The property has two frontages and the surrounding area consist of both residential and commercial uses.
- King Abdullah Financial District (KAFD) is located approximately 18 km west of the property, while King Khalid International Airport is situated around 24 km to the north west.

### **Description**

- The property consists of a ground-plus-two-storey building with visitor parking in the basement, shops on the ground and first floors, and offices on the second story. We understand there are offices within the Property too.
- Lulu Hypermarket is the sublessor's anchor tenant, albeit we understand that there are numerous other smaller tenants.
- The Client has provided us with the net leasable area of the retail space amounting to 19,640.45 sq m. We have been provided with built up area of the office space which amounts to 2,887 sq m and have made the assumption that 80% of this space is to be treated as the net leasable area.
- This provides therefore a total net leasable area of 21,950 sq m.
- The Client has provided us with a building permit with dictating a total built up area (BUA) of 37,569 sq m (includes basement parking of 12,517 sq m).

#### **External facilities**

• The property benefits from generous underground parking and external surface parking.

# **Tenancy Overview**

 We have been provided with lease information which shows that the Property is single-let to (Al Mutlaq Real Estate Company) under a triple net lease. This represents full occupancy of the Property. Below, we present the key lease information:

Table 2: Lease Overview

	Lulu Hypermarket, Nahda, Riyadh		
Lease Start Date	1 <sup>st</sup> December 2014		
Tenant	Al Mutlaq Real Estate Investment		
Term	Circa Fifteen (15) Years (expires on the 25 <sup>th</sup> of April 2029)		
Property Leased	The Property leased consists of a land area of 19,500 sqm along with the built structure comprising of approximately 37,569 sq m of retail / office space.		
Rental Contract Details	<ul> <li>The whole Property is let on a master lease. The rental terms are as follows:</li> <li>Years 1 – 5: SAR 15,275,000</li> <li>Years 5 – 10: SAR 16,344,250</li> <li>Years 10 – 15: SAR 17,488,348</li> <li>The current passing is SAR 16,344,250 pa.</li> <li>We understand that current Landlord pays a service agent fee to the tenant in order for them to carry out Major Maintenance and insure the building. However, we understand that this is also recoverable by the Landlord and as such have not factored this into the cashflow.</li> </ul>		
Rent Payment Schedule	Quarterly payments in advance		
Type of Lease	Triple Net		

Source: The Client

• The Property has a weighted average unexpired lease term (WAULT) of 5.3 years.

# Tenure, Planning and Zoning

• Please see a summary of the Property Tenure:

Source: Knight Frank Research

#### **Market Rent rationale**

- In forming our opinion of market rent we have made adjustments to our estimated rental value (ERV) based on key drivers of value, such as location, access, specification and quantum.
- To account for the negotiation between the landlord and tenant, we have applied a discount to all of the asking comparables which are quoted as asking prices.
- We have arrived at a blended Market Rent of SAR 717 per sq m (exclusive of service charge) across the whole Property which can be broken down as follows; SAR 747 SAR per sq m for the retail component and SAR 470 across the office component.
- We have factored in an additional 10% of Market Rent to account for revenue from speciality leasing and branding. This is a similar rate to comparables in the vicinity.

## **Valuation Assumptions & Rationale**

Table 9: Valuation Assumptions

ltem	Assumption
Capitalization Rate	• 7.75%
Discount Rate	• 10.25%
ERV at 100% Occupancy	<ul> <li>SAR 15,748,142 per annum</li> </ul>
Stabilised Occupancy	• 90%
Growth Rate	• 2.50%

Source: Knight Frank

- Given that this is an income producing asset we have valued it on a discounted cashflow basis
  assuming a holding period of 10 years, in which we have capitalised the year 11 net operating
  income with our designated capitalisation rate.
- In our cashflow we adopted a terminal capitalisation rate of 7.75% which we feel reflects the good WAULT and a discount rate of 10.25% which we feel reflects investors risk appetite for such a Property.
- Upon expiry of the master lease, we have assumed that the Property will remain 70% occupied as sublessees will continue their leases at a Market Rent.
- We have then factored in a period of time to allow for the Property to stabilise at 90%.

#### Costs

- For the duration of the master lease we have not assumed any OpEx costs as this is a triple net lease in which all costs are borne by the tenant. However upon expiry of the master lease we have assumed OpEx costs of SAR 90 per sq m across the gross leasable area which we have interpreted to be the same as the BUA (excluding the basement parking), which amounts to 25,050 sq m.
- We have assumed that much of this OpEx will be recovered by a service charge amounting to SAR 100 per sq m of occupied space.

#### **Fair Value**

• We are of the opinion that the Fair Value of the freehold interest in the properties, subject to the caveats and assumptions stated herein, at the valuation date is:

SAR 202,800,000

(Two Hundred and Two Million, Eight Hundred Thousand Saudi Arabian Riyals)

Current Passing Rent:	N/A	Annual OpEx SAR per sq:	SAR 45

# **SWOT** analysis

Table 1: SWOT Analysis

Strengths	Weaknesses
<ul> <li>The subject property has a prime location in a well-established area with high traffic bypass.</li> <li>It has considerable surface parking space which adds convenience for the retail tenants</li> </ul>	<ul> <li>Other retail buildings in the area that have undergone renovations and upgrades may attract more customers and tenants due to their modern appeal.</li> <li>Its occupancy stands relatively low at 4% which indicates that the Property is not performing well as an income producing asset.</li> </ul>
Opportunities	Threats
<ul> <li>The building can be renovated and rebranded to attract new tenants and customers, capitalizing on the potential of modern designs and features.</li> <li>The underlying land value appears to be higher than the income producing nature of the Property. As such there is development opportunity to explore the highest and best use of this land</li> </ul>	Other retail developments in the area, including newer plazas, may attract tenants and customers away from the subject property.

## **Location / Situation**

Source: Google Earth / Knight Frank

- The subject property, known as Anwar Plaza, is situated in the Al Rawda district within Riyadh, Kingdom of Saudi Arabia.
- Anwar Plaza benefits from direct access via Khalid Ibn Waleed Road. The property has three frontages and the surrounding area consists of both residential and commercial uses.
- The King Abdullah Financial District (KAFD) is located approximately 15 km northwest of the property, while King Khalid International Airport is situated around 26 km to the north.

## **Description**

- The subject property is dated and in need of refurbishment.
- The subject property is comprised of eighteen showrooms and one drive-through kiosk.
- The subject property covers a land area of 9,981.76 sq m, with a building permit specifying a builtup area of 4,812.42 sq m. The Client has provided us with a breakdown of the gross leasable area, which amounts to 4,766 sq m.

#### **External facilities**

Surface parking in front of the Property, with frontage onto Khalid Ibn Al Waleed Road.

## **Tenancy Overview**

- As of the valuation date, we understand that the subject property is a multi-tenanted space currently experiencing a vacancy rate of 99.5%.
- As of the date of valuation date the gross current passing rents is SAR 120,000 per annum, excluding service charge.
- We have been informed by the Client that one kiosk tenant, paying an annual rent of SAR 120,000 per annum is currently looking to renew their lease, however their lease term is as of yet undecided. Given that all the remaining leases on the Property will expire by 31st December 2023, we have not factored the income from the kiosk into the cash flow as it will prevent the realisation of the land value and we assume that the landlord can terminate this lease when it is suitable for them.

## Tenure, Planning and Zoning

### Please see a summary of the Property Tenure:

Table 2: Summary of Tenure

	Anwar Plaza, Rawada District, Riyadh				
Title Deed No.	618001000848				
Plot No(s).	408/391				
Owner	Privileged Warehouse company 2				
Tenure	Freehold Mortgaged to Al Rajhi Bank				
Title Deed Date	Hijri and Gregorian Date: 1441/01/30 (30/09/2019)				
Land Size (sq m)	9,981.76				

Source: Client

We have been provided with the following building permits for the Property, which we summarise below:

Table 3: Summary of Building Permit

Anwar Plaza, Rawada District, Riyadh				
Permit Number	9220/1430			
Permit Date	30/06/1430 (24/06/2009)			

Anwar Plaza, Rawada District, Riyadh				
Zoning	Commercial			
Civil Defence Permit	Not stated			
	Ground Floor: Commercial (4,498 sq m)			
Building Specifications	Electrical Room (20 sq m)			
	Boundary Wall / Services (294.42 M)			

Source: Client

• We have been provided with a building completion certificate dated 24/12/1431, which confirms that the building has been constructed in line with the use describe in the building permit.

## **Market Comparables**

Table 4: Retail Comparables

Address	Transaction (Date)	Floor Area (sq. m)	Rent SAR pa (per sq. m.)	Comments/Comparison
Al Rawda District	Asking	206	631	<ul> <li>The comparable has similar characteristics to the subject property, but we have made adjustments for quantum.</li> </ul>
Al Rawda District	Asking	53	943	<ul> <li>The comparable has similar characteristics to the subject property, but we have made adjustments for quantum.</li> </ul>
Al Rawda District	Asking	330	848	The subject site has a better location and as such a premium was taken into account. We have made adjustments for quantum.
Al Rawda District	Asking	750	640	<ul> <li>The comparable has similar characteristics to the subject property, but we have made adjustment for quantum.</li> </ul>
Al Rawda District	Asking	360	500	<ul> <li>Our subject property has a more desirable location compared to the comparable and we have made adjustments for quantum.</li> </ul>

Source: Knight Frank Research

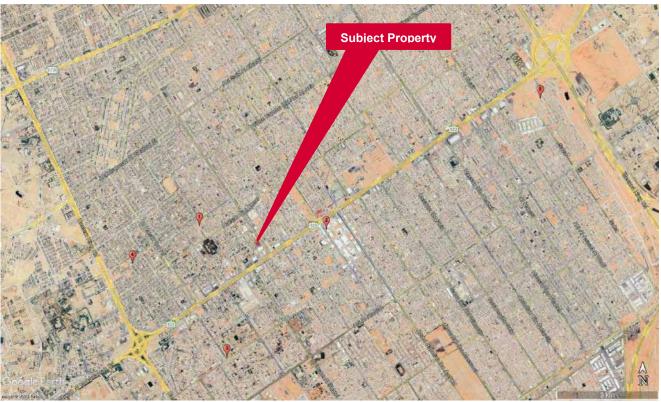

## **Market Rent rationale**

- In forming our opinion of market rent we have made adjustments to our estimated rental value (ERV) based on key drivers of value, such as location, access, specification and quantum.
- To account for the negotiation between the landlord and tenant, we have applied a discount to all of the asking comparables which are quoted as asking prices.
- We are off the opinion that the market rent across the Property would equate to SAR 570 per sq m per annum across the Property GLA (this is inclusive of service charge). We have however not applied Market Rent in the valuation given that we are assuming a reversion to land value as of 31st December 2023. As such we are not assuming any leases renew.

#### Land rationale

Given that we are of the opinion that the land value supersedes the value of the income producing asset we have analysed the land market in close proximity to the subject property. Please see the comparable map below showing land comparables:

Source: Knight Frank Research/ Google Earth

Table 5: Land Comparables

Comparable	Address	Status	Area sq m	SAR per sq m	Comments/Comparison
1	Al Rawda District	Transaction	9,900	3,400	The subject site has a better location and as such a premium was taken into account. In terms of accessibility, we have applied a premium
2	Al Rawda District	Asking	2,530	3,800	<ul> <li>The comparable has similar characteristics to the subject property, but we have made adjustments for quantum.</li> </ul>
3	Al Rawda District	Asking	1,530	6,000	<ul> <li>Our subject property has a more desirable location compared to the comparable and we have made adjustments for quantum.</li> </ul>

Comparable	Address	Status	Area sq m	SAR per sq m	Comments/Comparison
4	Al Rawda District	Asking	3,000	4,500	The subject site has a better location and as such a premium was taken into account. In terms of accessibility, we have applied a premium, where a discount has been applied to the subject property to account for its size compared to the comparable
5	Al Rawda District	Asking	1,840	3,260	<ul> <li>A discount has been applied to the subject property to account for its size compared to the comparable. In terms of location and accessibility, we have applied a premium.</li> </ul>

Source: Knight Frank Research

• In deriving our opinion of the underlying land plot, we have taken into account the aforementioned comparables. We have applied discounts to the comparables to incorporate the impact of negotiation between sellers and potential buyers. Additionally, we have made other essential adjustments to account for quantum differences between the comparables and the Property. Our assessment leads us to conclude that value of the underlying land is SAR 4,020 per sq m, resulting in a total land value of SAR 40,126,675 as of the date of valuation.

## **Valuation Assumptions & Rationale**

Table 6: Valuation Assumptions

ltem	Assumption
Discount Rate	• N/A
ERV at 100% Occupancy	• SAR 2,715,100
Growth Rate pa	• 2.50%
Land value as of Valuation Date	• SAR 40,126,675
Fair Value	• SAR 40,100,000

Source: Knight Frank Research

- We are aware that there is a tenant in place in a Kiosk booth, however we understand from the Client that there is a flexible arrangement with this tenant. As such, with the other formal leases expiring on the 31<sup>st</sup> of December, we have assumed that that this represents the date upon which the land value can be captured and that the Kiosk Booth tenant will vacate then too. We have therefore factored in a reversion to land value on the expiry on the final formal lease ending on 31<sup>st</sup> December 2023 (the date of valuation).
- Given that the date of valuation is at the expiry of the final lease on the Property we have not applied a discount rate to this time period.

#### **Costs**

We have not factored in any OpEx costs as upon expiry of the last lease on the 31st of December, we have assumed a reversion to land value.

#### **Fair Value**

We are of the opinion that the Fair Value of the freehold interest in the property, subject to the caveats and assumptions stated herein, at the valuation date is:

SAR 40,100,000

(Forty Million and One Hundred Thousand Saudi Arabian Riyals)

# **SWOT** analysis

Table 1: SWOT Analysis

Strengths	Weaknesses
The subject property has a prime location in a well-established area with a high bypass of traffic.	<ul> <li>Other retail buildings in the area that have undergone renovations and upgrades may attract more customers and tenants due to their modern appeal.</li> </ul>
Opportunities	Threats
The underlying land value appears to be higher than the income producing nature of the Property.  As such there is development opportunity to	<ul> <li>Other retail developments in the area, including newer plazas, may attract tenants and customers away from the subject property.</li> </ul>

explore the highest and best use of this land. The remaining WAULT is 1.2 years and as such this land value is able to be soon explored.

We are of the opinion that the Property is overrented and will experience a significant downward reversion in terms of market rent once the masterlease expires.

#### **Location / Situation**

Source: Google Earth / Knight Frank

- The subject property, known as Al Narjes Plaza, is situated in the Al Narjes district within Riyadh, Kingdom of Saudi Arabia.
- Al Narjes Plaza benefits from direct access via Othman Bin Affan road. The property has four frontages and the surrounding area consists of both residential and commercial uses.
- The King Abdullah Financial District (KAFD) is located approximately 13 km west of the property, while King Khalid International Airport is situated around 24 km to the east.

## **Description**

- The construction quality of the subject property appears to be of a good standard, resembling a typical plaza. Notably, the subject property benefits from Al Tamimi Market, which serves as the tenants' sublessee anchor and is the only supermarket in the surrounding area.
- The subject property is comprised of eight offices, eleven stores, and one drive-through.
- The subject property covers a land area of 9,000 sq m, with a building permit specifying a built-up area of 5,697.6 sq m. The Client has provided us with a breakdown of the gross leasable area, which amounts to 5,061 sq m.

#### **External facilities**

Surface parking in front of the Property, with frontage onto Uthman Ibn Affad Road.

#### **Tenancy Overview**

We have been provided with lease information which shows that the Property is single let to (Al Fouzan Trading and General Contracting Company) under a triple net lease. This represents full occupancy of the Property.

Below, we present the key lease information:

Table 2: Lease Overview

	Al Narjes Plaza, Narjes District, Riyadh
Lease Start Date	21/06/2015
Tenant	Al Fouzan Trading and General Contracting Company
Term	Ten (10) Hijri years (which expires in on the 3 <sup>rd</sup> of March 2025 as per the Gregorian calendar).
Property Leased	The property, named 'Al Narjes Commercial Center,' and accompanying land plots are situated in Al Narjes District. The land plots, numbered 69 to 80 of block 2731, are associated with title deed number 410116032314, dated 22/1/1437 Hijri (04/11/2015). The total land area is 9,000 sqm according to the title deed.
Rental Contract Details	<ul> <li>The whole Property is let on a master lease. The rental terms are as follows:</li> <li>Years 1 – 5: SAR 4,160,000 p.a.</li> <li>Years 5 – 10: SAR 4,492,800 p.a.</li> <li>After the first five years of the lease there is an escalation of 8%. The current passing rent is: SAR 4,492,800 (which equates to SAR 4,619,358 in Gregorian years).</li> </ul>
Rent Payment Schedule	Semi-annual (based on Hijri year) in advance.
Lease Renewal Provision	N/A
Type of Lease	Triple Net

Source: Client

- As of the date of valuation date the gross current passing rent is SAR 4,619,358 per Gregorian year. There are no associated costs or service charge for the duration of the master lease as this is a triple net lease.
- The Property has a weighted average unexpired lease term (WAULT) of 1.18 years.

## Tenure, Planning and Zoning

Please see a summary of the Property Tenure:

Al Arid District	Asking	157	2,102	<ul> <li>The subject property has a better location and access, and as such a premium was taken into account.</li> </ul>
Al Narjes District	Asking	83	3,614	<ul> <li>The subject property has a superior location compared to the comparable, therefore a premium was applied.</li> </ul>
Al Narjes District	Asking	83	3,012	The subject property has a better location than the comparable, as such a premium was applied.
Al Arid District	Asking	95	2,316	Our subject property has superior access and a more desirable location than the comparable, therefore a premium was applied.

Source: Knight Frank Research

#### **Market Rent rationale**

- In forming our opinion of market rent we have made adjustments to our estimated rental value (ERV) based on key drivers of value, such as location, access, specification and quantum.
- To account for the negotiation between the buyer and seller, we have applied a discount to all of the asking comparables which are quoted as asking prices.
- We are of the opinion that the best market evidence can be obtained from recent lettings in the
  Property itself and as such we have used recent transactions in the subject property to form our
  view of Market Rent. Whilst we have placed greater weight on lettings from the subject property
  however we have also had consideration to the wider market and factored this into our valuation.
- We are of the opinion that the Market Rent equates to a blended rate of SAR 693 per sq m on the
  net leasable area, however please note this does not come into effect into our valuation as we
  have factored in a reversion to land value upon master lease expiry as opposed to a reversion to
  Market Rent.

#### Land rationale

- Given that we are of the opinion that the land value supersedes the value of the income producing
  asset we have analysed the land market in close proximity to the subject property.
- Please see the comparable map below showing land comparables:

Source: Knight Frank Research/ Google Earth

Table 8: Land Comparables

Paliteros, Land Comparables							
Comparable	Address	Туре	Land Area (sq m)	Rate (SAR/psm)	Comments/Comparison		
1	Al Narjes District	Commercial	1,028	7,910	<ul> <li>The comparable has similar characteristics to the subject property.</li> </ul>		
2	Al Narjes District	Commercial	921	6,840	<ul> <li>The comparable is in a more desirable area than the subject property, as such a discount was applied.</li> <li>The subject property has a superior access compared with the comparable, albeit we applied premium.</li> </ul>		
3	Al Narjes District	Commercial	900	7,700	The subject property is in a better location than the comparable, hence we applied a premium.		
4	Al Arid District	Commercial	720	7,800	The subject property has a better location and better access versus with the comparable, hence we applied premium.		
5	Al Arid District	Commercial	780	6,923	The comparable has an inferior location than the comparable and the subject property is more conveniently accessed, as such premium was applied.		

Source: Knight Frank Research

• In deriving our opinion of the underlying land plot, we have taken into account the aforementioned comparables. We have applied discounts to the comparables to incorporate the impact of negotiation between sellers and potential buyers. Additionally, we have made other essential adjustments to account for quantum differences between the comparables and the Property. Our assessment leads us to conclude that the value of the underlying land is SAR 6,355 per sq m, resulting in a total land value of SAR 57,200,000 as of the date of valuation.

#### **Valuation Assumptions & Rationale**

Table 9: Valuation Assumptions

Item	Assumption
Discount Rate	• 11.00%
ERV at 100% Occupancy	• SAR 3,507,867 p.a.
Growth Rate pa	• 2.50%
Land value as of Valuation Date	• SAR 57,200,000
Land Value upon expiry of master lease (growth applied)	• SAR 58,883,901
Fair Value of the Property	• SAR 52,800,000

Source: Knight Frank

Given that this is an income producing asset we have valued the property using a discounted
cashflow. However, to account for the fact that the underlying land value supersedes the value of
the income producing asset we have factored in a reversion to land value upon expiry of the lease
in March 2025, net present valuing both the contracted value of the rent and the land value upon
expiry of the lease.

#### **Fair Value**

 We are of the opinion that the Fair Value of the freehold interest in the property, subject to the caveats and assumptions stated herein, at the valuation date is:

SAR 52,800,000

(Fifty-Two Million and Eight Hundred Thousand Saudi Arabian Riyals)

# **SWOT** analysis

Table 1: SWOT Analysis

Stre	engths	Weaknesses	
•	The Property is excellently located on Prince Bandar Bin Abdulaziz Road and has frontage onto a Metro Station (Station 6G1), albeit the station is not yet in operation.  The property has a fairly strong WAULT of 5.3 years with Panda Hypermarket occupying 36% of the GLA and in place until November 2031.		ng

## Rama Plaza, Al Nahda District, Riyadh

 It has considerable surface parking space which adds convenience for the offices and retail tenants.

#### **Opportunities**

- The Property would benefit from CapEx expenditure improving its quality thereby attracting a wider tenant base. We understand that the Client intends to capitalise on this by spending SAR 4,930,000 on a major refurbishment.
- The Property has direct frontage onto a Metro station on Abdulrahman Al Nasir Street and although no clear opening date is yet specified for this Metro station, we expect this to significantly increase footfall on the Property.

#### Threats

 A significant amount of Grade A office space is due to be made available by 2025 (circa 1.26m sq m). This will widen the stock available to prospective tenants and demand for Grade B stock may suffer as a consequence.

#### **Location / Situation**

Source: Google Earth

- The subject property, known as Rama Plaza, is situated in the Al Nahda district within Riyadh, Kingdom of Saudi Arabia.
- Rama Plaza benefits from direct access from Prince Bandar Bin Abdulaziz Road. The property
  has four frontages and one direct frontage onto a metro station located on Abdulrahman Al Nasir
  Street. The surrounding area consist of mainly if residential use.
- King Abdullah Financial District (KAFD) is located approximately 15 km west of the property, while King Khalid International Airport is situated around 23 km to the north.

#### **Description**

- The Property is a retail plaza containing a mix of retail and office space spread over a ground and first floor.
- The Property is comprised of twenty four offices, thirty-six retail units, with a total GLA of 8,529 sq m and a land area of 15,600 sq m.

- Most notably Panda Hypermarket occupies 3,106 sq m of the retail space.
- The condition quality of the subject property appears to be of average to poor standard, resembling a typical dated plaza.

#### **External facilities**

The Property benefits from generous external surface parking.

#### **Tenancy Overview**

- The Client has provided us with updated tenancy schedule for the Property showing that it is multi let with 19 tenants.
- This equates to a current total occupancy of 70%.
- The majority of this occupancy is made up by the anchor tenant, Panda Hypermarket, which has let 3,106 sq m, representing 36% of the total GLA and in place until November 2031.
- As of the date of valuation date the gross current passing rents is SAR 3,509,888, inclusive of service charge.
- The Property has a weighted average unexpired lease term (WAULT) of 5.3 years.

Source: Knight Frank Research

#### **Market Rent Rationale**

- In forming our opinion of Market Rent for the retail units we have made adjustments to our estimated rental value (ERV) based on key drivers of value, such as location, access, specification and quantum.
- We are of the opinion that the best market evidence can be obtained from recent lettings in the Property itself and as such have used recent transactions on the subject property to form our view of Market Rent as noted above. We have however also had regard to the market comparables and have in fact placed a greater weighting of reliance on the market comparables, given that once the Property is fully refurbished, it will be more in line with the rates achieved in the market than the recent lettings on the subject Property which have occurred before the refurbishment.
- We have assumed that these market rate will be achievable in 6 9 months once the majority of the refurbishment is completed (we have allowed a period of 9 months for the refurbishment).
- In our analysis of the comparables we have added a 10% premium to the subject property to allow for the proximity of the Metro station and have factored in a premium allowing for the refurbishment. We are of the opinion that the refurbishment will have a greater impact on the leasing rates of the office units than the retail units.
- In conducting our rental analysis we have concluded that a blended rate of ERV of SAR 804 per sq m would be applied across the retail units and a rate of SAR 531 per sq m would be applied across the office units, inclusive of service charge.
- We are therefore of the opinion that the Market Rent across the whole property would be based off a rent of SAR 712 per sq m pa.

#### **Valuation Assumptions & Rationale**

Table 7: Valuation Assumptions

Item	Assumption
Capitalization Rate	• 8.00%
Discount Rate	• 10.75%
ERV at 100% Occupancy	• SAR 6,069,037 pa
Stabilised Occupancy	• 90%
Growth Rate	• 2.50%

Source: Knight Frank

- Given that this is an income producing asset we have valued the property using a discounted cashflow, over a holding period of 10 years, capitalising the year 11 NOI with our designated capitalisation rate.
- We have factored in a stabilised occupancy of 90% which we think is achievable given the refurbishment works being put into the Property.
- We have factored in a refurbishment period of 9 months from the date of valuation and have assumed that the vacant units will begin to lease after 6 months into this refurbishment period as refurbished units begin to become ready.
- We have applied an OpEx rate of SAR 70 per sq m across the GLA, which we delayed by 6 months
  assuming that the refurbishment costs will incorporate the OpEx for this initial period.
- We are of the opinion that the Fair Value would be based off a capitalisation rate of 8.00% and discount rate of 10.75%. We feel this adequately represents the income security and market risk profile, along with the additional risk of the significant CapEx expenditure.

#### Costs

- The Client has provided us with CapEx costs of SAR 4,930,000 for a total renovation of the Property. We have factored these costs into our valuation.
- We have not been provided with OpEx costs by the Client and as such have had to make our assumptions, assuming a rate of SAR 70 per sq m per annum across the GLA.

#### **Fair Value**

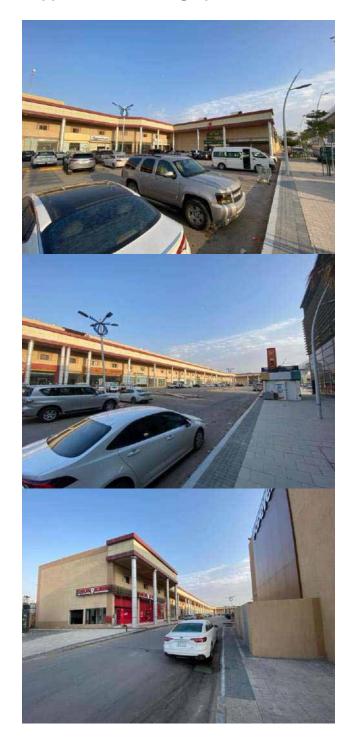

• We are of the opinion that the Fair Value of the freehold interest in the properties, subject to the caveats and assumptions stated herein, at the valuation date is:

SAR 54,000,000

(Fifty-Four Million Saudi Arabian Riyals)

Valuation Date:	31st December 2023	Fair Value:	SAR 55,200,000
Inspection Date:	23 <sup>rd</sup> November 2023	Terminal Yield:	7.50%
Use Type(s):	Retail and Office	Discount rate:	10.00%
Tenure:	Assumed Freehold (Mortgaged to Al Rajhi Bank)	Inflation / Growth rate:	2.50%
Land Area (sq m):	4,953 sq m	Market Rent pa:	SAR 5,102,219
Gross Leasable Area (GLA):	8,183 sq m	Market Rent per sq m:	SAR 624 per sq m
Number of Tenants:	10	Environmental	Assumed uncontaminated
Current Occupancy:	96%	Condition	Good
Stabilized Occupancy	92.5%		
Covenant of Tenant(s)	Mixed	Zoning	Commercial
Current Passing Rent:	SAR 4,862,810	Annual OpEx SAR per sq m:	SAR 90

# **SWOT** analysis

Table 1: SWOT Analysis

Strengths	Weaknesses			
<ul> <li>The presence of office tenants within the building provides a ready customer base for the retail spaces.</li> <li>With Jarir Bookstores as the anchor tenant in place until 2043 the Property benefits from a strong WAULT of approximately 9.5 years.</li> </ul>	The building's architecture and interior design may appear dated, potentially affecting its overall appeal and competitiveness in the market.			

				es

 Investing in renovation and modernization initiatives can enhance the building's aesthetics, functionality, and competitiveness, attracting new tenants and customers.

#### Threats

- The retail and office space market may be highly competitive, with other buildings offering similar amenities and attractive locations, posing a challenge to attract and retain tenants.
- Demand for Grade B office space in Riyadh is witnessing a slow down as supply of Grade A is set to increase by 2025.

#### **Location / Situation**

Source: Google Earth / Knight Frank

- The subject property, known as Al Ahsa Square, is situated in the Al Malaz district within Riyadh, Kingdom of Saudi Arabia.
- The Property benefits from direct access via Al Ahsa Street. The property has three frontages and the surrounding area consists of both residential and commercial uses.
- The King Abdullah Financial District (KAFD) is located approximately 13 km west of the property, while King Khalid International Airport is situated around 24 km to the east.

## **Description**

- The construction quality of the subject property is of good standard compared to other squares or plazas. Additionally, the subject property benefits from having Jarir Bookstore as an anchor tenant until 2043 which adds attractiveness to the Property.
- The subject property consists of 2 showroom units, and 12 office units, comprising a total of 14 units.
- The building consists of three levels (GF+2,3).
- The subject property covers a land area of 4,953 sq m, with a building permit specifying a built-up area of 9,238 sq m. The Client has provided us with a gross leasable area of 8,183 sq m.

#### **External facilities**

Surface parking in front of the Property, with frontage onto Al Ahsa Street.

Jarir Bookstore, Rabwah District, Riyadh

## **Tenancy Overview**

- We have been provided with lease information which shows that the property is multi-let. It has ten
  tenants occupying 12 number of units. As such, the Property is 96% occupied as of the date of
  valuation.
- 47% of the rent passing is underpinned by Jarir Bookstores, which has a lease in place until 2043.
   We have not had sight of this lease however we have relied on the tenancy schedule provided by the Client.
- As of the date of valuation the gross current passing rent is SAR 4,862,810 p.a.. As we have not been provided with any schedule of service charges, we assume that service charge is included in this rent
- The Property has a weighted average unexpired lease term (WAULT) of 9.45 years. However, it should be noted that many of the office tenants are on 2 and 3 year leases all of which are due to expire before May 2026.

## Tenure, Planning and Zoning

#### Please see a summary of the Property Tenure:

Table 2: Summary of Tenure

Title Deed Details	
Title Deed No.	418001000843
Plot No(s).	1,2,3,4 Block 315
Owner	Privileged Warehouse company 2
Tenure	Freehold Mortgaged to Al Rajhi Bank
Title Deed Date	Hijri and Gregorian Date: 1441/01/27 (26/09/2019)
Land Size (sq m)	4,953

Source: Client

We have been provided with the following building permits for the Property, which we summarise below:

Table 3: Summary of Building Permit

Building Permit Details	
Permit Number	497/1/2/27
Permit Date	1413/11/07 (29/04/1993)*
Zoning	Commercial
Civil Defence Permit	Not stated
	Ground Floor: Commercial (2,831 sq m)
	First Floor: Office (2,831 sq m)
Building Specifications	Second Floor: Offices (1,750 sq m)
	Third Floor: Offices (1,750 sq m)

## **Building Permit Details**

Source: Client

We have been provided with a building completion certificate dated 07/11/1413, which confirms that the building has been constructed in line with the use described in the building permit.

## **Market Comparables**

Table 4: Retail Comparables

Address	Transaction (Date)	Floor Area (sq. m)	Rent pa (per sq. m.)	Comments/Comparison
Al Malaz District	Asking	330	1,515	<ul> <li>Considering the subject property's superior location in comparison to the comparable, a premium has been applied. Moreover, due to its better access, the subject property has also received a premium.</li> </ul>
Al Sulaimaniyah District	Asking	200	1,750	<ul> <li>The comparable has superior access compared to the subject property and as such, we have applied a discount.</li> <li>Our subject property has a superior location than the comparable, thus a premium was applied.</li> </ul>
Al Murabba District	Asking	300	1,600	<ul> <li>Our subject property has a more desirable location than the comparable, as such a premium was applied.</li> </ul>
Al Sulaimaniyah District	Asking	127	1,490	<ul> <li>Our subject property has a superior location compared to the comparable, hence we applied a premium.</li> <li>We consider our subject property to command a premium for accessibility.</li> </ul>

Source: Knight Frank Research

Table 5: Office Comparables

Address	Transaction (Date)	Floor Area (sq. m)	Rent pa (per sq. m.)	Comments/Comparison
Al Malaz District	Asking	500	640	<ul> <li>The comparable has similar characteristics to the subject property regarding location.</li> <li>We consider that our subject property has better accessibility, hence a premium was applied.</li> </ul>
Al Malaz District	Asking	130	700	The subject property has a better access, therefore we have applied a premium.
Al Malaz District	Asking	140	679	The subject property has less convenient access, hence a discount was applied.

<sup>\*</sup> We believe that there is a typo on the building permit reflecting an old date. We believe that the correct date is 1433/11/07.

Address	Transaction (Date)	Floor Area (sq. m)	Rent pa (per sq. m.)	Comments/Comparison
Al Malaz District	Asking	180	667	<ul> <li>The subject property is located in a more desirable area and has a better access, therefore a premium was applied.</li> </ul>
Al Malaz District	Asking	155	600	<ul> <li>We consider the subject property to command a discount for accessibility.</li> </ul>
Subject Property	01/11/2023	454	550	<ul> <li>This is a transaction from the subject property therefore we have only made adjustments for quantum.</li> </ul>

Source: Knight Frank Research

#### **Market Rent rationale**

- In forming our opinion of market rent we have made adjustments to our estimated rental value (ERV) based on key drivers of value, such as location, access, specification and quantum.
- Achieved rental rates in the Property itself usually serve as the best indicator of achievable market
  rent on the Property however, given that there has only been one new tenant on the Property within
  2023, with all other lettings over a year ago. As such we have looked at the wider market to
  determine our market rent, whilst also taking into account the recent letting on the property.
- To account for negotiation between the buyer and seller, we have applied a discount to all of the asking comparables which are quoted as asking prices.
- We are of the opinion that the Market Rent equates to a blended rate of SAR 624 per sq m on the GLA, inclusive of service charge.
- This blended rate can be broken down as follows; SAR 521 to 893 per sq m per annum on the
  office space (dependent on unit size), SAR 1,570 per sq m per on the showroom currently occupied
  by Al Rajhi Bank and SAR 642 per sq m per annum on the larger showroom currently occupied by
  Jarir Bookstores (although the ERV will not affect the 10 year cashflow as Jarir Bookstores is a
  tenant until 2043).

#### **Valuation Assumptions & Rationale**

Table 6: Valuation Assumptions

ltem	Assumption
Capitalization Rate	• 7.50%
Discount Rate	• 10.00%
ERV at 100% Occupancy	• SAR 5,102,219
Stabilised Occupancy	• 92.50%
Growth Rate	• 2.50%

Source: Knight Frank

Given that this is an income producing asset, we have valued it on a discounted cashflow basis
assuming a holding period of 10 years, in which we have capitalised the year 11 net operating
income with our designated capitalisation rate.

- In our cashflow we adopted a terminal capitalisation rate of 7.50% which we feel reflects the strong WAULT, occupancy and a discount rate of 10.00% which we feel reflects investors risk appetite for such a Property.
- We have factored in a stabilized occupancy of 92.50%, which we think is reasonable over a 10year period given that multiple units have less than one year to expiry. The property occupancy has increased by 6% since the past valuation, reflecting a current occupancy of 96%.

#### **Costs**

We have not been provided with any CapEx costs relating to the building nor any schedule of OpEx costs. As such we have made our own assumptions on OpEx factoring in an annual cost of SAR 90 per sq m on the GLA.

#### **Fair Value**

We are of the opinion that the Fair Value of the freehold interest in the property, subject to the caveats and assumptions stated herein, at the valuation date is:

SAR 55,200,000

(Fifty-Five Million, Two Hundred Thousand Saudi Arabian Riyals)

# **SWOT** analysis

Table 1: SWOT Analysis

Strengths	Weaknesses
<ul><li>Purposely built facility.</li><li>Good quality of facilities</li></ul>	Lease term expiry is in 2.5 years' time, thereby meaning that there is a limited security of income.
Opportunities	Threats
<ul> <li>We anticipate an upwards reversion in rent upon expiry of the lease.</li> <li>Location in growing residential neighbourhood in North Riyadh. Further development in the vicinity may stimulate demand.</li> </ul>	Increasing competition in the education sector

 Good links to the major highways and a relatively short travel time to Downtown which could be used to draw students from schools that are showing signs of weakness and losing students.

#### **Location / Situation**

Source: Google Earth / Knight Frank

- The Property is located in Riyadh, KSA. More specifically the Property is located in the Taawun district, in the northern part of Riyadh.
- The Taawun district comprises predominantly low rise residential buildings and large plots of undeveloped land. Al Nakheel Mall is situated some 1,400 metres to the east of the Property and the Riyadh International Exhibition Centre is approximately 4 km to the south.

### **Description**

- The Property is operating as a 4-12 boys offering International Baccalaureate (IB) curriculum.
- The building is situated on a rectangular shaped plot with an area of 16,500 sqm. The building has a configuration of B+G+2 with total BUA of 36,835 sqm.
- Building's amenities include science labs, IT labs, sports facilities, swimming pool and shaded playgrounds.
- The school has frontages on four streets which have connectivity to major roads (Abu Bakr Siddique Road, Imam Saud bin Abdulaziz Road, Uthman bin Affan Road and Northern Ring Road).

## **Tenancy Overview**

• We have been provided with lease information which shows that the Property is single-let to Al Faris International Schools under a triple net lease. This represents full occupancy of the Property. Below, we present the key lease information:

Table 2: Lease Overview

	Al Faris International School, Taawun, Riyadh
Lease Start Date	29/7/1432 (1st July 2011)
Tenant	Al Faris International Schools
Term	Fifteen (15) Gregorian years
Property Leased	Land and buildings on which the school known as Al Faris International School is situated, located in Riyadh, Saudi Arabia
Rental Contract Details	SAR 10,000,000 per annum, no escalations
Rent Payment Date	Bi-annually in advance
Lease Renewal Provision	Upon mutual agreement
Type of Lease	Triple Net

Source: Client

• The Property has an unexpired lease term of 2.5 years.

## Tenure, Planning and Zoning

• Please see a summary of the Property Tenure:

Table 3: Summary of Tenure

Al Faris International School, Taawun, Riyadh					
Title Deed No. 398514001975					
Plot No(s).	18-1822/S				
Owner	Privileged Warehouse company 2				
Tenure	Freehold (Mortgaged in favour of Al Rajhi Development Company Ltd.)				
Title Deed Date	03/08/1442 (17/03/2021)				
Land Size (sq m)	16,500				

Source: Client

• We have been provided with the following building permits for the Property, which we summarise below:

Table 4: Summary of Building Permit

Al Faris International School, Taawun, Riyadh					
Permit Number	1427/10552				
Permit Date	06/02/1428				
Zoning	Education Facility				
Municipality License No.	N/A				

Al Faris International School, Taawun, Riyadh						
	Basement: 10,330 sq m					
	Ground Floor: 8,731 sq m					
Building Specifications	First & Second Floor: 8,887 sq m per floor					
	Electrical Room: 50 sq m					
	Boundary Wall: 508 m					

Source: Client

We have been provided with a building completion certificate dated 06/02/1428, which confirms that the building has been constructed in line with the use described in the building permit.

### **Valuation Considerations**

- Our valuation has been carried out using the investment method via a discounted cash flow (DCF) approach. The cash flows considered have regard to the lease agreement in place.
- We have further considered the affordability of the lease payments under the agreement with respect to the estimated revenue generated by the school. In absence of detailed operational and financial performance metrics of the school, we have assumed the following when estimating the revenue:
  - The school has a capacity of 2,800 students as informed by the Client. Given that the school has been operational since 2011, it is assumed that it has reached an optimal capacity utilization of 85%.
  - The fees have been sourced from the school's website and the average annual fees per student works out to be SAR 40,400. An annual fee increment of 2.5% has been considered
  - Based on the above, the school's estimated annual revenue works out to be SAR 96.2 million.
- We have considered an affordable rent equivalent to 12.0% of the estimated annual revenue of the school, which computes to SAR 11.5 million per annum. The annual rent as per the lease agreement is SAR 10 million (equivalent to 10.4% of estimated revenue) which is considered to be affordable.
- We also note that, that the Client has not informed us of any rental defaults.
- The remaining lease term is 2.5 years and we assume that the lease shall be renewed with the same tenant upon expiry. We further assume that the rent upon lease renewal shall be equivalent to the estimated affordable rent at that time i.e. SAR 12.4 million. Furthermore, we have assumed that the lease upon renewal shall be subject to an increase of 7.5% after every 5 years in-line with market norms.
- Operating costs: As per the lease agreement, the tenant is responsible for all operating expenses, maintenance and insurance costs of the Property. Accordingly, we have not considered any operating costs for the Property.

#### Yield rationale

The table below shows transactions in which educational facilities have been acquired by REITs in last few years.

We are of the opinion that the Market Value would be based off capitalisation rate(s) of 7.75%.

Table 5: Recent RIET Transactions in Education Sector

Asset	RIET	Location	Yield (%)	Date
University	Riyadh REIT	Riyadh	8.70%	2017
Private School	Taleem REIT	Riyadh	6.32%	2018
International School	Taleem REIT	Riyadh	4.87%	2018
Training Center	Derayah	Al Khobar	8.66%	2018

•	customers.  The property has 5.4 years left remaining on the masterlease, with escalations, secured at above market rent.	<ul> <li>We feel the property is overrented and that there would be reversion to market upon the expiry of the lease.</li> </ul>				

### Panda, Al Naseem District, Khamis Mushait

 Although we have not been provided with the tenant financials, we assume the tenant to be of a strong covenant.

#### **Opportunities**

- Investing in renovation and modernization initiatives can enhance the building's aesthetics, functionality, and competitiveness, attracting new customers.
- The underlying land value appears to be higher than the income producing nature of the Property. As such there is development opportunity to explore the highest and best use of this land.

#### **Threats**

- Other developments in the area, including newer retails (supermarkets), may attract tenants and customers away from the subject property.
- There is competing retail space directly opposite the subject property.

#### Location / Situation

Source: Google Earth / Knight Frank

- The subject property, known as Panda, is situated in the Al Naseem district within Khamis Mushait, Kingdom of Saudi Arabia.
- Panda supermarket benefits from direct highway access via Prince Sultan Road. The property has four frontages and the surrounding area consists of both residential and commercial uses.
- Aseer Mall is located approximately 21 km west of the property, while Abha International Airport is situated around 23 km to the northwest.

### **Description**

- The construction quality of the subject property appears to be of average market standard.
- The subject property is a single standalone building occupied by Panda supermarket. The subject property has loading and unloading areas to the south.
- The subject property covers a land area of 19,000 sq m, with a building permit specifying a builtup area of 5,456 sq m, which we have interpreted as the GLA as instructed by the Client.

# **Tenancy Overview**

- We have been provided with lease information which shows that the Property is single let to (Al Aziziya Panda United Company) under a triple net lease. This represents full occupancy of the Property. Whilst the dates of the lease are missing from the lease, the term and the escalations are stated. We have relied upon the tenancy schedule provided by the Client for the precise dates.
- Below, we present the key lease information:

Table 2: Lease Overview

Panda, Al Naseem District, Khamis	Mushait
Lease Start Date	1 <sup>st</sup> June 2014 (as per the tenancy schedule provided)
Tenant	Al Aziziya Panda United Company
Term	Fifteen (15) Gregorian years
Property Leased	The total land area is 19,000 sqm with a retail box unit built on top of the land, with a total built up area of 5,456 sq m.
Rental Contract Details	The whole Property is let on a lease. The rental terms are as follows:  • Years 1 – 5: SAR 2,748,831 p.a. (1st June 2014 – 31st May 2019)  • Year 6 – 10: SAR 3,156,065 p.a. (1st June 2019 – 31st May 2024)  • Year 11 – 15: SAR 3,563,299 p.a. (1st June 2024 – 31st May 2029)
Rent Payment Schedule	Quarterly in advance.
Lease Renewal Provision	N/A
Type of Lease	Triple Net

Source: Client

- As of the date of valuation date the gross current passing rent is SAR 3,156,065 pa. There are no associated costs or service charge for the duration of the lease as this is a triple net lease.
- The Property has a weighted average unexpired lease term (WAULT) of 5.4 years.

# Tenure, Planning and Zoning

## **Market Comparables**

Table 5: Retail Comparables

Address	Statues	Floor Area (sq. m)	Rent pa (per sq. m.)	Comments/Comparison
Bishah	Asking	2,700	444	• The comparable is worse located than the subject property, therefore we applied a premium. The subject property has a better specification, and as such we applied a premium. We consider the subject property to have better accessibility than the comparable, therefore we have applied a premium. Given that the comparable is smaller than the subject property we have applied a discount for quantum to reflect the difference in size.
North Khamis Mushait	Asking	750	267	The comparable is considered inferior to the subject property in terms of location and as such, we have applied a premium. The subject property is located in a more accessible area, therefore we have applied a premium for accessibility. The subject property has a better specification, and as such we applied a premium. Additionally, we have applied a discount for quantum to reflect the difference in size.
North Khamis Mushait	Asking	384	742	The comparable is worse located than the subject property, therefore we applied a

Address	Statues	Floor Area (sq. m)	Rent pa (per sq. m.)	Comments/Comparison
				premium. The subject property has a better specification, and as such we applied a premium. Given that the comparable is smaller than the subject property we have applied a discount for quantum to reflect the difference in size.
Al Moosa	Asking	400	800	The comparable is considered inferior to the subject property in terms of location and as such, we have applied a premium. The subject property is located in a more accessible area, therefore we have applied a premium for accessibility. The subject property has a better specification, and as such we applied a premium. Additionally, we have applied a discount for quantum to reflect the difference in size.

Source: Knight Frank Research

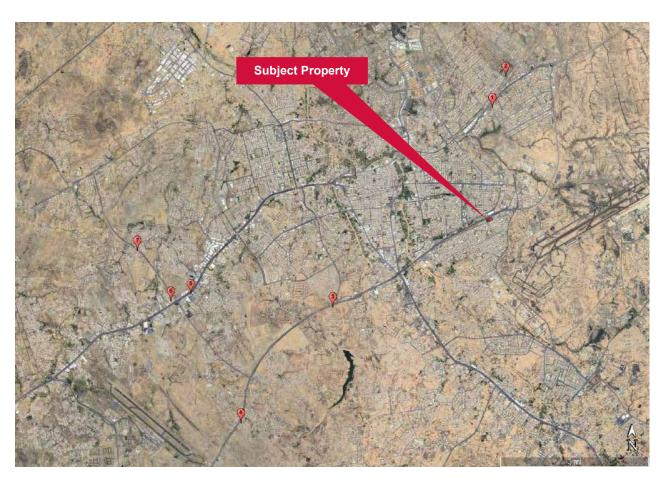

#### **Market Rent rationale**

- In forming our opinion of market rent we have made adjustments to our estimated rental value (ERV) based on key drivers of value, such as location, access, specification and quantum.
- To account for the negotiation between the buyer and seller, we have applied a discount to all of the asking comparables which are quoted as asking prices.
- In arriving at our opinion of Market Rent we have assumed that the blended rate achievable across the Property is SAR 550 per sq pa.
- In arriving at our opinion of Market Rent we have assumed that the units within the Property would
  typically let for a term certain of 5 years on effective full repairing and insuring terms. We would
  anticipate an average letting void of 3 months upon lease expiry. Please note that this void period
  has not been factored into the valuation as we have assumed a reversion to land value upon expiry
  of the lease.

#### Land rationale

- Given that we are of the opinion that the land value supersedes the value of the income producing
  asset we have analysed the land market in close proximity to the subject property.
- Please see the comparable map below showing land comparables:

Source: Google Earth / Knight Frank

Table 6: Land Comparables

Comparable	Address	Туре	Land Area (sq m)	Rate (SAR/p sm)	Comments/Comparison
1	Al Mossa	Commercial	1,600	2,500	<ul> <li>The comparable is considered inferior to the subject property in terms of location and as such, we have applied a premium. Given that the subject property is larger than the comparable, we have applied a discount to account for the differences in size.</li> </ul>
2	Al Wessam	Commercial	3,300	3,000	The comparable is located in a less accessible area, therefore we have applied a premium for accessibility. Additionally, we have applied a discount for quantum to reflect the difference in size.
3	Al Shifa	Commercial	6,506	3,843	The comparable has a worse location than the subject, therefore we have applied a premium. Given that the comparable is smaller than the subject, we have applied a discount to account for the differences in size.

Comparable	Address	Туре	Land Area (sq m)	Rate (SAR/p sm)	Comments/Comparison
4	South-East Khamis Mushait	Commercial	6,183	3,720	<ul> <li>The comparable is located in a less sought- after location, therefore we have applied a premium. Given that the comparable is smaller than the subject, we have applied a discount to account for the differences in size.</li> </ul>
5	Hijlah	Commercial	5,000	3,400	<ul> <li>The comparable has a better location than the subject, therefore we have applied a discount. Additionally, we have applied a discount for quantum to reflect the difference in size.</li> </ul>
6	Hijlah	Commercial	12,500	1,600	<ul> <li>The comparable is located in a more sought- after location, therefore we have applied a premium. Given that the comparable is smaller than the subject, we have applied a discount to account for the differences in size.</li> </ul>
7	Hijlah	Commercial	802	3500	<ul> <li>The comparable has a worse location than the subject, therefore we have applied a premium.</li> <li>Additionally, we have applied a discount for quantum to reflect the difference in size.</li> </ul>

Source: Knight Frank Research

• In assessing our opinion of the underlying land plot, we have taken into account the aforementioned comparables. We have applied discounts to the comparables to incorporate the impact of negotiation between sellers and potential buyers. Additionally, we have made other essential adjustments to account for the disparities in micro-location between the comparables and the property. Our assessment leads us to conclude that the Fair Value of the underlying property is SAR 2,330 per sq m, resulting in a total value of SAR 44,270,000.

### **Valuation Assumptions & Rationale**

Table 7: Valuation Assumptions

ltem	Assumption		
Discount Rate	• 9.00%		
ERV at 100% Occupancy	• SAR 2,946,240 p.a.		
Growth Rate pa	• 2.50%		
Land value as of Valuation Date	• SAR 44,270,000		
Land Value upon expiry of master lease (growth applied)	• SAR 50,605,000		
Fair Value of the Property	• SAR 44,700,000		

Source: Knight Frank

 Given that this is an income producing asset we have valued the property using a discounted cashflow. However, to account for the fact that the underlying land value supersedes the value of the income producing asset we have factored in a reversion to land value upon expiry of the lease

in May 2029, net present valuing both the contracted value of the rent and the land value upon expiry of the lease.

### **Fair Value**

• We are of the opinion that the Fair Value of the freehold interest in the property, subject to the caveats and assumptions stated herein, at the valuation date is:

SAR 44,700,000

(Forty-Four Million, Seven Hundred Thousand Saudi Arabian Riyals)

# **SWOT** analysis

Table 1: SWOT Analysis

Strengths	Weaknesses
<ul> <li>Large physical footprint and ample parking space.</li> </ul>	Other retail buildings in the area that have undergone renovations and upgrades may attract
<ul> <li>The subject property has a prime location in a well-established area with traffic bypass.</li> </ul>	more customers and tenants due to their modern appeal.

Panda, Al Marwa, Jeddah

 The remaining lease length is 4.9 years which poses a relatively secure income stream. We suspect the building is overrented and therefore a reversion to a lower market rent may occur upon expiry of the master lease in 2028.

### **Opportunities**

# The underlying land value appears to be higher than the income producing nature of the Property. As such there is development opportunity to explore the highest and best use of this land. The remaining WAULT is 4.9 years and as such this land value is able to be soon explored.

### Threats

Other retail developments in the area, including newer plazas, may attract tenants and customers away from the subject property.

#### Location / Situation

Source: Google Earth / Knight Frank

- As can be seen from the map above, the subject property is located on Prince Mutaib Bin Abdulaziz
  road within Al Marwa District in Jeddah City. Al Marwa is situated in the central part of Jeddah,
  Kingdom of Saudi Arabia. Al Marwa is a densely populated neighbourhood which consists of
  mainly residential apartments.
- The Property benefits from four road frontages, with Abi Habib Al Ansari Road to the north, and to Prince Mutaib Bin Abdulaziz Road to the east.
- King Abdulaziz International Airport is some 24 km to the north and Jeddah Waterfront is about 20 km to the west and Jeddah Islamic Seaport is approximately 21 km to the south and King Abdulaziz University is some 16 km to the south of the subject property.

### **Description**

 The premises refers to a big box retail establishment occupied by Panda Hypermarket – Al Marwa, Jeddah. It was built using steel frame construction, featuring painted concrete walls on the inside and automatic glass doors for the main entrance and exit. There is considerable outdoor asphalt surface parking and there is a back yard with loading dock doors with roller shutter access.

The subject property covers an area of 38,641 sq m, with a building permit specifying a built-up area of 15,247.72 sq m.

#### **External facilities**

Surface parking in front of the Property, with frontage onto Prince Mutaib Bin Abdulaziz Road.

### **Tenancy Overview**

- We have been provided with lease information which shows that the Property is single let to (Azizia Panda United Company) under a triple net lease. This represents full occupancy of the Property.
- Whilst the lease we have been provided with does not show the actual lease start and end dates, we have been provided with a tenancy schedule by the Client which shows the specific dates of the lease, which we have relied upon.
- Below, we present the key lease information:

Table 2: Lease Overview

Hyper Panda, Al	Marwa, Jeddah						
Lease Start Date	1 <sup>st</sup> December 2013 (as per the tenancy schedule provided)						
Tenant	Azizia Panda United Company						
Term	Fifteen (15) Gregorian years						
Property Leased	The total land area of 38,641 sq m and the total built up area is 15,247.72 sq m. The Property consists mainly of a box retail unit occupied by Hype Panda and there are a number of smaller retail units sublet by the tenant.						
Rental Contract Details	<ul> <li>The whole Property is let on a Master Lease. The rental terms are as follows:</li> <li>Years 1 – 5: SAR 9,809,608 p.a. (1st December 2014 – 30th November 2018)</li> <li>Years 5 – 10: SAR 11,262,883 p.a. (1st December 2018 – 30th November 2023)</li> <li>Years 10 – 15: 12,716,158 p.a. (1st December 2023 – 30th November 2028)</li> </ul> Every five years the rent escalates. The current passing rent is: SAR 11,262,883 pa						
Rent Payment Schedule	Quarterly in advance.						
Lease Renewal Provision	The Lessee must notify the Lessor at least 6 months prior to expiry.						
Type of Lease	Triple Net						

Source: Client

- As of the date of valuation the gross current passing rent is SAR 11,262,883 pa. There are no associated costs or service charge for the duration of the master lease as this is a triple net lease.
- The Property has a weighted average unexpired lease term (WAULT) of 4.92 years.

### Tenure, Planning and Zoning

				better specification, and as such we have applied a premium. We have applied a discount to the subject property since it is smaller. We have applied a premium to the comparable since it is located in a less accessible area.
Al Amwaj District	Asking	7,261	738	The comparable is located in an undesirable area compared to the subject property, therefore we applied a premium. The subject property has a better specification, and as such we applied a premium. Additionally, we have applied a discount to the subject property since it is smaller. We have also applied a premium to the comparable since it is in a less accessible area.
Al Hamdaniyah District	Asking	1,320	1,136	The comparable is located in a less sought-after location, therefore we have applied a premium to the subject property for location. The subject property has a better specification, and as such we applied a premium. We have applied a premium to the comparable since it is located in a less accessible area. Additionally, we have applied a discount to the subject property since it is smaller.
Al Rabwah District	Asking	1,800	833	The comparable is located in a similar area to the subject, as such no adjustments were applied. The accessibility of the comparable was similar to the subject property, as such we have not applied any adjustments. The subject property has a better specification, and as such we applied a premium. We have also applied a discount to account for the differences in size.

Source: Knight Frank Research

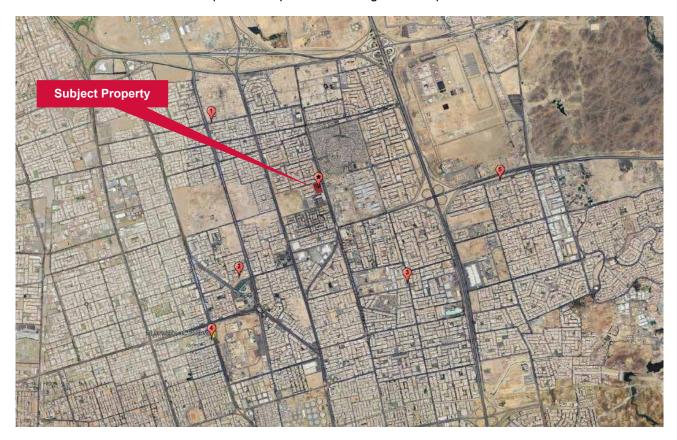

#### **Market Rent rationale**

- In arriving at our opinion of Market Rent we have assumed that the units within the Property would typically let for a term certain of 5 years on effective full repairing and insuring terms. We would anticipate an average letting void of 6 months upon lease expiry. Please note that this void period has not been factored into the valuation as we reverted to land value upon expiry of the lease.
- In forming our opinion of market rent we have made adjustments to our estimated rental value (ERV) based on key drivers of value, such as location, access, specification and quantum.
- To account for the negotiation between the landlord and tenant, we have applied a discount to all of the asking comparables which are quoted as asking prices.
- We are of the opinion that the Market Rent equates to a blended rate of SAR 730 per sq m as on the gross leasable area.

### Land rationale

- Given that we are of the opinion that the land value supersedes the terminal value of the income producing asset we have analysed the land market in close proximity to the subject property.
- Please see the comparable map below showing land comparables:

Source: Google Earth / Knight Frank

Table 6: Land Comparables

Comparable	Address	Туре	Land Area (sq m)	Rate (SAR/psm)	Comments/Comparison
1	Al Nazha	Commercial	1,894	6,100	The comparable is located within the same area as the subject property, and contains similar characteristics as well, therefore no adjustments have been made when it comes to accessibility. Given that the comparable is smaller than the subject, we have applied a discount to account for the differences in size.
2	Ar Rabwah	Mixed	5,825	5,494	The comparable is less accessible than the subject property, therefore we have applied a premium. Given that the comparable is smaller than the subject, we

Comparable	Address	Туре	Land Area (sq m)	Rate (SAR/psm)	Comments/Comparison		
					have applied a discount to account for the differences in size		
3	Al Safa	Commercial	15,000	5,500	<ul> <li>The comparable is smaller than the subject, therefore we have applied a discount to account for the differences in size.</li> </ul>		
4	Al Faisaliyah	Commercial	1,620	7,000	<ul> <li>The comparable has a worse location than the subject, therefore we have applied a premium. Given that the comparable is smaller than the subject, we have applied a discount to account for the differences in size.</li> </ul>		
5	Al Manar	Commercial	4,131	5,011	The comparable is in an undesirable location compared to the subject property and have applied a premium. We also consider the subject property to have a better access than this property and as such have applied a premium to the subject property. We have applied a discount to the subject property to account for size differences.		

Source: Knight Frank Research

In deriving our opinion of the underlying land plot, we have considered the aforementioned comparables. We have applied discounts to the comparables to incorporate the impact of negotiation between sellers and potential buyers. Additionally, we have made other essential adjustments to account for quantum differences between the comparables and the Property. Our assessment leads us to conclude that the value of the underlying land is SAR 3,465 per sq m, resulting in a total land value of SAR 133,891,065 as of the date of valuation.

### **Valuation Assumptions & Rationale**

Table 7: Valuation Assumptions

Item	Assumption				
Discount Rate	• 8.75%				
ERV at 100% Occupancy	• SAR 11,130,310				
Growth Rate pa	• 2.50%				
Land value as of Valuation Date	• SAR 133,891,065				
Land Value upon expiry of master lease (growth applied)	• SAR 151,174,057				
Fair Value	• SAR 148,400,000				

Source: Knight Frank

Given that this is an income producing asset we have valued the property using a discounted cashflow. However, to account for the fact that the underlying land value supersedes the value of

the income producing asset we have factored in a reversion to land value upon expiry of the lease in November 2028, net present valuing both the contracted value of the rent and the land value upon expiry of the lease.

We have not factored in any costs given that this is has been let on a Triple Net Lease and as such all costs are borne by the tenant for the duration of the lease term.

### **Fair Value**

We are of the opinion that the Fair Value of the freehold interest in the property, subject to the caveats and assumptions stated herein, at the valuation date is:

SAR 148,400,000

(One Hundred and Forty-Eight Million, Four Hundred Thousand Saudi Arabian Riyals)

## **SWOT** analysis

Table 1: SWOT Analysis

Stre	Strengths		Weaknesses		
•	The subject property has a good location in a well-established residential area.	•	Other retail buildings in the area that have undergone renovations and upgrades may attract		
•	The Property benefits from a strong WAULT of 5.4 years providing investors with a relatively good period of fixed income.		more customers and tenants due to their modern appeal.		

	The property is overrented in our opinion and therefore once the lease expires the Property may witness a downwards reversion in Market Rent.
Opportunities	Threats
<ul> <li>The underlying land value appears to be higher than the income producing nature of the Property.</li> <li>As such there is development opportunity to explore the highest and best use of this land.</li> </ul>	Other retail developments in the area, including newer plazas, may attract tenants and customers away from the subject property.

#### **Location / Situation**

Source: Google Earth / Knight Frank

- As can be seen from the map above, the subject property is located on Qassem Zeinah Street within Al Rawda District in Jeddah City. Al Rawda is situated in the central part of Jeddah, Kingdom of Saudi Arabia. Al Rawda is a densely populated neighbourhood which consists mainly of residential apartments in the area. The surrounding area is mostly dominated by residential use.
- The property benefits from four road frontage; to the south lies Qassem Zeinah Street, to the north lies Muhammad Maghrabi Street, to the east lies Ahmad Al Turki street, and to the west lies Ibrahim Foudah Street.
- King Abdulaziz International Airports sits some 22 km to the north, Jeddah Waterfront is about 10 km to the west, Jeddah Islamic Seaport is approximately 14 km to the south and King Abdulaziz University is some 15 km to the south of the subject property.

## **Description**

The premises consists mainly of a big box retail establishment used as a Panda supermarket. It
was built using steel frame constructions, featuring painted concrete walls on the inside and
automatic glass doors for the main entrance and exit.

- As for outdoor parking, there are 157 available parking spaces. The back yard is surfaced in asphalt and contains loading dock doors with roller shutter access.
- The subject property covers an area of 9,929.79 sq m, with a building permit specifying a built-up area of 3,250.4 sq m.

#### **External facilities**

Surface parking in front of the Property, with frontage onto Qassem Zeinah Street.

## **Tenancy Overview**

- We have been provided with lease information which shows that the Property is single let to (Azizia Panda United Company) under a triple net lease for a period of 15 years. This represents full occupancy of the Property.
- Whilst we have not been provided with the lease with dates included, we have had sight of tenancy schedule provided by the Client showing the specific lease start dates.
- Below, we present the key lease information:

Table 2: Lease Overview

Panda, Al Rawdah, Jeddah						
Lease Start Date	1 <sup>st</sup> June 2013					
Tenant	Azizia Panda United Company					
Term	Fifteen (15) Gregorian years					
Property Leased	A land area consisting of approximately 9,930 sq m with a retail box unit measuring circa 3,250 sq m.					
Rental Contract Details	The whole Property is let on a lease. The rental terms are as follows:  • Years 1 – 5: SAR 2,417,575 (1st June 2014 – 31st May 2019)  • Years 6 - 10: 2,775,734 (1st June 2019 – 31st May 2024)  • Years 10 – 15: 3,133,893 (1st June 2024 – 31st May 2029)  In the June 2024 the lease will escalate by 12.90%.					
Rent Payment Schedule	Quarterly in advance.					
Lease Renewal Provision	At least 6 months prior to expiry.					
Type of Lease	Triple Net					

Source: Client

- As of the date of valuation date the gross current passing rents is SAR 2,775,734. There are no associated costs or service charge for the duration of the master lease as this is a triple net lease.
- The Property has a weighted average unexpired lease term (WAULT) of 5.4 years.

# Tenure, Planning and Zoning

## Please see a summary of the Property Tenure:

Table 3: Summary of Tenure

	Title Deed Details					
Title Deed No.	720206030558					
Plot No(s).	24/23					
Owner	Privileged Warehouse company 2					
Tenure	Freehold (Mortgaged to Al Rajhi Bank)					
Title Deed Date	Hijri and Gregorian Date: 1441/04/18 (15/12/2019)					
Land Size (sq m)	9,929.79					

Source: Client

We have been provided with the following building permits for the Property, which we summarise below:

Table 4: Summary of Building Permit

Building Permit Details				
Permit Number	1425 004221			
Permit Date	10/11/1425 (22/12/2004)			
Zoning	Commercial – Retail Mall			
Civil Defence Permit	Not stated			
Building Specifications	Ground Floor: Retail (3,110.90 sq m), Parking (2,355 sq m)  Mezzanine Floor: (139.50 sq m)			

Source: Client

We have been provided with a building completion certificate dated 11/10/1427, which confirms that the building has been constructed in line with use described in the building permit.

## **Market Comparables**

Table 5: Retail Comparables

Address	Туре	Floor Area (sq. m)	Rent pa (per sq. m.)	Comments/Comparison
Al Rabi' District	Asking	1,575	857	<ul> <li>The comparable has a less desirable location than the subject property, and as such we applied a premium. The specification of the subject property is better than the comparable and as such, a premium was applied. Additionally, we have applied a discount to the comparable since it is located in a more accessible area. We have also discounted the comparable due to its size compared to the subject.</li> </ul>

Address	Туре	Floor Area (sq. m)	Rent pa (per sq. m.)	Comments/Comparison
Al Lulu District	Asking	2,393	627	<ul> <li>The comparable is in a worse location than the subject property, therefore we applied a premium.</li> <li>The subject property has better specification, and as such we applied a premium. Access was slightly better for the subject property, as such a premium was applied.</li> </ul>
Al Amwaj District	Asking	7,261	702	<ul> <li>The comparable is located in a less sought-after location, therefore we have applied a premium. The accessibility of the subject property is also better than the comparable, as such we have applied a premium. Access was better for the subject property, as such we applied a premium. We have also applied a premium to account for the differences in size.</li> </ul>
Al Rabwah District	Asking	1,800	833	• The comparable is located in a less desirable area compared to the subject property, therefore a premium was applied. The accessibility of the comparable is worse compared to the subject property, as such we have applied a premium. The subject property has better specification, and as such we applied a premium. We have also applied a discount to account for the differences in size.
Al Hamdaniyah District	Asking	1,320	1,136	<ul> <li>The comparable is located in a similar area to the subject, as such no adjustments were applied. The accessibility of the comparable was akin to the subject property, as such we have not applied any adjustments. We have also applied a discount to account for the differences in size.</li> </ul>

Source: Knight Frank Research

#### **Market Rent rationale**

- In arriving at our opinion of Market Rent we have assumed that the units within the Property would typically let for a term certain of 5 years on effective full repairing and insuring terms. We would anticipate an average letting void of 6 months upon lease expiry. Please note that this void period has not been factored into the valuation as we reverted to land value upon expiry of the lease.
- In forming our opinion of market rent we have made adjustments to our estimated rental value (ERV) based on key drivers of value, such as location, access, specification and quantum.
- To account for the negotiation between the landlord and tenant, we have applied a discount to all of the asking comparables which are quoted as asking prices.
- We are of the opinion that the Market Rent equates to a blended rate of SAR 835 per sq m as on the gross leasable area.

## Land rationale

 Given that we are of the opinion that the land value supersedes the value of the income producing asset we have analysed the land market in close proximity to the subject property.

Please see the comparable map below showing land comparables:

Source: Google Earth / Knight Frank

## Table 6: Land Comparables

Table of Land Co.	1			
Address	Туре	Land Area (sq m)	Rate (SAR/psm)	Comments/Comparison
Al Shouara	Commercial	1,728	5,500	<ul> <li>The comparable has worse accessibility than the subject, therefore we have applied a premium.</li> <li>Given that the comparable is smaller than the subject, we have applied a discount to account for the differences in size.</li> </ul>
Ar Rabwah	Commercial	625	8,480	<ul> <li>The comparable is located within the same location as the subject property, therefore we have not applied any adjustments. The comparable as limited accessibility, and as such we applied a premium. We have also applied a discount to account for the differences in size.</li> </ul>
Ar Rawdah	Mixed	5,825	5,494	The comparable is located within the same area as the subject property, as such, no adjustments were applied. Given that the comparable is smaller than the subject, we have applied a discount to account for the differences in size. Accessibility was found to be similar to the subject site, therefore adjustments were not made.

Address	Туре	Land Area (sq m)	Rate (SAR/psm)	Comments/Comparison
Ar Rawdah	Commercial	1,620	7,000	<ul> <li>The comparable sits within the same district as the subject property and houses similar accessibility and therefore no adjustments have been applied. However, given that the comparable is smaller than the subject, we have applied a discount to account for the size difference.</li> </ul>
Al Faisaliyyah	Commercial	3,200	7,813	<ul> <li>The comparable has similar accessibility to the subject, therefore we have not applied any adjustments. Given that the comparable is smaller than the subject, we have applied a discount to account for the differences in size. In terms of its accessibility, the comparable and the subject are similar, no adjustments have been applied.</li> </ul>

Source: Knight Frank Research

• In deriving our opinion of the underlying land plot, we have taken into account the aforementioned comparables. We have applied discounts to the comparables to incorporate the impact of negotiation between sellers and potential buyers. Additionally, we have made other essential adjustments to account for quantum differences between the comparables and the Property. Our assessment leads us to believe that value of the underlying land is SAR 5,215 per sq m, resulting in a total land value of SAR 51,779,735 as of the date of valuation,

## **Valuation Assumptions & Rationale**

Table 7: Valuation Assumptions

ltem	Assumption				
Discount Rate	• 8.75%				
ERV at 100% Occupancy	• SAR 2,697,832				
Growth Rate pa	• 2.50%				
Land value as of Valuation Date	• SAR 51,779,735				
Land Value upon expiry of master lease (growth applied)	• SAR 59,189,876				
Fair Value	SAR 48,700,000				

Source: Knight Frank

Given that this is an income producing asset we have valued the property using a discounted
cashflow. However, to account for the fact that the underlying land value supersedes the value of
the income producing asset we have factored in a reversion to land value upon expiry of the lease
in May 2029, net present valuing both the contracted value of the rent and the land value upon
expiry of the lease.

## **Fair Value conclusions**

• We are of the opinion that the Fair Value of the freehold interest in the property, subject to the caveats and assumptions stated herein, at the valuation date is:

SAR 48,700,000

(Forty Eight Million, Seven Hundred Thousand Saudi Arabian Riyals)

# **SWOT** analysis

Table 1: SWOT Analysis

Strengths	Weaknesses
<ul> <li>Benefits from good access on Madain Al Fahad Street.</li> <li>5.7 years left on the lease with an escalation of 12.9% in September 2024, where we expect it to be achieving above market rent.</li> </ul>	It is located far from the prime centre of Jeddah and must compete with another Panda store 2.7km to its northeast and 2.3km to its east.

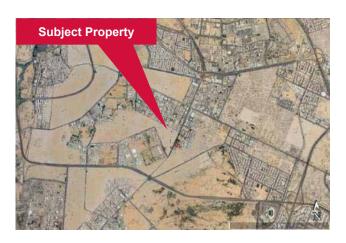

## Opportunities

 We are of the opinion that the Property is overrented and therefore there is the asset management opportunity to regear the current lease for a longer term certain to avoid reversion to market rent and a void period.

## Threats

- Other retail developments in the area, including newer plazas, may attract tenants and customers away from the subject property.
- Limited retail rental growth in Jeddah over the last 12 months.
- Approximately 500,000 sq m of retail space to enter the Jeddah market by 2025 adding competitive pressure to the subject property.

#### **Location / Situation**

Source: Google Earth / Knight Frank

- As can be seen from the map above, the subject property is located on Madaen Al Fahd Street within the Madaen Al-Fahd District of Jeddah.
- Madaen Al-Fahd is situated in the south part of Jeddah, Kingdom of Saudi Arabia. Madaen Al-Fahd District used to be densely populated neighbourhood until it was razed as part of the Jeddah redevelopment plan and now appears to be a sparsely populated neighbourhood consisting mainly of residential apartments and vacant land. The surrounding area is mostly dominated by residential apartments, except for a gas station directly to the south of the Property and Okaz middle school 170 metres to its east.
- The subject property benefits from a 52 metres frontage on Madaen Al Fahd Street on its western boundary.
- The subject property is bordered by Ashab Al Risalah street to the south, Muhammad Mandur street to the east.
- Jeddah Islamic Seaport is approximately 8 km away and King Abdulaziz University is some 4.5 km to the north of the subject property.

## **Description**

• The premises refers to a one-floor retail establishment recognized as Panda Hypermarket - Madain Al Fahd, Jeddah. It was built using steel frame constructions, featuring painted concrete walls on

- the inside and automatic glass doors for the main entrance and exit. The back yard is surfaced in asphalt and there is loading dock door with a roller shutter.
- The subject property covers a land area of 11,873.92 sq m, with a building permit specifying a built-up area of 3,838.6 sq m, which we have treated as the GLA. We have relied on this information provided by the Client.

#### **External facilities**

Surface parking in front of the Property with approximately 180 car parking spaces with frontage onto Madain Al Fahd Street.

## **Tenancy Overview**

- We have been provided with lease information which shows that the Property is single let to Azizia Panda United Company under a Triple Net lease. This represents full occupancy of the Property.
- Below, we present the key lease information:

Table 2: Lease Overview

Panda, Madian Al-Fahd, Jeddah	
Lease Start Date	04/09/2014 (as provided in tenancy schedule)
Tenant	Azizia Panda United Company
Term	Fifteen (15) Gregorian years
Property Leased	Two plots of land with the building(s) that shown on the premises plan.
Rental Contract Details	<ul> <li>The whole Property is let on a lease. The rental terms are as follows:</li> <li>Years 1 – 5: SAR 2,529,370 (4th September 2014 – 3rd September 2019)</li> <li>Years 6 - 10: 2,904,091 (4th September 2019 – 3rd September 2024)</li> <li>Years 10 – 15: 3,278,813 (4th September – 3rd September 2029)</li> <li>In the September 2024 the lease will escalate by 12.9%.</li> </ul>
Rent Payment Schedule	Quarterly in advance.
Lease Renewal Provision	Notice must be provided at least 6 months prior to expiry.
Type of Lease	Triple Net

#### Source: Client

- As of the date of valuation date the gross current passing rents is SAR 2,904,091. There are no associated costs or service charge for the duration of the masterlease as this is a triple net lease.
- The Property has a weighted average unexpired lease term (WAULT) of 5.7 years.

# Tenure, Planning and Zoning

## Please see a summary of the Property Tenure:

Table 3: Summary of Tenure

Title Deed Details		
Title Deed No.	220211031329	320224003715
Plot No(s).	N/A	N/A
Owner	Privileged Warehouse company 2	Privileged Warehouse company 2
Tenure	Freehold Mortgaged to Al Rajhi Bank	Freehold
Title Deed Date	Hijri and Gregorian Date: 1441/04/18 (15/12/2019)	Hijri and Gregorian Date: 1437/03/24 (04/01/2016)
Land Size (sq m)	2,873,92	9,000

Source: Client

We have been provided with the following building permits for the Property, which we summarise below:

Table 4: Summary of Building Permit

Building Permit Details	
Permit Number	1426 000226
Permit Date	11/02/1426 (22/03/2005)
Zoning	Commercial – Retail Mall
Civil Defence Permit	Not stated
	Ground Floor Retail: 3,838 sq m
Building Specifications	Parking: 5,165 sq m

Source: Client

We have been provided with a building completion certificate dated 1427/9/22, which confirms that the building has been constructed in line with use described in the building permit.

# **Comparable Considerations**

Table 5: Retail Comparables

Address	Туре	Floor Area (sq. m)	Rent pa (per sq. m.)	Comments / Comparison
Al Safa	Asking	365	1,233	The comparable is better located than the subject property, therefore we applied a discount. The subject property has a better specification, and as such we applied a premium. We consider the subject property to have better accessibility than the comparable, therefore we have applied a premium. Given that the comparable is smaller than the subject property we have applied a discount for quantum to reflect the difference in size.

Address	Туре	Floor Area (sq. m)	Rent pa (per sq. m.)	Comments / Comparison
Al Rabwah	Asking	1,800	833	The comparable is considered superior to the subject property in terms of location and as such, we have applied a discount. The subject property has a better specification, and as such we applied a premium. Additionally, we have applied a discount for quantum to reflect the difference in size.
AL Lulu	Asking	2,393	627	The comparable is in a less sought-after location, therefore we have applied a premium to the subject property for location. The subject property has better specification, and as such we applied a premium. In terms of accessibility, we consider the subject property to have better accessibility than the comparable, therefore we have applied a premium. We have applied a discount to the subject property since it is larger.
Al Rabi'	Asking	1,575	857	The comparable is better located than the subject property, therefore we applied a discount. The subject property has a better specification, and as such we applied a premium. We consider the subject property to have better accessibility than the comparable, therefore we have applied a premium. Given that the comparable is smaller than the subject property we have applied a discount for quantum to reflect the difference in size.
Al Faisaliyyah	Asking	625	1,040	The comparable is in a more sought-after location, therefore we have applied a discount to the subject property for location. The subject property has better specification, and as such we applied a premium. In terms of accessibility, we consider the subject property to have worse accessibility than the comparable, therefore we have applied a discount. We have applied a discount to the subject property since it is larger.

Source: Knight Frank Research

#### **Market Rent rationale**

- In arriving at our opinion of Market Rent we have assumed that the units within the Property would typically let for a term certain of 5 years on effective full repairing and insuring terms. We would anticipate an average letting void of 3 months upon lease expiry.
- In forming our opinion of market rent we have made adjustments to our estimated rental value (ERV) based on key drivers of value, such as location, access, specification and quantum.
- To account for the negotiation between the landlord and tenant, we have applied a discount to all of the asking comparables which are quoted as asking prices.
- We are of the opinion that the Market Rent equates to a blended rate of SAR 755 per sq m as on the gross leasable area.

## **Valuation Assumptions & Rationale**

Table 6: Valuation Assumptions

ltem	Assumption
Capitalisation Rate	• 7.50%
Discount Rate	• 10.00%
ERV at 100% Occupancy	• SAR 2,897,690 per annum
Stabilised Occupancy	• 100%
Growth Rate	• 2.50%

Source: Knight Frank

- Given that this is an income producing asset we have valued the property using a discounted cashflow, over a holding period of 10 years, capitalising the year 11 NOI with our designated capitalisation rate.
- Upon expiry of the lease we have assumed a 3 month void period in which the current tenant will vacate and be replaced by a new tenant at market rent. We have assumed the new tenant will take occupy the Property in its entirety on a 10 year lease term.
- We have factored in annual OpEx costs of SAR 10 per sq m on the GLA during this void period, however we have not factored in any further costs as we assume the tenant will take this space on a triple net lease as per the current tenant.
- We used a discount rate of 10.00% which we feel best represents investor sentiment and the risk profile of the subject property.
- We are of the opinion that the Fair Value would be based off a capitalisation rate of 7.50%.

#### Costs

- We have not factored any costs into our valuation for the duration on the initial lease as the Property is let on a Triple Net agreement and therefore any costs regarding the Property are borne by the tenant as stipulated in the lease.
- Upon the expiry of the lease and for the Property's void period we have applied OpEx of SAR 10 per sq m on the GLA.

## Fair Value

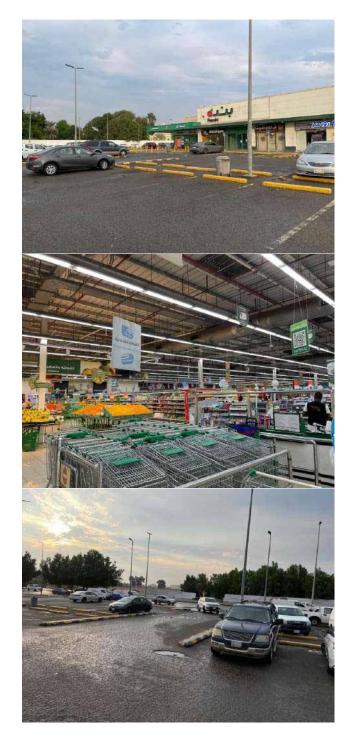

We are of the opinion that the Fair Value of the freehold interest in the property, subject to the caveats and assumptions stated herein, at the valuation date is:

SAR 36,800,000

(Thirty Six Million, Eight Hundred Thousand Saudi Arabian Riyals)

## **SWOT** analysis

Table 1: SWOT Analysis

#### Weaknesses Strengths The subject property has a strong location on Al The building's architecture and interior design Andalus Branch Road approximately 2.2km from may appear dated, potentially affecting its overall Jeddah's CBD. appeal and competitiveness in the market. The property is multi-let on short term leases and The Property has a WAULT of 0.9 years, which therefore this provides a good hedge against lessens its appeals to investors looking for secure fixed long-term income. inflation with leases renewing at market rates. The occupancy rate is relatively low at 55%.

## Opportunities

- The increasing demand for office space presents opportunities for expansion and attracting new clients.
- Government led initiatives are seeking to bolster commercial activity in Jeddah such as the transformation of Jeddah Projects Management Office into Jeddah Development Authority.
- Limited office supply will reach the market by 2025 in Jeddah, with current Grade B space accounting for 41% of the office space as of Q3 2023.
- Asset management opportunities to increase occupancy such as refurbishment and a marketing campaign.

## Threats

- Other developments in the area, including newer office buildings, may attract tenants and customers away from the subject property.
- The new office space due to appear in the market by 2025 will be Grade A space and therefore there will be more quality stock for tenants to choose from.

#### **Location / Situation**

Source: Google Earth / Knight Frank

- The subject property, known as Al Andalus Centre, is situated in the Al Ruwais district within Jeddah, Kingdom of Saudi Arabia.
- It sits approximately 2.2km from Jeddah's CBD area and Medinah Road.
- Al Andalus Tower benefits from direct access on Al Andalus Branch Road and benefits from four separate road frontages.
- The surrounding area consists of both residential and commercial uses.
- Dr. Soliman Fakeeh Hospital located approximately 1 km north of the property, with the International Medical Center Hospital 730 metres to the east.
- There are hotels near the Property such as Mira Waterfront Hotel located 730 metres to the south and Narcissus Al Hamra Hotel located 1.2 km to the south.
- King Abdulaziz International Airport is situated around 19.8 km to the north.

## **Description**

 The construction quality of the subject property appears to be of good standard, resembling a typical grade B office building.

Al Andalus Center, Ruwais, Jeddah

- The subject property is comprised of 9 floors, including a basement, ground floor (with mezzanine) plus a further 7 floors.
- The subject property covers a land area of 9,565 sq m, with a building permit specifying a built-up area of 33,426 sq m. The Client has provided us with a breakdown of the gross leasable area, which amounts to 19,743 sq m.
- The Client has informed us that they intend to spend SAR 3,500,000 on a total refurbishment and marketing strategy on the building.

## **Tenancy Overview**

- As of the valuation date, we understand that the subject property, which is a multi-tenanted building, is experiencing an occupancy rate of 55%.
- As of the date of valuation, the gross current passing rents is SAR 8,762,310 as per the tenancy schedule provided by the Client. This rent is inclusive of service charge. The Property has a weighted average unexpired lease term (WAULT) of 0.9 years.

## Tenure, Planning and Zoning

A summary of the Property's tenure details is provided below:

Table 2: Summary of Tenure

#### The table below shows recent lettings in the Property itself:

Table 6 Office Comparables from the Subject Property

Address	Transaction (Date)	Floor Area (sq. m)	Rent SAR pa (per sq. m.)
Subject Property	February, 2023	106	731
Subject Property	July, 2023	106	755
Subject Property	July, 2023	164	755
Subject Property	October, 2023	348	746
Subject Property	June, 2023	123	1,021
Subject Property	November, 2023	106	700
Subject Property	January, 2023	179	825
Subject Property	July, 2023	212	750
Subject Property	March, 2023	179	700

Source: Knight Frank Research

Table 7: Retail Comparables from the Subject Property

Address	Transaction (Date)	Floor Area (sq. m)	Rent SAR pa (per sq. m.)
Subject Property	July, 2023	415	928
Subject Property	October, 2023	415	843

Source: Knight Frank Research

#### **Market Rent Rationale**

- We are of the opinion that the best market evidence can be obtained from recent lettings in the Property itself and as such have used recent transactions on the subject property to form our view of Market Rent for the offices and the retail space.
- Since there are only two recent retail lettings in the property itself, we have had regards to comparables in the wider market and have put weight on both market comparable and subject site recent lettings.
- We have also factored in the implications of a property wide refurbishment which the Client have informed us they will carry out. This has had a positive impact on the estimated rental value of the Property.

- In arriving at our opinion of Market Rent across the Property we have assumed that the units within
  the Property would typically let at a blended rate of SAR 861 per sq m per annum, inclusive of
  service charge.
- This rate can be broken down as a blended rate of SAR 818 per sq m on the office space and SAR 960 per sq m per annum on the retail space.

## **Valuation Assumptions & Rationale**

Table 8: Valuation Assumptions

ltem	Assumption
Capitalization Rate	• 8.75%
Discount Rate	• 11.25%
ERV at 100% Occupancy	• SAR 16,995,813 p.a.
Stabilised Occupancy	• 90%
Growth Rate	• 2.50%

Source: Knight Frank Research

- Given that this is an income producing asset we have valued the property using a discounted cashflow, over a holding period of 10 years, capitalising the year 11 NOI with our designated capitalisation rate.
- We have factored in a stabilised occupancy of 90%.
- We have used a terminal capitalisation rate of 8.75%, which we feel reflects the income and market risk profile.
- We used a discount rate of 11.25% which we feel best represents investor sentiment for the Property.

#### Costs

- We have not been provided with any CapEx expenditure for the Property and have not assumed these costs in the cashflow, nor have we been provided with an OpEx schedule.
- We have assumed an OpEx cost of SAR 100 per sq m across the GLA Property (as provided by the Client) to account for ordinary maintenance and day to day operating of the building.
- We have factored in letting costs of 1.0% on lease renewals to account for an extra marketing initiative to boost occupancy.
- The Client has informed us that they intend to spend SAR 3,500,000 on a total refurbishment and marketing strategy on the building. We have factored this into the first 9 months of the cashflow as a cost.

## **Fair Value conclusions**

• We are of the opinion that the Fair Value of the freehold interest in the properties, subject to the caveats and assumptions stated herein, at the valuation date is:

SAR 141,900,000

(One Hundred and Forty-One Million, Nine Hundred Thousand Saudi Arabian Riyals)

# **Property Valuation.**

Blue Tower, Al Yarmouk District, Khobar

This Property Valuation must be read in the context of the Overview Report to which it forms part. This Property Valuation is for the use of the Addressees only and no reliance is given to any other party for the whole or any part of its contents.

Source: Knight Frank

## **Valuation summary**

Valuation Date:	31st December 2023	Fair Value:	SAR 139,100,000
Inspection Date:	23 <sup>rd</sup> November 2023	Terminal Yield:	8.75%
Use Type(s):	Office and Retail	Discount rate:	11.25%
Tenure:	Assumed Freehold (Mortgaged to Al Rajhi Bank)	Inflation / Growth rate:	2.50%
Land Area (sq m):	5,464 sq m	Market Rent pa:	SAR 16,052,683
Gross Leasable Area (GLA):	20,484 sq m	Market Rent per sq m:	SAR 784 per sq m
Number of Tenants:	One (master lease)	Environmental	Assumed uncontaminated
Current Occupancy:	100%	Condition	Good
Stabilized Occupancy	90%		
Covenant of Tenant(s)	Mixed	Zoning	Commercial
Current Passing Rent:	SAR 12,331,512	Annual OpEx SAR per sq:	110 SAR (upon expiry of masterlease)

# **SWOT** analysis

Table 1: SWOT Analysis

Strengths	Weaknesses
<ul> <li>The masterlease has been renewed on a triple net basis for a further five years from the 11<sup>th</sup> of March 2023, with an escalation in the third year. Therefore, the property benefits from a WAULT of 4.2 years.</li> <li>The subject property has a prime location in central Khobar, sitting approximately 1.2 km from</li> </ul>	The building's architecture and interior design may appear dated and would be categorised as Grade B space. This would potentially affect its overall appeal and competitiveness in the market.

## Blue Tower, Al Yarmouk District, Khobar

both Le Meridien and Intercontinental Hotel and the road on which the Property (King Faisal Road) sits benefits from an array of café's and restaurants such as Lucca Steak House.

#### **Opportunities**

- The building could benefit from a refurbishment bringing it in line with Grade A standard and thereby bolstering rents.
- The increasing demand for office space presents opportunities for expansion and attracting new clients.

#### Threats

- Other developments in the area, including newer office buildings, may attract tenants and customers away from the subject property.
- The Property is Grade B and with 200,000 sq m of Grade A office space set to be delivered in Eastern Province by 2025, there is the threat that tenant demand will seek more quality space.

#### **Location / Situation**

- The subject property, known as Blue Tower, is situated in the Al Yarmouk district within Khobar, Kingdom of Saudi Arabia.
- Blue Tower benefits from direct access via King Faisal Road, a main road in Khobar boasting businesses, a range of café's and restaurants such as Luccas Steak House. The property has four frontages and the surrounding area consists of both residential and commercial uses.
- Half Moon Beach is located approximately 54 km south of the property, while King Fahad International Airport is situated around 57 km to the northwest. Le Meridian and Intercontinental Hotels both sit approximately 1.2 km south of the Property.

## **Description**

- The construction quality of the subject property appears to be of good standard, resembling a typical grade B office building.
- The subject property is comprised of 9 floors, 2 basements and Mezzanine Floor.
- The subject property covers a land area of 5,464 sq m, with a building permit specifying a built-up area of 33,592 sq m. The Client has provided us with a breakdown of the gross leasable area, which amounts to 20,484 sq m.

We understand that the Landlord has decided to implement significant refurbishment throughout
the subject property incurring SAR 1,960,000 worth of costs with approximately 45% of the works
conducted as the date of valuation. The improvements include adding a panoramic elevator,
replacing the AC and restoration of bathrooms, corridors and common areas.

## **Tenancy Overview**

- We have been provided with lease information which shows that the Property is single let to Nofodh Real Estate Investment Co. under a triple net lease. This represents full occupancy of the Property.
- Below, we present the key lease information:

Table 2: Lease Overview

	Blue Tower, Al Yarmouk District Khober
Lease Start Date	11/03/2023
Tenant	Nofodh Real Estate Invesment Co.
Term	Five (5) Gregorian years
Property Leased	The property, named 'Blue Tower and accompanying land plots are situated in Al Yarmouk District. The land plots, numbered 40-41-42 of block 5/2, are associated with title deed number 430203012523, dated 14/04/1441 Hijri (12/12/2019). The total land area is 5,464 sqm according to the title deed.
Rental Contract Details	<ul> <li>The whole Property is let on a master lease. The rental terms are as follows:</li> <li>Years 1 – 2: SAR 12,331,513 p.a. (11th March 2023 – 10th March 2025)</li> <li>Years 3 - 5: SAR 13,194,719 p.a. (11th March 2025 – 10th March 2028)</li> </ul> After the first two years of the lease there is an escalation of 7%. The current passing is SAR 12,331,513 pa.
Rent Payment Schedule	Quarterly in advance.
Lease Renewal Provision	N/A
Type of Lease	Triple Net

Source: Client

- As of the date of valuation the gross current passing rent is SAR 12,331,513 pa. This is due to
  escalate by 7% in the third year. There are no associated costs or service charge for the duration
  of the master lease as this is a triple net lease.
- The Property has a weighted average unexpired lease term (WAULT) of 4.2 years.

## **Tenure, Planning and Zoning**

Please see a summary of the Property Tenure:

Table 3: Summary of Tenure

Title Deed Details	
Title Deed No.	430203012523
Plot No(s).	40-41-42 block 5/2
Owner	Privileged Warehouse company 2
Tenure	Freehold - Mortgaged to Al Rajhi Bank
Title Deed Date	Hijri and Gregorian Date: 1441/04/14 (12/12/2019)
Land Size (sq m)	5,464

Source: Client

We have been provided with the following building permits for the Property, which we summarise below:

Table 4: Summary of Building Permit

Building Permit Details	
Permit Number	428/10461
Permit Date	08/08/1432 (10/07/2011)
Zoning	Commercial – Office Spaces & Retail
Civil Defence Permit	Not stated
	Basement parking: 11,000 sq m
	Ground Floor: Retail, Services & Mezzanine: 4,111 sq m
Building Specifications	First & Second Floor: 2,937 sq m
3 3 4 4 4 4 4	Floors 3-8: 14,812.7 sq m
	Floor 9: 400 sq m
	·

Source: Client

We have been provided with a building completion certificate dated 24/09/1433, which confirms that the building has been constructed in line with the use described in the building permit.

## **Market Comparables**

Table 5: Retail Comparables

Address	Status	Floor Area (sq. m)	Rent pa (per sq. m.)	Comments/Comparison			
Showroom, Prince Faisal Bin Fahd Road	Asking	100	1,500	<ul> <li>The comparable is located in close proximity to the subject property. We have made adjustments for location and quantum. We have factored in a further premium to account for the refurbishment updates.</li> </ul>			
Showroom, Al Khobar Mall	Asking	155	1,161	Our subject property and the comparable have the same attributes, albeit we consider the subject site to have better access and as such we have factored in a premium and we			

Address	Status	Floor Area (sq. m)	Rent pa (per sq. m.)	Comments/Comparison
				have made adjustment for quantum.  We have factored in a further premium to account for the refurbishment updates.
Showroom, King Salman Road	Asking	140	929	The subject site has a better location and as such a premium was taken into account and we have made adjustments for quantum. In terms of accessibility, we have applied a premium. We have factored in a further premium to account for the refurbishment updates.
Showroom, King Salman Road	Asking	135	1,407	The subject site has a more desirable location than the comparable, therefore we applied a premium and we have made adjustments for quantum. We have factored in a further premium to account for the refurbishment updates.

Source: Knight Frank Research

- Regarding the office space in the Property, we have been provided with a tenancy schedule from December 2022 showing lettings within the last 6 months in the Property (exclusive of service charge):
- We have also had regard to wider market to form our opinion of market rent:

Table 7: Grade B Office Comparables from the Market

Address	Status	Floor Area (sq. m)	Rent pa (per sq. m.)	Comments/Comparison
Prince Turki Road	Asking	103	550	Our subject property and the comparable have the same attributes, albeit we consider the subject site to have better access and as such we have factored in a premium. We have factored in a further premium to account for the refurbishment updates.
Prince Turki Road	Asking	151	692	The subject site has a better location and as such a premium was taken into account. In terms of accessibility, we have applied a premium. We have factored in a further premium to account for the refurbishment updates.
King Salman Road	Asking	138	760	Our subject property and the comparable have the same attributes, albeit we consider the subject site to have better access and as such we have factored in a premium. We have factored in a further premium to account

Address	Status	Floor Area (sq. m)	Rent pa (per sq. m.)	Comments/Comparison
				for the refurbishment updates. We have factored in a further premium to account for the refurbishment updates.
King Salman Roa	d Asking	214	550	The comparable is located in close proximity to the subject property and so we have not made any adjustments for location and access. We have factored in a further premium to account for the refurbishment updates.

Source: Knight Frank Research

#### **Market Rent rationale**

- In forming our opinion of market rent we have made adjustments to our estimated rental value (ERV) based on key drivers of value, such as location, access, specification and quantum.
- To account for the negotiation between the landlord and tenant, we have applied a discount to all of the asking comparables which are quoted as asking prices.
- In arriving at our opinion of Market Rent for the office units, we relied on the market comparables
  as there were no recent lettings in the schedule provided. We have applied a blended rate of 628
  per sq m across the offices space.
- We are of the opinion that the Market Rent equates to a blended rate of SAR 784 per sq m for the offices and retail across the gross leasable area.

## **Valuation Assumptions & Rationale**

Table 6: Valuation Assumptions

Item	Assumption
Capitalization Rate	• 8.75%
Discount Rate	• 11.25%
ERV at 100% Occupancy	• SAR 16,052,683 pa
Stabilised Occupancy	• 90%
Growth Rate	• 2.50%

Source: Knight Frank

- Given that this is an income producing asset we have valued the property using a discounted cashflow, over a holding period of 10 years, capitalising the year 11 NOI with our designated capitalisation rate.
- Upon expiry of the masterlease, we have taken the view that 50% of the sublessors will vacate the
  property at the same time, given that no sublease is permitted to extend beyond the period of the
  masterlease. We have assumed that the remaining 50% of tenants will renew their leases at
  market rent.
- We have then factored in an absorption period stabilising the occupancy at 90%.
- Upon masterlease expiry we have accounted for OpEx at an annual rate of SAR 110 per sq m and a service charge of 10% of tenant revenue (similar to the payments made by the current sublessees).

- We used a discount rate of 11.25% which we feel best represents investor sentiment and the risk profile of the subject property.
- We are of the opinion that the Fair Value would be based off capitalisation rate(s) of 8.75%.

#### Costs

- Given that the current tenant has leased the Property on a Triple Net basis, we have not assumed
  any operating costs for the duration of the lease. However, upon lease expiry we have assumed
  an OpEx annual cost of SAR 110 per sq m across the GLA provided to us by the Client. We have
  assumed no CapEx cost upon lease expiry as the tenant is obliged to maintain the Property and
  return it in the condition presented to it.
- We have however factored in the costs of the Landlords refurbishment initiative. The Client has
  informed us that the budget for these costs is SAR 1,960,000 and that 45% of the works are
  complete as of the date of valuation. We have therefore factored in a cost of circa SAR 1,060,000
  to complete these works.

#### **Fair Value**

• We are of the opinion that the Fair Value of the freehold interest in the property, subject to the caveats and assumptions stated herein, at the valuation date is:

SAR 139,100,000

(One Hundred and Thirty-Nine Million, One Hundred Thousand Saudi Arabian Riyals)

# **SWOT** analysis

Table 1: SWOT Analysis

,				
Strengths	Weaknesses			
<ul> <li>The warehouse benefits from the presence of industrial facilities and well-developed infrastructure in its surrounding area, which greatly supports its operational activities.</li> <li>The warehouses are strategically located, providing convenient access to transportation networks and major distribution centers.</li> </ul>	<ul> <li>The warehouses may have limitations in terms of accommodating specialized storage requirements or unique customer demands.</li> <li>As the warehouses age, there might be a need for regular maintenance and repairs to ensure their optimal functioning.</li> <li>This is a large asset and as such the pool of potential investors may be limited.</li> </ul>			

 The property has a fairly good WAULT length of 4.2 years remaining upon which we expect an upwards reversion to market rent.

#### **Opportunities**

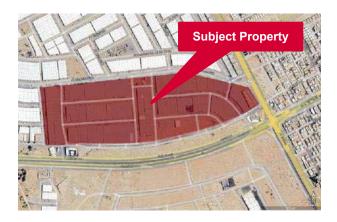

- The growing demand for warehouse and storage facilities creates favorable opportunities for expansion and attracting a wider range of clients.
- In general, demand for industrial space is witnessing strong demand and in Riyadh, lease rates have increased around 20% over the last 12 months as of the end of Q3 2023. As such, there is the opportunity for upwards reversionary movement at the expiry of the master lease.

#### Threats

 The presence of other warehouse providers in the area may pose a challenge in terms of attracting and retaining clients.

#### Location / Situation

Source: Google Earth / Knight Frank

- The subject property, known as Al Louloua Warehouses, is situated in Al Masani district within Riyadh, Kingdom of Saudi Arabia.
- Al Louloua Warehouses benefits from two main road frontages which are Arafat Road and Al Hair Road. The subject property surrounding area consists of industrial warehouses.
- The Riyadh Dry Port is located approximately 13.2 km north east of the property, while King Khalid International Airport is situated around 53 km to the north.

## **Description**

- The subject property comprises 119 warehouses with different sizes, 74 residential units featuring one-bedroom layouts, and 18 retail stores with frontage along Al Hair Road.
- The construction quality of the subject property is basic and may benefit from further improvements to meet the latest standards and regulations set for newly constructed warehouses.
- The subject property covers a land area of 94,904.60 sq m, and the GLA of the Property amounts to 79,010 sq m as per information provided by the Client.

#### **External facilities**

The warehouses provide ample parking facilities, with a total of 236 parking spaces and 119 loading bays available. This equates to one loading bay per warehouse, ensuring convenient access for loading and unloading operations.

## **Tenancy Overview**

- We have been provided with lease information which shows that the Property is single let to (Rawaj Real Estate Company) under a triple net lease. This represents full occupancy of the Property.
- Below, we present the key lease information:

Table 2: Lease Overview

	Louloua Warehouses, Al Masani district, Riyadh
Lease Start Date	06/03/2023
Tenant	Rawaj Real Estate Company
Term	Five (5) Gregorian years
Property Leased	The property, known as 'Al Louloua Warehouses,' is located in Al Masani. It comprises a logistics compound that includes a diverse range of warehouses with varying areas. Additionally, the property features residential units and retail stores.
Rental Contract Details	The whole Property is let on a master lease. The rental terms are as follows:  • Years 1 – 5: SAR 13,616,639 p.a.  We have noted that there is no escalation in the lease agreement.
Rent Payment Schedule	Quarterly.
Lease Renewal Provision	N/A
Type of Lease	Triple Net

Source: Client

- As of the date of valuation the gross current passing rent is SAR 13,616,639. There are no associated costs or service charge for the duration of the master lease as this is a triple net lease.
- The Property has a weighted average unexpired lease term (WAULT) of 4.2 years.

#### **Market Rent rationale**

- In forming our opinion of market rent we have made adjustments to our estimated rental value (ERV) based on key drivers of value, such as location, access, specification and quantum.
- In forming our opinion of market rent we have relied mainly upon market comparables, however we have also put weight on lettings on the subject property. Although these lettings are dated, they reflect the unique size and condition of the units on this property. It its therefore prudent to take them into account, albeit relying mainly on recent market evidence.
- To account for the negotiation between the landlord and tenant, we have applied a discount to all
  of the asking comparables which are quoted as asking prices.
- We have determined a base rental rate for all the warehouses and made adjustments based on their sizes to calculate a rate per sq m for each warehouse.
- We have taken into consideration a company discount for the residential units and applied it through our adjustments.
- We are of the opinion that the Market Rent equates to a blended rate of SAR 196 per sq m on the GLA.

## **Valuation Assumptions & Rationale**

Table 10: Valuation Assumptions

ltem	Assumption
Capitalization Rate	• 8.25%
Discount Rate	• 10.75%
ERV at 100% Occupancy	• SAR 14,016,458 p.a.
Stabilised Occupancy	• 92.50%
Growth Rate	• 2.50%

Source: Knight Frank

- As this is an incoming producing asset we have modelled this Property on a discounted cashflow basis over a holding period of 10 years, capitalising our year 11 NOI with our designated capitalisation rate.
- Upon expiry of the master lease we have assumed that 50% of the subtenants will vacate and 50% will renew at market rent. We have then factored in an absorption period culminating in a stabilised occupancy of 92.50%.

#### Costs

We have not been provided with any costs by the Client as the tenant is on a Triple Net Lease, we have not factored any costs into our valuation for the duration of the master lease. Upon lease expiry we have a assumed an OpEx cost of approximately SAR 15 per sq m pa upon the GLA.

#### Fair Value

We are of the opinion that the Fair Value of the freehold interest in the property, subject to the caveats and assumptions stated herein, at the valuation date is:

SAR 140,400,000

(One Hundred and Forty Million, Four Hundred Thousand Saudi Arabian Riyals)

Current Passing Rent:	SAR 4,250,400	Annual OpEx SAR per sq m:	SAR 10 (on void only)

# **SWOT** analysis

Table 1: SWOT Analysis

Stre	engths	Weaknesses
•	The presence of industrial facilities and infrastructure in the surrounding area supports the operations of the warehouse.  It is located in Industrial Gate City, a premium industrial park.	<ul> <li>Industrial areas may have limited access to amenities such as retail stores or restaurants, which may impact the convenience of employees or visitors.</li> <li>The Property will likely only appeal to food</li> </ul>
•	The Property is a unique mix of dry warehouse and cold storage, office space and contains 22 loading doors. It is therefore the perfect product for food distributors.	distributors, given its specification. Therefore, the tenant base is niche.

## Lulu Central Warehouse, Misfaah District, Riyadh

#### Opportunities

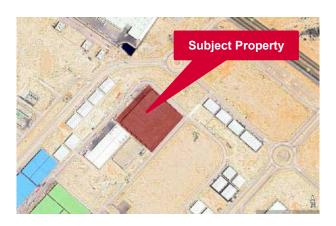

- The increasing demand for warehouse and storage facilities presents opportunities for expansion and attracting new clients.
- Demand or industrial space is high in Riyadh, therefore there is the opportunity to for rental reversion to higher market rent at the lease expiry.

#### Threats

- The presence of other warehouses or industrial gates in the area may result in intense competition for clients and market share.
- It is single let and therefore the security of income is solely dependent on one tenant.

#### Location

Source: Google Earth / Knight Frank Research

- The subject property, known as Lulu Central Warehouse, is situated in the Industrial Gate City industrial park within Riyadh, Kingdom of Saudi Arabia.
- Lulu Central Warehouse benefits from close proximity to Al Kharj Road. The property has three frontages and the surrounding area consists of warehouses.
- It sits in a largely industrial area within Riyadh, with Kaden Logistics park approximately 2km to its east.
- The Riyadh Dry Port is located approximately 29.4 km north of the property, while King Khalid International Airport is situated around 65 km to the north.

### **Description**

- The construction of the subject property demonstrates a high standard of quality, compared to other warehouses.
- The warehouse is mainly a mix of dry storage areas, cold storage areas and office areas. It includes five freezers, five chillers, and a food preparation area.
- The subject property covers a land area of 23,716.29 sq m, and the BUA of the building amounts to amounts to 16,500 sq m as per information provided by the Client.

#### **External facilities**

 Parking and Loading Facilities: The warehouse provides ample parking with a total of 20 parking spaces and 22 loading bays.

Lulu Central Warehouse, Misfaah District, Riyadh

# **Tenancy Overview**

- We have been provided with lease information which shows that the Property is single let to (Lulu Saudi Hypermarkets LLC) under a triple net lease. This represents full occupancy of the Property.
- Below, we present the key lease information:

Table 2: Lease Overview

	Lulu Central Warehouse, Misfaah District, Riyadh					
Lease Start Date	Start Date 16/12/2016 (rental payments started on 15/04/2017)					
Tenant	Lulu Saudi Hypermarkets LLC (Guaranteed by EMKE Group LLC)					
Term	Fifteen (15) Gregorian years with initial rent free period of 6 months, whereupon the rental payments start.					
Property Leased	The subject property, known as 'Lulu Central Warehouse,' and the accompanying land plots, are situated in the Industrial Gate City, specifically in the Al Misfaah district. The subject property consists of six title deeds and one building permit. It encompasses various areas, including storage, a food preparation area, five chillers, and five freezers.					
Rental Contract Details	The whole Property is let on a masterlease. The rental terms are as follows:  • Years 1 – 5: SAR 3,795,000 p.a. (15th April 2017 – 14th April 2022)  • Years 5 – 10: SAR 4,250,400 p.a. (15th April 2022 – 14th April 2027)  • Years 10 – 15: SAR 4,760,415 p.a. (15th April 2027 – 14th April 2032)  Every five years the lease escalates by circa. 12%. The current passing is: SAR 4,250,400 pa.					
Rent Payment Schedule	Semi-annually in advance.					
Lease Renewal Provision  "If the tenant decides to exercise its option to renew this lease the tenant shall give not less that months prior notice to the landlord and, in the event such option is exercised the lease term shall extended by a further 5 years."						
Type of Lease						

Source: Client

- As of the date of valuation date the gross current passing rents is SAR 4,250,400. There are no associated costs or service charge for the duration of the master lease as this is a triple net lease.
- The Property has a weighted average unexpired lease term (WAULT) of 8.3 years.

## **Tenure, Planning and Zoning**

Please see a summary of the Property Tenure:

Source: Client

We have been provided with the following building permits for the Property, which we summarise below:

Table 4: Summary of Building Permit

Lulu Central Warehouse, Misfaah District, Riyadh					
Permit Number 2/1/84					
Permit Date	1437/01/08 (21/10/2015)				
Zoning	Industrial				
Civil Defence Permit	Not stated				
Building Specifications	Ground Floor: Commercial (16,500 sq m)				

Source: Client

We have not been provided with a building completion certificate, although we have been provided the operating license dated 11/1/1438 from Saudi Industrial Property Authority (MODON).

## **Market Comparables**

Table 5: Industrial Comparables

Address	Transaction (Date)	Floor Area (sq. m)	Rent SAR pa (per sq. m.)	Comments/Comparison
Industrial Gate City	Asking	5,074	170	<ul> <li>The subject property has superior access compared to the comparable, as such a premium was applied.</li> </ul>

Address	Transaction (Date)	Floor Area (sq. m)	Rent SAR pa (per sq. m.)	Comments/Comparison
Industrial Gate City	Asking	2,400	250	<ul> <li>Our subject property has a more desirable location and superior access compared to the comparable.</li> <li>Our subject property has more convenient access, hence a premium was applied.</li> </ul>
Al Mishael Disrtict	Asking	1,500	250	<ul> <li>The comparable is better located than the subject property and we have applied a discount. We have applied a premium to the subject property for access.</li> </ul>
Al Mishael Disrtict	Asking	5,782	240	<ul> <li>Our subject property is located in an inferior location than the comparable, therefore a discount was applied.</li> <li>The subject property has better access than the comparable, therefore a premium was applied.</li> </ul>
Al Mishael Disrtict	Asking	2,592	240	<ul> <li>Our subject property is located in a less desired area than the comparable, therefore a discount was applied.</li> <li>The subject property has better access than the comparable, therefore a premium was applied.</li> </ul>

Source: Knight Frank Research

#### **Market Rent rationale**

- In forming our opinion of market rent we have made adjustments to our estimated rental value (ERV) based on key drivers of value, such as location, access, specification and quantum.
- To account for the negotiation between the landlord and tenant, we have applied a discount to all of the asking comparables which are quoted as asking prices.
- We have assumed that upon expiry of the lease, the tenant vacates and the Property incurs a void period of 3 months, before re-letting on a 5 year term, we have then assumed that the Property is let in its entirety as opposed to subdivided into smaller units. Our reasoning here is that the various components of the Property complement each other, and the Property is likely to be occupied in its entirety by a food distributor.
- We are of the opinion that the Market Rent equates to a blended rate of SAR 200 per sq m on the land area.

### **Valuation Assumptions & Rationale**

Table 6: Valuation Assumptions

Item	Assumption
Capitalization Rate	• 7.50%
Discount Rate	• 10.00%
ERV at 100% Occupancy	• 100%
Stabilised Occupancy	• 100%
Growth Rate	• 2.50%

Source: Knight Frank

- Given that this is an income producing asset we have valued this via the income method using a
  discounted cashflow over 10 year holding period, capitalising our year 11 NOI with the designated
  capitalisation rate.
- Whilst we have not been provided with the financials of the tenant, we have not been informed of
  any default to date as such assume it is of a strong covenant especially as the tenant is guaranteed
  by EMKE Group LLC.
- We have also taken into consideration the remaining lease term of 8.3 years with escalations due in 2027.
- We have adopted a discount rate of 10.00% which we feel represents the current risk appetite for investors, regarding such a Property.
- We are of the opinion that the Fair Value would be based off a capitalisation rate of 7.50%.

#### Costs

We have not been provided with any costs by the Client as the tenant is on a Triple Net Lease, we
have not factored any costs into our valuation for the duration of the lease. Upon lease expiry we
have a assumed an OpEx costs of SAR 10 per sq m pa upon the GLA during the void period
(lasting 3 months). Once the Property is re-let we have assumed it will be on another Triple Net
Lease, with no further costs incurred by the landlord.

#### **Fair Value**

• We are of the opinion that the Fair Value of the freehold interest in the property, subject to the caveats and assumptions stated herein, at the valuation date is:

SAR 57,700,000

(Fifty Seven Million, Seven Hundred Thousand Saudi Arabian Riyals)

# **SWOT Analysis**

Table 1: SWOT Analysis

Stre	engths	Weaknesses			
•	The subject property has a prime location in Al Khuzama district, sitting approximately 7.6 km from Prince Sattam bin Abdulaziz University, while Al Kharj Tower is situated around 6 km to the northeast and Benefits from good access on King Abdullah Road.  It has considerable surface parking space which adds convenience for visitors.	The building's architecture and interior design may appear dated, potentially affecting its overall appeal and competitiveness in the market.			

Opportunities	Threats			
<ul> <li>Investing in renovation and modernization</li></ul>	<ul> <li>The retail market may be highly competitive, with</li></ul>			
initiatives can enhance the building's aesthetics,	other plazas offering similar amenities and			
functionality, and competitiveness, attracting new	attractive locations, posing a challenge to attract			
tenants and customers.	and retain tenants.			

#### **Location / Situation**

Source: Google Earth / Knight Frank

- The subject property, known as Oasis Mall, is situated in the Al Khuzama district within Al Kharj, Kingdom of Saudi Arabia.
- Oasis Mall benefits from direct access via King Abdullah Road. The Property has three frontages and the surrounding area consists of both residential and commercial uses.
- Prince Sattam bin Abdulaziz University is located approximately 7.6 km to the north of the property,
   while Al Kharj Tower is situated around 6 km to the northeast.

## **Description**

- The construction quality of the subject property appears to be of an average standard.
- The subject property is comprised of a G+ 1 retail mall constructed on a 16,719 sq m land plot and a drive thru retail unit which also sits on the land.
- The subject property covers a land area of 16,719 sq m, with a building permit specifying a builtup area of 17,060.92 sq m. The Client has provided us with a breakdown of the Property which provides a total gross leasable area, which amounts to 17,814 sq m (the mall GLA is 17,434 sq m and the retail drive-through measures a GLA of 380 sq m).
- Once the common areas and food court seating is deducted, we are left with a net leasable area of 13,314 sq m across the whole Property (mall and drive thru).
- We have relied on the tenancy schedule breakdowns provided by the Client as opposed to the building permits, as instructed by the Client. We have not been instructed to measure the Property and would recommend this area is verified by specialists. If we become aware of new areas, we reserve the right to amend our valuation.

## **Tenancy Overview**

- We have been provided with two lease agreements which shows that the Property is let on two leases.
- The major lease is to Landmark Arabia Ltd. This is a master lease covering the entirety of the mall.
- The second lease is to Herfy Food Services Company covering a standalone drive through structure standing separately to the mall.

Table 2: Landmark Arabia Itd Lease Overview

Oasis Mall, Al Khuzama, Al Kharj					
28/05/2015					
Qetaf Real Estate Development and Investments					
Privileged Warehouse Company 2, We have received a letter stating that the lease has been transferred from Qetaf Real Estate Development and Investments to Privileged Warehouse company 2.					
Landmark Arabia Ltd.					
Eighteen (18) Gregorian years with a binding Period of 10 years from 28/05/2015 till 27/05/2025 and a further optional period, with a lessee renewal option only of 8 years from 28/5/2025 until 27/05/2033.					
The mall is let on a master lease. The rental terms are as follows:  • Years 1 – 5: SAR 6,800,000 per annum (28th May 2015 - 27th May 2020)  • Years 6 - 10: SAR 7,820,000 per annum (28th May 2020 - 27th May 2025)  • Year 11 – 18: SAR 9,350,000 per annum. (28th May 2025 - 27th May 2033)					
Bi-annually in advance.					
Lessee option only to renew at expiry of binding term.					
Lessee bares all operating expenses including government taxes and fee and insurance of the internal area/shops/FF in addition to day-to-day maintenance.  Lessor bares all the cost of building insurance and structural maintenance.

Table 7: Drive Through Comparable

Address	Status	Floor Area (sq. m)	Rent pa (per sq. m.)	Comments / Comparison
North of Riyadh	Asking	96	2,604	The comparable is in the north of Riyadh and it has a more desirable location than the subject site, therefore we applied a discount and we have made adjustments for quantum. In terms of accessibility, we have applied a premium.

Address	Status	Floor Area (sq. m)	Rent pa (per sq. m.)	Comments / Comparison
North of Riyadh	Asking	265	943	The comparable has a better location and as such a discount was taken into account. In terms of accessibility, we have applied premium.
North of Riyadh	Asking	300	1,333	The comparable has a better location and as such a discount was taken into account. In terms of accessibility, we have applied premium.
North of Riyadh	Asking	224	1,786	This comparable has a superior location compared to the subject site, therefore a discount was applied, and we have made adjustments for quantum. In terms of accessibility, we have applied premium.
North of Riyadh	Asking	201	1,418	The comparable has a better location and as such a discount was taken into account and we have made adjustments for quantum. In terms of accessibility, we have applied premium.
South of Riyadh	Asking	157	2,102	The comparable is in the south of Riyadh and it has a more desirable location than the subject site, therefore we applied a discount and we have made adjustments for quantum. In terms of accessibility, we have applied premium.

Source: Knight Frank Research

#### **Market Rent rationale**

- In forming our opinion of market rent we have made adjustments to our estimated rental value (ERV) based on key drivers of value, such as location, access, specification and quantum.
- To account for the negotiation between the landlord and tenant, we have applied a discount to all of the asking comparables which are quoted as asking prices.
- We are of the opinion that the Market Rent equates to a blended rate of SAR 734 per sq m for the retail across the net leasable area of the Property. This can be broken down as SAR 1,370 per sq m on the drive thru unit and the SAR 715 per sq m on the mall.

## **Valuation Assumptions & Rationale**

Table 8: Valuation Assumptions

Item	Assumption
Capitalization Rate	• 9.00%
Discount Rate	• 11.00%
ERV at 100% Occupancy	• SAR 9,778,084 pa
Stabilised Occupancy	• 90%
Growth Rate	• 2.50%

Source: Knight Frank

- Given that this is an income producing asset we have valued the property using a discounted cashflow, over a holding period of 10 years, capitalising the year 11 NOI with our designated capitalisation rate.
- Upon expiry of the master lease, we have taken the view that 30% of the sublessors will vacate
  the property at the same time, given that no sublease is permitted to extend beyond the period of
  the master lease. We have assumed that the remaining 70% of tenants will renew their leases at
  market rent.
- We have then factored in an absorption period stabilising the occupancy at 90%.
- We used a discount rate of 11.50% which we feel best represents investor sentiment and the risk profile of the subject property.
- We are of the opinion that the Market Value would be based off capitalisation rate of 9.00%.

#### Costs

- For the duration of the master lease we have assumed that the minimal operational costs to be borne by the landlord (insurance and structural repairs, should they occur) are captured in the discount rate.
- However, upon expiry of the master lease on the mall we have assumed that an Opex cost of SAR 90 per sq m across the GLA of the mall will be incurred. However given that this is a mall, we would also assume that the landlord receives service charge, which we have factored in as SAR 100 per sq m of occupied space.

## Fair Value conclusions

• We are of the opinion that the Fair Value of the freehold interest in the property, subject to the caveats and assumptions stated herein, at the valuation date is:

SAR 99,000,000

(Ninety Nine Million Saudi Arabian Riyals)

# **SWOT** analysis

Table 1: SWOT Analysis

#### Weaknesses Strengths Government leases offer a consistent and secure Market demand is more favourable for Grade A income stream, providing relative security for the office space. This property is Grade B and as landlord. such it may witness weaker tenant demand in the The property's location on a main road enhances future as more Grade A stock is built into the market. visibility, accessibility, and prestige, attracting potential tenants and increasing market value. The property is 100% with income secured by a strong covenant.

## Opportunities

- A prime location and long-term government lease can lead to property value appreciation over time, providing opportunities for favourable returns.
- Given that the tenant has paid for the fit prior to the lease commencing and that it is a government entity, we would consider it highly likely that they will renew their lease on a similar term after the initial expiry.
- We consider it highly likely that the tenant will renew their lease given the fit out works they conducted at the beginning of their three-year term

## Threats

The 3-year lease term may be perceived as a weakness for investors seeking greater long-term stability. Despite this, we would consider it highly likely that the lease term will be renewed.

## Location / Situation

Source: Google Earth / Knight Frank

- The subject property, known as Al Henaki Business Center, is situated in the Al Nahda district within Jeddah, Kingdom of Saudi Arabia.
- The Property benefits from direct access via Al Prince Sultan Road. The property has Four frontages and the surrounding area consists of both residential and commercial uses.
- King Abdulaziz International Airport is located approximately 19 km north of the property, while Jeddah Waterfront is situated around 10 km to the east.

## **Description**

- The construction quality of the subject property is of good standard compared to business centers or office buildings. Additionally, the subject property benefits from having Ministry of Justice as a tenant until 2025 which adds significant value in terms of income security.
- The subject property consists of 16 retail units, and 176 office units, comprising a total of 192 units as per the building permit. However we are aware that the entire Property is being used as a court house and as such the retail space is being used as courtrooms, waiting room and back office functions.

- The building consists of seven floors (basement, mezzanine, 2,3,4,5 and roof).
- The subject property covers a land area of 19,410.51 sq m, with a building permit specifying a built-up area of 56,624 sq m.

#### **External facilities**

Surface parking in front and in a basement leading to a total of 645 parking as per the building permit.

## **Tenancy Overview**

- We have been provided with lease information which shows that the Property is single let to (Ministry of Justice). This represents full occupancy of the Property.
- Below, we present the key lease information:

Table 2: Lease Overview

	Al Henaki Business Center, Al Nahda, Jeddah
Lease Start Date	27/09/2022
Tenant	Ministry of Justice
Term	Three (3) Gregorian years
Property Leased	The subject property, known as Al Henaki Business Center,' and the accompanying land plots, are situated in Al Nahda district. The subject property consists of ten title deeds and one building permit. It encompasses various areas, including retail and offices.
Rental Contract	The whole Property is let on a masterlease. The rental terms are as follows:
Details	• SAR 33,000,000 p.a (27/09/2022 – 27/09/2025)
Rent Payment Schedule	Annually in advance.
Lease Renewal Provision	The lease agreement allows for immediate renewal unless either party chooses otherwise. In accordance with the lease terms, the tenant has the option to renew the contract for the same duration after its expiration. If the tenant chooses to extend the contract for less than one year, the landlord reserves the right to increase the annual rent by less than 5.00%. Similarly, for extensions exceeding one year, the landlord may exercise the right to increase the annual rent by less than 10.00%.
	The lease agreement also stipulates that either party has the option to terminate the lease by providing written notice at least 180 days before the expiration of the current lease agreement.
Type of Lease	Triple Net

Al Zagzoog Business Center	Offices	13,091	1,000	93%

Source: Knight Frank Research

#### **Market Rent rationale**

- In forming our opinion of market rent, whilst we are aware that the master lease terms were signed over two years ago, we have assumed that the subject property provides the best evidence. This is because of the uniqueness of this building in the sense that it has been wholly let to a government entity to serve the purpose of a courthouse function after being refurbished by the tenant itself to serve this function. There are very limited properties of this nature in the wider market and we feel that the current lease terms would be most accurate in capturing the appropriate lease rates, despite the timings of the lease rate was agreed.
- The current lease has been agreed for a duration of 3 years equalling a rate of SAR 583 per square meter per annum and as explained in the point above, we view this to be in line with the market.
- We are aware that the property contains retail units; however, as it is under a master lease and the retail units have been refurbished as waiting areas and courts, our benchmarking was focused on offices as this is now mostly in line with its existing use.
- When comparing the benchmarked rates above with the current rent passing, we see that the subject property rent is at the lower range, however we would expect this to be the case given that the quoting rents represent a rate for individual units as opposed to the entire building. Therefore we would expect to see a lower rate across the subject property as a whole I comparison to the quoting headline rates above as it takes into account the quantum.

## **Valuation Assumptions & Rationale**

Table 6: Valuation Assumptions

Item	Assumption
Capitalization Rate	• 7.75%
Discount Rate	• 10.25%
ERV at 100% Occupancy	• SAR 33,000,000
Stabilised Occupancy	• 100%
Growth Rate	• 2.50%

Source: Knight Frank

As this is an incoming producing asset, we have modelled this Property on a discounted cashflow basis over a holding period of 10 years, capitalising our year 11 NOI with our designated capitalisation rate.

- Based on our understanding and the current lease terms, we have taken into consideration the following:
  - The current lease term is for 3 years, reflecting the tenant's preference of building use.
  - We anticipate that the tenant will renew the lease for a period of 5 years (given the recent regulations allowing government entities to take leases for a period of 5 years as opposed to three years). We have taken this view, because it seems unlikely that a government tenant would vacate after just three years having conducted the entire refurbishment and repurposing to courthouses at their own expense. Within the renewal term we assumed an escalation 10% between years 1 to 3 and an additional escalation of 5% for years 4 to 5. The current lease stipulates that any renewal for longer than 3 years would incur a 10% escalation if renewed for longer than 1 year.
  - Following the expiration of the second renewal, we have factored in a 3-month void period upon which we would assume this building to re-leased for a term of 5 years. Given this buildings adaption to government usage we would anticipate the new tenant would likely be a government entity seeking to the occupy the property in its entirety on similar lease terms.
- We have applied a 2.50% growth rate throughout the cashflow.
- We have adopted a discount rate of 10.25% which we feel represents the current risk appetite for investors, regarding such a Property.
- We are of the opinion that the Fair Value would be based off a capitalisation rate of 7.75%

#### Costs

We have not been provided with any costs by the Client. Given that the tenant is obligated to pay operating expenses, including the property management and periodic maintenance, whereas the landlord is only responsible for elevator maintenance contracts (which we assume to be minimal), we have not factored any costs into our valuation for the duration of the lease. Upon lease expiry we have a assumed an OpEx costs of SAR 36 per sq m pa upon the BUA during the void period (lasting 3 months). Once the Property is re-let we have assumed it will be on similar terms, with minimal costs incurred by the landlord.

## **Fair Value**

We are of the opinion that the Fair Value of the freehold interest in the property, subject to the caveats and assumptions stated herein, at the valuation date is:

SAR 454,300,000

(Four Hundred and Fifty-Four Million, Three Hundred Thousand Saudi Arabian Riyals)

# **SWOT** analysis

Table 1: SWOT Analysis

Strengths	Weaknesses			
<ul> <li>Benefits from good access on King Faisal Street.</li> <li>The subject property is fully leased to Lulu properties company under a Triple Net lease with a guarantee agreement with EMKE Group which serves to underwrite the income.</li> </ul>	<ul> <li>It is located far from the prime centre of Riyadh and must compete with another large mall such in the nearby vicinity: View Mall, 5.4km to its northeast.</li> <li>The city of Riyadh is experiencing significant expansion towards the North, resulting in a notable population shift to this area. This demographic movement is anticipated to impact the footfall of the</li> </ul>			

The subject site is fully leased under Triple Net Lease with 18 years left on the lease which is a 100% secured income.

mall. as the increasing population in the northern region of Riyadh is likely to influence consumer patterns and preferences.

### **Opportunities**

## The mall is attractive and well known to local tenants. The mall's attractiveness creates a favourable opportunity, indicating a high potential for achieving optimal occupancy.

# **Threats**

Other retail developments in the area, including newer malls may attract tenants and customers away from the subject property.

#### **Location / Situation**

Source: Google Earth / Knight Frank

- As can be seen from the map above, the subject property is located on King Faisl Street within the Al Moraba District of Riyadh City.
- The subject property benefits from a 36 metres frontage on King Faisl Street on its western boundary.
- The subject property is bordered by Prince Faisl Bin Turki street to the south, Al Imam Al Shaoukkani Street to the east.
- Ministry of Interior is approximately 1.2 km away and Faisaliah Tower is some 3.5 km to the north of the subject property.

## **Description**

- The subject property comprises a good quality and well-maintained shopping mall built over ground plus six upper floors, basement and mezzanine floor.
- The subject property covers a land area of 27,842.27 sq m, with a built-up area of 72,401 sq m. We have relied on this information based on supplement terms and conditions documents shared by the client.

#### **External facilities**

Parking and Loading Facilities: The subject property benefits from good accessibility through the King Faisl Road and has a total number of 533 parking bays. This information was obtained from supplement terms and conditions document shared by the client.

## **Tenancy Overview**

- We have been provided with lease information which shows that the Property is single let to Lulu Properties Company under a Triple Net lease. This represents full occupancy of the Property.
- Below, we present the key lease information:

Table 2: Lease Overview

Riyadh Avenue, Al Moraba, Riyadh	
Lease Start Date	26/12/2016 (as provided in the lease agreement)
Tenant	Lulu Properties Company
Guarantor	EMKE Group
Terms	Twenty-Five (25) Gregorian years
Property Leased	Riyadh Avenue
Rental Contract Details	The whole Property is let on a lease. The rental terms are as follows:  Years 1 – 2: SAR 34,000,000 (26 December 2016 – 25 December 2018)  Years 3 – 6: SAR 35,700,000 (26 December 2018– 25 December 2022)  Years 7 – 10: SAR 37,485,000 (26 December 2022– 25 December 2026)  Years 11 – 14: SAR 39,359,250 (26 December 2026– 25 December 2030)  Years 15 – 18: SAR 41,327,213 (26 December 2030– 25 December 2034)  Years 19 – 22: SAR 43,393,573 (26 December 2034– 25 December 2038)  Years 23 – 25: SAR 45,563,252 (26 December 2038– 25 December 2041)  The lease is escalated by 5% every 4 years.
Rent Payment Schedule	Quarterly in advance.
Lease Renewal Provision	The initial terms may be extended or renewed following the expiry of the initial term of such a period as the landlord requires.
Type of Lease	Triple Net

Source: Client

- As of the date of valuation date the gross current passing rents is SAR 37,485,000. There are no associated costs or service charge for the duration of the master lease as this is a triple net lease.
- The Property has a weighted average unexpired lease term (WAULT) of 18 years.

## Tenure, Planning and Zoning

Riyadh Gallery	Anchors	650
Riyadh Gallery	Generic Retail	2,500
Riyadh Gallery	F&B	3,000

Source: Knight Frank Research

#### **Market Rent**

- We have not been provided with any information regarding the total (GLA) of the mall. Nevertheless, we have been provided with the total (BUA) of the mall and have assumed that the total GLA constitutes 80% of the BUA, resulting in 57,921 sq m.
- The current existing passing rent stands at SAR 647 per sq m and we believe that this rate is in line with the market. The quoting rates in the provided comparables are higher and this will be partly on account of the fact that these quoting rents are for units within each mall and therefore

do not represent the rate per sq m across the whole Property if leased under one lease (in which quantum discounts would be factored in). Furthermore, the rent passing also represents the lease rate under a triple net lease where the majority of the risks are transferred to the tenant. As such we would expect to see a discount on rents under a Triple Net lease versus rents not under a Triple Net lease.

## **Valuation Assumptions & Rationale**

Table 9: Valuation Assumptions

ltem	Assumption				
Capitalisation Rate	• 7.50%				
Discount Rate	• 9.50%				
Curent Passing Rent at 100% Occupancy	<ul> <li>SAR 37,485,000 per annum</li> </ul>				
Stabilised Occupancy	• 100%				
Growth Rate	• 2.50%				

Source: Knight Frank

- Given that this is an income producing asset we have valued the property using a discounted cashflow, over a holding period of 10 years, capitalising the year 11 NOI with our designated capitalisation rate.
- We have not factored in annual OpEx on the GLA since the property is let on a Triple Net agreement.
- We used a discount rate of 9.50% which we feel best represents investor sentiment and the risk profile of the subject property.
- We are of the opinion that the Fair Value would be based off a capitalisation rate of 7.50%.

#### Costs

 We have not factored any costs into our valuation for the duration on the master lease as the Property is let on a Triple Net agreement and therefore any costs regarding the Property are borne by the tenant as stipulated in the lease.

## Fair Value

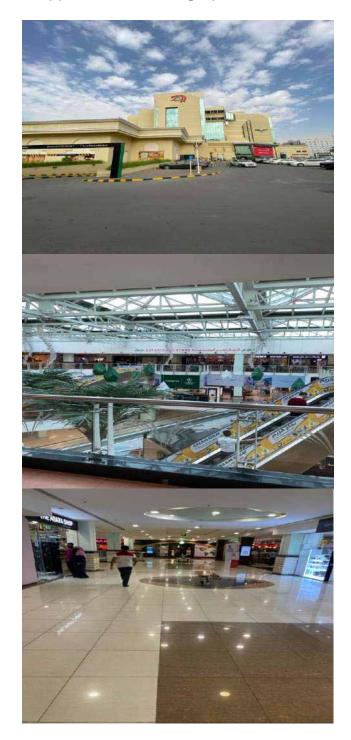

• We are of the opinion that the Fair Value of the freehold interest in the property, subject to the caveats and assumptions stated herein, at the valuation date is:

SAR 463,600,000

(Four Hundred and Sixty-Three Million, Six Hundred Thousand Saudi Arabian Riyals)
