## Independent auditor's review report on the interim condensed financial information

To the Unitholders and the Fund Manager of  
Al Rajhi Materials Sector Equity Fund  
(An open-ended mutual Fund)

### Introduction

We have reviewed the accompanying interim condensed statement of financial position of **Al Rajhi Materials Sector Equity Fund** (the "Fund") managed by Al Rajhi Capital Company (the "Fund Manager") as of June 30, 2025, and the related statement of comprehensive income, changes in net assets attributable to the unitholders and cashflows for the six-month period ended June 30, 2025, and explanatory notes. The Fund Manager is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this interim financial information based on our review.

### Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial information is not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

### Other Matter

The financial statements for the year ended 31 December 2024 and the interim financial information for the six-month period ended 30 June 2024 were audited and reviewed respectively by other auditors who expressed an unmodified opinion on those statements and an unmodified review conclusion on that information on 26 March 2025 (corresponding to 26 Ramadan 1446H) and 8 August 2024 (corresponding to 4 Safar 1446H), respectively.

### **2. BASIS OF PREPARATION**

#### **2.1 STATEMENT OF COMPLIANCE**

This interim condensed financial information is prepared in accordance with International Accounting Standard 34 'Interim Financial Reporting' ("IAS 34") as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA") and should be read in conjunction with the Fund's last annual financial statements for the year ended 31 December 2024. The results for the six-month period end 30 June 2025 are not necessarily indicative of the results that may be expected for the financial year ended 31 December 2025.

**2.3 FUNCTIONAL AND PRESENTATION CURRENCY**

This interim condensed financial information is presented in Saudi Arabian Riyal ("ﷲ"), which is also the functional currency of the Fund. All financial information presented has been rounded to the nearest ﷲ.

**2.4 USE OF JUDGEMENTS AND ESTIMATES**

The preparation of the interim condensed financial information requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

There are no significant estimates or judgements involved in the preparation of financial information, that might have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next accounting period. The Fund based its assumptions and estimates on parameters available when the interim condensed financial information was prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Fund. Such changes are reflected in the assumptions when they occur.

**2.5 GOING CONCERN**

The Fund Manager has assessed the Fund's ability to continue as a going concern and is satisfied that the Fund has the resources to continue in business for the foreseeable future. Furthermore, the Fund Manager is not aware of any material uncertainties that may cast significant doubt on the Fund's ability to continue as a going concern.

**10. FAIR VALUE MEASUREMENT**

The fair value for financial instruments traded in active markets is based on quoted market prices at the close of trading on the financial reporting date. Instruments for which no sales were reported on the valuation day are valued at the most recent bid price.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The carrying value less impairment provision of financial instruments carried at amortized cost are assumed to approximate their fair values.

The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly: and
- Level 3 inputs are unobservable inputs for the asset or liability.

The Fund values securities that are traded / reported on stock exchange at their last reported prices. To the extent that securities are actively traded and valuation adjustments are not applied, they are categorized in Level 1 of the fair value hierarchy. For reported NAV of non - traded open ended mutual funds they are categorized in Level 2 of the fair value hierarchy.

**Fair value hierarchy – Financial instruments measured at fair value**

The table below analyses financial instruments measured at fair value at the reporting date by the level in the fair value hierarchy into which the fair value measurement is categorized. The amounts are based on the values recognised in the interim condensed statement of financial position. All below fair value measurements are recurring.
